

STEBURMAN'S OINTMENT

St. John's, N.F.,
March 15th, 1914.
Mr. Steburman.
Dear Sir,—I have much pleasure in informing you that I am perfectly cured of my stomach trouble after having used two bottles of your medicine. I feel as well as ever. I was fifteen years suffering. Doctors said they could do me no good and told me I would never be cured. I gave up hopes of getting better till a friend advised me to try your medicine, and after using two bottles I am well.
You are free to make any use of this that you think proper. I feel that I am completely cured and I trust that other sufferers will find the blessing of health again by using your medicine.
Yours truly,
MRS. STACEY.

BELLEORAM NEWS NOTES

Contributions to Patriotic Fund—Correspondent Raps Postal Officials and Weight Inspector Hard

Belleoram, Dec. 8.—All the fishing schooners are home and settled away, and had fairly good trips on the whole.
We are well aware of the great European war that is seriously affecting the whole world, and we are glad to be able to do a little for the increase of the Patriotic Fund.
We heard that Belleoram contributed about \$190.00 (one hundred and ninety dollars) in socks and cash to the above mentioned fund.
We also heard that a concert is to take place to-morrow night in aid of the said fund.
The telegraph office gets more calls than it ever did at the counting of the ballots, but why is it that the telegraph office is locked between the hours of five and six in the evening.
The news comes generally about 5.45 p.m., and owing to the door being locked we have to wait several evenings till after tea, whereas, if the waiting room was left open till 6 p.m. we would get the news and delay the operator not one minute from her tea.
Supposing that any person went to send a message for a doctor, or any line of business, should they have to wait till after tea owing to the door being locked between five and six? If so, it is below any line of business. Who is to blame for this blunder? Is it the Government or the Superintendent—or is it the operator at Belleoram? We are all anxious to know.
We have very good digestive organs, but there is something else doing in Belleoram that we cannot possibly digest.—It is "the management of our weights and measures."
A schooner came here from Fortune in Fortune Bay and gave us produce by its weight: a barrel of turnips filling a sugar barrel, weighing 180 lbs.
Capt. Kearley came here with coals and gave us the full weight, according to inspection, but another schooner comes here from Stone's Cove with produce, and simply gives us our measure in a flour barrel.
Why is it that the Fortune schooner should give us a sugar barrel full of turnips when the schooner from Stone's Cove only gave us a flour barrel full?

PRESS BUREAU IS CONDEMNED

English Papers Strongly Criticise Bureau for Withholding Story of Damage to "Audacious"

London, Dec. 10.—The Morning Post publishes an editorial renewing its attack upon the British press censorship with particular reference to the secrecy enjoined on the British press regarding "a certain naval mishap, now nearly a month old," particulars of which have appeared in American and other papers.
"We should like to speak plainly on this subject," says the Post, "yet the Tower may await us if we do. The British press is, in fact, forbidden to mention a mishap to the British navy of which the press of the whole world is speaking. The German press have for some time been in full possession of the facts which they gathered from America and are gloating over them, not so much because they relate to a material loss, but because their suppression in Britain seems to them to offer evidence that the British nation is in a state of panic and is not to be trusted with the truth."
Universal Excitement.
"Thus, for example, the Kolnische Zeitung says: 'The British Government dares not communicate this serious loss to the nation because it feared universal excitement. A very low estimate is thus placed by its own Government on the nerves and character of the British people which gives one cause to think.' We are bound to say that for once we agree with a German newspaper. It does give one cause to think.
"There is involved a mishap of considerable material dimensions no doubt, but nothing to cause anything more than a national sigh of regret, and it is treated by the Government as if it were some appalling catastrophe so dark that merely to read about it would throw the nation into a state of frenzy. It is ridiculous, but it is also humiliating. We say plainly that it is an insult, not only to the British press, but to the British nation."
The Morning Post attributes the blame for the concealment to Mr. Churchill, and again demands that control of the Admiralty be left in the hands of experts.

Men and Matters At Salmon Cove

The Fourth Lecture Of the Course At King George The Fifth Institute Will be delivered by The Rev. Douglas Hemmeon, Pastor of Gower St. Church, IN THE GRENFELL HALL On Monday Evening Next, the 14th instant.

Salmon Cove, B.D.V., Dec. 9.—A lecture on the "Great War" was delivered by Rev. H. C. Suter at Salmon Cove and Perry's Cove on the 3rd and 17th ult. The lecture was well attended at both places.
The lecturer handled his subject in a masterly style and made it very plain to all present why Great Britain was at war, and the issues at stake.
The proceeds of the lecture went to the Patriotic Fund.
Mr. John Gear, of this place, a few days ago received a letter from his son, James, who is in training with the Second Canadian Contingent. He says he is enjoying the life but is working hard.
He volunteered from Cape Breton. On the 3rd inst. "Roseville Lodge," L.O.A., held its first annual meeting in their new hall here. The officers gave very encouraging reports of their work for the year just closed.
A fine hall worth fifteen hundred dollars (\$1500.00) was begun and completed during the early part of the year. Altogether the Orangemen of this place might well feel proud of their work.
The following officers were elected for the coming year:
Bro. S. A. Case, W.M.; Bro. Willis Parsons, D.M.; Bro. Amos Case, Rec- Secy.; Bro. George Case, Fin. Secy.; Bro. Leonard Kelloway, Treasurer; Bro. Edgar Case, Chaplain; Bro. M. Slade, 1st Lecturer; Bro. J. S. Rose, 2nd Lecturer; Bro. Geo. E. Penny, D. of C.
The annual Missionary Meeting was held here in the Methodist Church on the 8th inst. The speakers were Rev. H. C. Suter and Rev. E. Broughton; S. A. Case occupied the chair.
The collection was fully up to expectations.
King Edward VII. Lodge, L.O.A., held its annual meeting in their hall at Perry's Cove, the 7th inst.
The reports showed the Lodge to be in a flourishing condition.
The following officers were elected: Bro. H. Wareham, W.M.; Bro. J. E. Slade, D.M.; Bro. Walter Kelloway, Chaplain; Bro. Robt. Kelloway, Rec- Secy.; Bro. Eleazer King, Fin. Secy.; Bro. Hy. King, Treasurer; Bro. D. Slade, D. of C.; Bros. A. T. Budden and R. H. Slade, Lecturers.
Bro. S. A. Case, W.M. of Roseville Lodge, conducted the election. We wish King Edward VII. Lodge continued success.—Correspondent.

The Patriotic Association —of the— Women of Newfoundland

All who are interested are invited to see the second shipment ready for England, at the Government House on Saturday and Monday, between 2.30 and 5 p.m.—d12,2i

READ THIS! To The Fishermen:

"THE COAKER" Kerosene Motor Engine Is The Favorite!

A 6 H.P. "COAKER" ENGINE.

A Motor Engine made for The Union Trading Co. by the Largest Motor Engine Manufacturers in America is now available to the Fishermen.

The "Coaker" 4 Cycle Engine can be operated on half the oil consumed by a 2 Cycle Engine. This Engine's power is equal to double the power of some 2 Cycle Engines. It is made for Fishermen's use and expressly for Trap Skiffs and the large size Fishing Bullies. It is sold to Union Members at wholesale prices, all commission and middlemen's profits being cut out. We have contracted for the manufacture of 1000 of these Engines. We sell no engine but the "Coaker." We have them on exhibition at our wharf premises. We carry parts and fittings in stock. We will arrange reasonable terms of payment to meet the requirements of men unable to purchase for cash. WE GUARANTEE THE ENGINE. Write for particulars and terms, applying to Chairmen of F. P. U. Councils concerning this Engine. We confidently recommend the Engine as being of the very best make and material, of being exactly what is needed for the Fishermen's use and GUARANTEED TO GIVE SATISFACTION.

It is above all durable, simple and capable of doing heavy work; it is not a toy engine. The Engine starts on Gasolene, and when started, operates on Kerosene oil. The very latest improvements on Motor Engines will be found on the "Coaker." We have sold 200 of these Engines the past spring and all are giving splendid satisfaction. No other firm can sell you a similar engine. We possess the sole rights to sell this Engine in Newfoundland. The man who buys a "Coaker" Engine from us saves \$50 on a 6 H.P., \$80 on a 8 H.P. and \$40 on a 4 H.P. Engine.

We have the 4, 6, and 8 H.P. Engines on exhibition at our premises. We also sell 12, 16 and 24 H.P. "Coaker" Engines, all 4 Cycle make. We also sell 2 H.P. 2 Cycle Engines for small boats. This 2 H.P. Engine is fitted with a Kerosene adapter. No agents will be employed to sell these Engines. We will do our work through the Councils of the F. P. U. Send along your orders for Spring delivery. For full particulars, prices, etc., apply to

COAKER ENGINE CAN'T BE BEATEN SAYS FISHERMAN.

Mr. W. F. Coaker, M.H.A.
Dear Sir,—Just a few lines concerning the Coaker Engine that I purchased from the U. T. Co. this spring. I have used this engine all the summer without any trouble or difficulty; it really works like a clock.

We had our traps twelve miles from the schooner and that engine used to go there twice a day for a month, making its forty-eight miles a day back and forth, and used to tow another trap boat with her, which made a difference of about seven miles in forty-eight, so she actually ran fifty-five miles per day while at Belle Isle.

At Mugford's Harbor she averaged about thirty-five miles a day from the 14th of August to the 10th of September. I would not change this engine for any other six horse power engine on the market, either for speed or simplicity of operation. I passed motors this summer up to nine horse power. I haven't seen one to go with her this summer.

I advise all who want a good strong and reliable engine not to refuse the Coaker Engine, for she is certainly the best on the market.
ELIAS KEAN.
