MISSING GIRL

Puerto Rican Heiress Lost Since Oct. 18.

New York, Oct. 30.—In circumstances almost paralleling those in which Dorothy Arnold was lost to her relatives a year ago, Miss Consuelo Fajardo, 19 years old, a Puerto Rican heiress, has been missing from the Hotel Felix Portland here since Oct. 18th, when she walked out, telling persons whom she met that she was going to purchase a magazine.

Despite the inability of the police to obtain a trace of the girl, her father, a wealthy sugar magnate, believes that she is still in this city, and that she went away because of his objection to her friendship with a member of the diplomatic corps in San Domingo. So far as can be learned, however, she has not been seen or communicated with the man she desired to marry.

The police have been quietly searching for Miss Fajardo for a week past, but have obtained no clue to her whereabouts.

DOMINION W.C.T.U.

Mrs. Gordon Wright, of London, President.

The Women Will Demand the Franchise.

Sherbrooke, Que., report: At to-day's sessions of the Dominion W. C. T. U. convention the following officers were elected: President, Mrs. Gordon Wright, London; vice-president, Mrs. McKinney, Chesholm, Alberta; corresponding secretary, Mrs. Hattie Stevens, Toronto; recording secretary, Mrs. McLachlan, Montreal; treasurer, Mrs. Bullock, St. John; "Y" secretary, Miss Eleanor Smith, Windsor, N.S.; Loyal Temperance League secretary, Mrs. McLachlan, Hamilton (all re-elected).

The report of Mrs. Blanche Reed Johnson, editor of the S. S. Temperance Quarterly, was given; it was a story of advance. The report of the corresponding secretary, Mrs. Hattie Stevens, Toronto, showed that the past biennial term had seen the greatest advance in Dominion W. C. T. U. history, especially in membership, loyal temperance legions and medal contest work. The membership has reached 14,283, an increase of nearly 2,000 since the last convention. Every Province from Ontario to the Pacific Coast reports an increase. There are now 20 libraries under W. C. T. U. auspices; three homes, two shelters, two sailors' rest, Ontario and New Brunswick report sending three missionaries to the lumber camps, hundreds of comfort bags, and a large amount of literature.

A franchise conference led by Mrs. Bolton, North Bay, was held this afternoon. The greatest interest and enthusiasm prevailed. It was contended that women should have the franchise, because of the benefits that would come to the nation on temperance, an amoral reform lines, through the ballot in the hands of the women. After a lively discussion it was decided to inaugurate a campaign, and the following resolution was carried, moved by Mrs. Ender son, Quebec, and seconded by Mrs. Sparks, Kingston: "That each Province union begin an active campaign for women enfranchisement, demanding the ballot because women are citizens."

Mrs. Rutherford, Hon. President, of Toronto, having arrived, briefly addressed the convention, as did also Mrs. Roberts, of Montreal, secretary of the Dominion Alliance.

GAS EXPLOSION

Panic Created in Brooklyn Tenement House.

New York, Oct. 30.—An explosion of gas in a barber shop under a four-story tenement house on Powell street, Brooklyn, early to-day caused such a panic that for a time it was feared that several lives had been lost and many persons injured. When daylight came, however, the police mustered the frightened tenants and found that all were accounted for, and that only two had been badly hurt. These were Joseph Menken, who had been shot out of his window to the street below by the explosion, and Miss Annie Zaden, who jumped from a third-floor window. Both probably will recover.

The building caught fire and was practically destroyed. The police and firemen made a number of thrilling rescues. Several persons were slightly injured in the rush down the crowded fire escapes.

THE POOR JEWS

Many of Them Being Expelled From Russia.

Yuzovka, Russia, Oct. 30.—By an order of the governor, all Jews in the Province of Yekaterinoslav are subject to expulsion with the following exceptions: First, those living in the Province since May 16, 1882; second, artisans and others having permits of residence from the governor's chancery; third, those resident since Aug. 14, 1906, if an order of expulsion against them has already been set aside by the governor's chancery; and, fourth, those who have changed to rural residence between May 16, 1882, and Jan. 11, 1888. Many of those thus subject to expulsion are in a critical position, as the sudden expulsion prevents a liquidation of their affairs, and to avoid financial ruin some are adopting the Russian faith. Special officials will be sent through the Province to control the registration and all laxity in this matter will be punished by the dismissal of the guilty ones.

MAY QUIT JOB

Methodist Deaconesses at Toron o May Strike.

Superintendent Said to be Too Strict With Them.

Toronto report: A strike is threatened by the Methodist deaconesses residing in the new home at the corner of St. Clair avenue and Avenue Road. Some new regulations imposed by the superintendent, Miss McIlheny, are responsible for the dissatisfaction. The discontent has taken such decided form that the members of the Board of Governors have been up to see what is the matter, and it is understood that the intention now is to prevent the young ladies from leaving the building. Dr. S. P. Ross, a prominent member of the Board, who recently paid a visit to the scene of conflict, denied last night that a formal request had been made to have Miss McIlheny removed from her position, but the matter has been discussed by the board, and the deaconesses are merely awaiting the decision, which is understood to be in abeyance, the board being unwilling to take any drastic action without further investigation of the facts and efforts to bring the warring parties together.

In case broad concessions are not made to the deaconesses they have decided to leave the building rather than to be in abeyance, the board being unwilling to take any drastic action without further investigation of the facts and efforts to bring the warring parties together.

One of the regulations to which the young ladies take exception arises from the fact that when the deaconesses moved some time ago from the old building in Jarvis street to the new one Miss McIlheny had keys to the back door made for all the inmates, and issued instructions that they were to use that door only. The most unkind part of it all, they say, is that Miss McIlheny has a key for the front door, which she uses herself.

Another regulation which the ladies feel to be most unfair is that they must not appear on the street in company of any man who is not their brother.

Hitherto it has been merely a formality on the part of the inmates of the Home to ask Miss McIlheny's permission to go away over a holiday, but one young lady was greatly surprised the other day when she was refused this permission for Thanksgiving Day. In order to see whether there was not some personal reason behind this decision she was to go to the superintendent several others were likewise refused. Now a number of them have decided to go away without asking the superintendent at all.

SEVEN BURNED

Mother Sets Fire to Herself and Children.

Braddock, N. D., Oct. 30.—Apparently laboring under a fit of temporary insanity, Mrs. Axel Johnson, wife of a farmer living about eight miles northwest of Braddock, locked herself and her six little children in their home to-day and set the house on fire. They were all incinerated. Mrs. Johnson was working in a field some distance from the house when the tragedy occurred. Neighbors believe Mrs. Johnson locked and barricaded the door and nailed down the windows of the house. Then, saturating the room with oil, she applied a match. The neighbors who saw the smoke rushed to the house, but it was a seething furnace of flames when they reached it and the rescue of the women and her helpless babies was impossible. The dead bodies were found in a corner of the living room under a smoldering mass of debris, where they had huddled together when the flames surrounded them.

POSSE AFTER HIM

Trying to Arrest a Man Charged With Murder.

Gloversville, N. Y., Oct. 30.—Charles E. Baker, aged 21, who is accused of murdering Norman Briggs, a lively driver, of this city, on Tuesday night, has up to the present time defied capture by a sheriff's posse and a company of the state militia. After ineffectual attempts of the posse to capture Baker last night and the serious wounding of two of their members by this city for reinforcements, and a company of the second regiment of the National Guards were hastily assembled and rushed to the scene in automobiles. The soldiers have surrounded the woods in which Baker is thought to be hiding, and are prepared to stay him out.

NOW ONLY FOUR TALES MEN LEFT

May Take Forty-Two Weeks to Get Jury.

May Call Veniremen From Other Courts.

Jurors' Names Must be on Assessment Roll.

Los Angeles, Calif., Oct. 30.—Four talesmen, subject only to peremptory challenges, one whose challenge for cause was under consideration, and one whose examination was uncompleted, were all that were left out of a venire of 125 men summoned in the McNamara murder trial when court opened to-day. In reality only 45 talesmen have been examined since the trial began, the remainder having been weeded out in a preliminary examination conducted by Judge Bordwell, which went into extraneous sessions only, leaving to counsel the work of fining out the state of mind of each talesman after the trial formally opened sixteen days ago. Several attorneys in the case figured out to-day that at the present rate it would take 42 weeks to get a jury. No one, however, is making estimates longer than that of Attorney Clarence S. Darow, who said that the jury box would be filled in about two months. District Attorney John D. Frederick refused to-day to make a prediction. "By the end of the week," he said, "we may be able to make one."

Unless there is objection, it seemed likely to-day that further veniremen would be secured by calling into Judge Bordwell's court those awaiting jury service in other branches of the Superior Court.

The alternative to this was summoning a new venire and this was considered entirely possible. No secret was made to-day of the fact that opposing counsel have been investigating the antecedents of veniremen now in other courts, and of all persons whose names were drawn for jury service January 1, 1911.

In this connection a legal point raised as to qualification was still unsettled to-day. The law provides that no man shall serve as a juror whose name is not on the county assessment roll.

The point came up in the examination of Charles F. Binder and he was excused, but at that time Judge Bordwell expressed doubt as to whether Binder's case was covered by the intent of the law.
