THE ACADIAN

WOLFVILLE, N. S., JUNE 19, 1891.

Local and Provincial.

We learn that there is a probability of a baseball match to-morrow, between the Kentville baseball club and our "juniors" to be played here.

Quite a severe thunder storm occurred on Tuesday night, accompanied by rain. This, the first of the season, was quite severe—the lightning being very vivid.

Mr. C. R. Burgess' barque *Belt* is now undergoing repairs of Kingport. She is the oldest vessel in Mr. Burgess' fleet. The *Kelron* has also been repairing at Kingport.

Eggs wanted at 12cts. R. Prat.
The Methodist church at Kentville has been undergoing improvements and will be reopened for worship next Sunday. The building has been thoroughly and neatly painted.

Messrs. Moir, Son & Co's, bread baking establishment at Halifax, was totally destroyed by fire on Tuesday. The loss is placed at \$100,000, and there is \$20,000 insurance. One hundred and seventy-five hands are thrown out of employment.

We have not yet heard of any Dominion Day demonstration to be made in Wolfville. Other towns, such as Windsor, Annapolis, etc., have made extensive plans and are now busily preparing for a grand day. We would like to see Wolfville show in some fitting way due respect for the natal day of "this Canada of ours."

Ice Cream Freezers, Lawn Mowers and other reasonable household hardware at Brown's.

Dr. and Mrs. A. K. deBlois were in Wolfville this week, having just returned from Europe, where Mr. deBlois has been pursuing a course of study at Berlin. The past three months they have spent in travel. They left Wolfville yesterday for St. John, and will spend a few months in visiting different parts of the Province. We are glad to welcome them back again.

We the undersigned, merchants of Wolfville, agree to close our places of business on Wednesday, July 1st, 1891, Dominion Day:—
J. W. Caldwell, S. A. Hamilton,
Burpee Witter, O. D. Harris,
C. H. Borden & Co., M. Weston,
L. C. Hutchinson, Rockwell & Co.,
Walter Brown, R. Prat,
Geo. Porter, S. R. Sleep & Son,
Fred J. Porter.

New Spring goods just received at T. A. Munro's, Merchant Tailor.

Mr. W. J. Higgins has recently put in an improved set of scales for weighing coal. They are different from any in use here and are quite complicated. They were put up by Mr. Brian Murphy of this place, who, though he had never seen a similar make, was able to put them up in two days—while a man who had been in the business for years required four days for the same work. This certainly speaks well for Mr. Murphy's mechanical abilities.

Pure "Paris Green" at R. Prat's.
Mr. Burgess' new ship is not to be called the *Queen*, as was stated last week. She is to be called the *Canada*, and will be launched on July 6th at 1 o'clock p.m. She will probably be the second in size of any wooden ship ever built in the Dominion. The ship is well and thoroughly constructed, and is a credit to the owner, our enterprising townsman, and to the Province from which she will hail. "The launching of the ship," always a very interesting occasion, promises to be this time of especial interest, and no doubt many will avail themselves of the opportunity of witnessing such a grand event.

Get Japanese Enamel Paint for furniture at Walter Brown's. Anyone can apply it.

During the past few months the people of Wolfville have been asked to contribute to the funds of no less than three different individuals who claim to be the victims of some mill disaster in the upper provinces. All are on the way to visit sisters in Yarmouth or St. John. To all doubting ones they are willing to show terribly scalded arms, which though apparently horribly burned and disfigured are stripped of their bandages and exposed to public gaze without a flinch. Some sympathetic ones have generously contributed to their needs, while others—unfeeling ones—are inclined to pronounce them frauds. It appears a pity that the charity of the people should be thus imposed upon, and as a result some really deserving persons should be turned away without help. If really discovered to be as is suspected, these characters should be summarily dealt with.

Local and Provincial.

The Nova Scotia Methodist Conference has been in session at Windsor this week.

The Dominion Government is asking for tenders for the construction of a lighthouse tower at Kingport, to replace the one recently destroyed. See adv.

We understand there is some talk of a baseball match on Dominion Day between the "Orientals" of Halifax, and the Wolfville Baseball Club, on the grounds here.

We understand that the merchants of Wolfville intend closing their places of business on Dominion Day, July 1st. Customers will do well to make their plans accordingly.

We have been handed a bunch of full-blown potato blossoms, from the garden of Captain Gilmore, of this town. The Captain is said to be ahead this year—even of the bugs.

On Ice.—"Hives Root Beer" and Royal Belfast Lager Ale and Lemo-Jade at R. Prat's.

We had a pleasant call on Tuesday from Mr. A. J. Pineo. Mr. Pineo was the founder of the *New Star*, and has since published the *Pictou News* and *Berwick News*. He has now gone out of the publishing business and will engage in other occupation.

It is reported that a vein of very rich iron ore has been struck on the property of Mr. Jas. Harris, Lower Wolfville. Samples have been tested and pronounced excellent—far better than that found at Torbrook. Further developments are awaited with considerable interest.

Elsewhere in this issue we republish an article from the *Hamilton Herald* relating to the wonderful cure of a gentleman in that city, who had been pronounced by physicians incurable, and who had been paid the \$1,000 total disability insurance granted members of the Royal Templars. The well known standing of the *Herald* is a guarantee as to the entire reliability of the statements contained in the article.

Choice Table Butter, 12cts at R. Prat's.

We have received the initial number of the *Register and Berwick News*, published at Berwick, by Mr. John E. Woodworth, formerly editor of the *Western Chronicle*. This paper is published in place of the *Berwick News*, and the number to hand is a very creditable one. We wish the new venture every success. This makes four newspapers now published and printed in the county, and though the newspaper business may appear to be overdone in King's, still we think there is "room at the top." A fair field and no favor, and may who deserves success attain it, say we.

HYMENEAL.—There was a pleasant gathering on the 10th inst, at the house of Henry Fuller, Esq., Kellyville, of friends from Hantsport, Kellyville and adjacent sections, on the occasion of the celebration of the union "that naught but death can separate," between Mr. Alvin Graham and Miss Laura Fuller. It will be vain for the writer to attempt any description of the bridal dress, as he cannot give the actual color or texture of the material. These things do not usually attract his attention. He only knows that the attire corresponded with a pretty face and graceful form. The presents were valuable and useful. Among them were noticed a handsome china tea set, silver dinner castors, an English china teapot, silver tea spoons, lemonade set, fruit dish, pitchers for various uses, and other articles too numerous to mention. The guests were provided with an ample repast, after which the happy couple left for their home in Greenfield.

Green Wire Cloth Windows and Doors, ready to put on, for sale low. WALTER BROWN.

Hymeneal.

On Thursday morning of last week, at 8.30 at the residence of the bride's parents in Avonport, Rev. P. S. McGregor officiating, Miss Jessie Reid was united to Rev. D. H. McQuarrie, B. A. The bride was attended by Miss Coonan, of N. B., and Miss Amy Witter, of Wolfville, and the groom by M. S. Messenger, B. A., a former classmate. The ceremony took place under a large floral arch of white lilac, beneath which hung a handsome bell composed of apple blossoms. About 30 guests sat down to the wedding breakfast after which the happy couple proceeded to the station accompanied by a large number of friends in carriages. Amid showers of rice and good wishes they boarded the morning Express for Brookfield, Queens Co., where they will make their home. The high esteem in which the contracting parties are held by their friends was obvious from the many costly presents and universal congratulations.

Kentville News.

Dr. Borden, M. P., passed through here on his way back to Ottawa the first of the week.

His Excellency Lt.-General Sir John Ross, K. C. B., is expected in Kentville this week.

Chimney sweeps are in town and doing quite a business in their calling. They look as if they had grown up in the trade.

Mr. M. G. DeWolfe is not attempting to paint the town red, but he has had a fresh coat of paint put on his "red store."

The Band went out for their usual play on Tuesday night, but on account of the thunder storm they were not able to favor the public.

Mr. Gerald Ward is having a verandah put on front of his house, and numerous other improvements have been made in the surroundings.

T. R. Robertson, L. L. B., of the firm of Webster and Robertson, has gone to Annapolis Co. to attend the sitting of the Supreme Court.

The Redpath Concert Co. gave an excellent entertainment in Scotia Hall last Friday evening. The audience was a large and appreciative one.

Mr. F. W. Green, marine manager for the Confederation Life Association, was in Kentville last week. He has established an agency for his company in this town.

Mr. R. G. Campbell is building a large front on his house near the corner of Main and Church streets. The new part is all boarded in and the roof well under way.

The painting upon the outside and inside of the Methodist church has made quite a change in the appearance of that house, and it now presents a bright and clean appearance.

Red coats were seen flying around Kentville in all directions on Wednesday, as that was the day for the annual competition of the Kings Co. Association. The day was quite favorable for the occasion.

E. J. Morse, B. A., junior member of the law firm of Blanchard & Morse, of Windsor, gave Kentville a short call on Tuesday. Mr. Morse is moving his wife and family from Paradise to Windsor this week.

David Allison, LL. D., Superintendent of Education, Rev. W. M. Langille of Lunenburg, a former pastor of the Methodist church in this place; and Chas. J. McDonald, Post Office Inspector, were in town on Tuesday.

Those who were present at the sporting contest last Saturday evening considered it a fine exhibition in the "manly art." The contestants showed up in fine style and exhibited their superiority in their different classes or weights.

The matter of J. I. Brown, vs. the Commissioners of Water Supply of Wolfville came up before Judge Chipman at the Court House on Thursday, 11th inst, and lasted for nearly three days. The plaintiff claimed for special work done in connection with his contract in hauling pipe and the defence was a counterclaim for damages in not properly filling the contract. Judgement was reserved. W. E. Roscoe was retained for the prosecution and W. M. Christie for the defence.

Married.

McQUARRIE.—REID.—At Avonport, June 11th, by Rev. P. S. McGregor, Rev. D. H. McQuarrie and Miss Jessie Reid, of Avonport.

GRAHAM.—FULLER.—At the residence of Henry Fuller, Esq., Kellyville, King's Co., June 20th, by Rev. M. P. Freeman, Mr. Alvin O. Graham, of Greenfield, to Miss Laura B. Fuller.

Died.

MANNING.—At Greenwich, on June 13th, of dropsy, Eliza, relict of the late James T. Manning, aged 68 years.
