Winnerse, Dec. 48.—Rev. James Roberts has been in this country for nearly myears, and as his mission is to travel I over the country, he necessarily is in a sitton to know semething about the Incians, their condition and wants. He as interviewed by a News reporter to hoon he said, that while it would be indicious to coreate alarm, he could not roll stating that the situation was of a lost serious character, and in order to, possible, avert another rebellion he had remunicated with the Ottawa Government, warning the authorities of the anger that seemed to be ahead, and urgag some immediate action to be taken to ppease the discontent that prevails. Gabriel Dumont is now across the border and it is said is using every means to stir up the Indians and get them to form an alliance with Northwest Indians, and if possible have another rebellion. At the base of the Rockies, Mr. Robertson says the weather is extremely mild, in fact grass is growing, and there is nothing to prevent the Indians from taking up arms. He has had a long talk with iRev. Mr. Gordon on the situation, and if there is not to be another rebellion in the country the anthorities will have to take action at once.

Dr. Harrison, M. P. P., also says the country is in a very unsettled condition, and he is afraid of more trouble unless

New York, Jan. 3.—Several years ago Frederick Fischel, a young German 32 years old, was the confidential clerk of August Bernheim & Bauer, clothing merchants. At the Jewish new year a member of the firm handel Fischel a check for \$250 as his new year's gift, at the same time requesting the clerk to balance his books and send the balance sheet to the head of the firm. Fischel took the \$250 and fled, leaving a letter confessing that he had forged chacks and robbed the firm. His employers found that Fischel had robbed them of \$75,000. The clerk fled to Canada, where he was found at Graven-hurst last Friday. He came back without a requisition, arriving here Saturday and is now looked up. His downfall began with a woman and was accelerated by gambling. The firm is proceeding against some gambling houses in which Fischel lost a good deal of the money.

G. F. STERNE, ESQ.,

Dear Size — I wish to express to you my great satisfaction with the working of the Radiant Home stove I purchased of you. I used it during the severe winter of 1884-5 and found it all that it was recommended to be. I consider it the best and most economical stove ever used. The "Duplex Grate" is a great improvement upon the old. After a winter's experience I can cordially recommend it for beauty, comfort and economy.

Sincerely yours. W. W. DAWLEY, Pastor, Baptist Church, Guelph.
