### CARLETON COUNTY POTATO MEN ASK OTTAWA TO HELP

Many Farmers Fear Ruin if Product Shut Out of States

(Telegraph, Dec. 23)

The proposed high duties on potatoes shipped to the United States, if carried out, means a very serious situation for the Carleton county potato growers. The effect of such a step would be far-reaching and every branch of business would be hit hard. There are thousands of bushels of potatoes in Carleton county that cannot possibly be consumed in Canada.

One prominent farmer today said: "If this embargo goes on it means utter ruin and there is no use trying to disguise the fact. There is much uneasiness as, if the American market is closed thousands of bushels of potatoes will simply rot. When it is taken into consideration that it cost nearly \$2 per barrel to raise potatoes last season it will be seen what a tremendous loss will result by the proposed legislation. It is felt that the Canadian Government should take the matter in hand to head off this movement if it is possible to do so. It is all very well to talk of retaliation, but this will not help the present emergency."

A. D. McCain, of Florenceville, who is a heavy shipper, endeavored to have the minister of customs make some move in the matter but the latter either did not realize or misunderstood the situation, as the following telegram would indicate:

Mr. McCain wired as follows:

"Hon. R. W. Wignmore, Ottawa:

"Newspaper reports state that an embargo or prohibitive tariff is about to be placed on the export of potatoes to the United States. If so, this means complete ruin to this county as there are thousands of bushels to be shipped and there is no possible sale in Canada. Cannot some arrangement be made to stop this procedure? Must act quickly."

(Signed) "A. D. McCain."

The minister of customs replied as follows:

"A. D. McCain, Florenceville, Carleton Co., N.B.:

"Your wire. Canadian government not contemplating placing any restriction on any export of potatoes to the United States."

(Signed) "R. W. Wignmore."

It will be seen that this reply did not cover the present difficulty.
