Safeguard that valuable home of yours

YOU can never afford to let your home
deteriorate for lack of paint. Lately prop-
erty values have risen so high that the
cost of a few cans of paint is a trifling expense
for the safeguarding of the home. With this
knowledge there is a more complete under-
standing of paint economy and a belief that it
pays to use dependable paints, even if they
cost a little more per can than the ordinary
kind.

B-H "ENGLISH" 70% Pure White Lead 30% Pure White Zinc 100% Pure Paint

is guaranteed—every can of it—over the signa-
ture of the maker. There is also printed on it
the basic formula which ensures permanence
and "covering capacity." In spite of the rise
in cost of materials, Brandram's B.H. White
Lead and other similar quality ingredients are
used in the same liberal quantities as in the
very earliest days of B-H manufacture. B-H
"English" Paint will never be allowed to de-
viate from its original standard of quality no
matter how conditions may influence other
manufacturers. There's too much at stake in
the wonderful B-H reputation to risk its pre-
stige by even a slight departure from the famous
formula which gives it such "body" brilliance,
durability and all-round satisfaction.

Could Not Sleep

Mr. Ernest Clark, Police
Officer, 328 King St., Kingston,
Ont., writes:

"For three years I suffered
from nervousness and sleep-
lessness. I believe my condi-
tion was brought about by
overwork. I had frequent
headaches, nervous pains and
twitching of nerves and
muscles. I had indigestion,
was short of breath and easily
tired. I commenced a treat-
ment of Dr. Chase's Nerve
Food, and seven boxes of this
medicine cured me of all my
symptoms. I am now feeling
one hundred per cent. better
than I was, and have to thank
Dr. Chase's Nerve Food for
the good health I am now en-
joying."

Big Increase In the Price of School Books

Although school books have steadily
advanced in price the last two
years, the provincial government's
school book department is still sup-
plying them at the price fixed nearly
twelve years ago. This means that
they are being sent out at a loss in
some instances of more than one hun-
dred per cent, and the people who
have children of school age are reap-
ing the benefit of it. For upwards of
a month past the department has
been sending out from \$2,000 to
\$3,000 worth weekly, the shipments
being made to every part of the
province. It is estimated that the
revenue from school books for the
year will amount to \$30,000, while
the expenditure will be in excess of
\$40,000. The advance in the cost
has been general all along the line.
For instance readers which sell at
3 cents cost 7 1/2 cents; the 7 cent
readers cost 12 1/2 cents and the ten
cent ones 22 cents. The arithmetic
which sell at 10 cents now cost the
department 23 cents. The govern-
ment has to pay a sales tax on all
purchases in addition to the freight
and cartage, but the tax is not passed
along to the vendors. A discount
of fifteen per cent on the purchase
price is allowed to the vendors.
All of the school books being
handled by the department this year
were ordered prior to last December
and the government got the benefit
of the price then prevailing. There
has since been sharp advances in
the price of paper, which means that
the province will be in for much
higher prices on school books next
year.

Borden May Be Minister For Dominion

While Sir Auckland Geddes' visit
to Ottawa is primarily to attend the
annual conference of the Canadian
Bar Association, it is known that
while there he is informally dis-
cussing with Premier Meighen the
forthcoming appointment of a Ca-
nadian Minister Plenipotentiary to
Washington.

The status which the Canadian
representative is to enjoy was, of
course, definitely agreed upon some
time ago, but there still remains the
hardly less difficult task of securing
a man suitable for the post.

Talk of Sir Robert
Sir Robert Borden can have the
appointment if he desires it, but for
the time being Sir Robert seems
more interested in the role of the
fisherman than in state affairs, and
has not given the least indication
that he desires the appointment.
Should he refuse, there is a likeli-
hood that Premier Meighen's next
choice will be between Sir George
Perley or Sir Douglas Hays. When
the creation of the Washington post
was contemplated once before Sir
Douglas Hays was practically se-
lected for it. It is understood the
appointment will be announced with-
in the next few weeks.

Ten Years After

Ten years ago the first packages of KING COLE TEA
were packed and put on the market. The time that
has elapsed since then has been filled with hard work
and with many difficult situations to be met and over-
come. But withal, it
has been a period of
unquestionable, steady
and persistent progress.
KING COLE TEA has
never looked back.
Every year has brought
its increase. Today its
sale is ten times greater
than the first year's busi-
ness. This is the public's
remarkable tribute to
the worth of KING
COLE TEA. It speaks
for unusual service.
