Everything in the house is on the modern plan and the proprietors are looking forward to a remunerative trade.
 Victoria Times.—Kansas City, although a mere municipal infant, has a population of more than a million and a half. There are now quite a number of cities on this continent in the million class. It will not be a very great number of years until America will be able to boast of more and larger cities than Europe. An interesting question at this juncture is: Which of Canadian cities shall be the first to boast of a population of a million? Will it be Montreal or Toronto or Winnipeg? It is understood that the Prairie Capital is quite confident upon the subject, while Calgary and Edmonton are beginning to take notice of the situation and to anticipate great futures for themselves. Then there is Vancouver—is there not room for an ambitious city on the Pacific coast?

 The awarding of prizes, offered in the doll dressing contest held by Revillon's last Saturday afternoon, proved an interesting and pleasant event to a great many young girls of Edmonton. The great store responded with the merry laughter and chatter of an eager throng of little ones. Revillon-Bros. have a large number of dolls for the Christmas trade and in order to get some ideas in dropping them thought it well to solicit the youthful connoisseurs of our city. This was done by asking the little girls to send in a written description telling how they would dress a doll, whether a blonde or a brunette. About 40 letters were sent in to the judges, Mr. Watson and Miss Stauch. The result of the judging was handed out on Saturday afternoon at 4 o'clock. The judges say they had a difficult task but finally awarded first prize to Ruth Carruthers, aged 9, which was a beautiful doll, valued at \$3.50. The second award fell to Elna Mann, aged 9, who received a doll worth \$2. Myrtle Buck, aged 8, got the third prize, which was a doll valued at \$5. Dorothy Macdonald and Katherine Cormick were regarded to have sent in such excellent suggestions that a special prize was given to each, although it was the intention of Revillon Bros. originally to give only three prizes.

Cuban Flag and

Proclamation Issued

day -- Occupation Until Peace is Assured

Havana, Sept. 28.—The U.S. State Department today issued a provisional government order in Cuba. The order is moderate and states that the national government will only be restored if it is a permanent government in which people have confidence has been elected. The Cuban flag has been lowered. Cubans of all classes satisfied with the U.S. intervention there have been no disturbances.

Havana, Sept. 29.—American intervention takes place. The Taft will be military government. Rifles will be landed from the harbor.

Havana, Sept. 29.—It is reported that the rebels have fired on a column of American troops in the Toledo region, south of Matanzas, provinces of Havana, and the rebels attacked the plant at Matanza city.

Havana, Sept. 29.—The Cuban public tonight stands on the eve of a second period of American intervention. The moderate which six weeks ago was in effect every office in the district is determined to abide everything, and compel the U.S. States to intervene. In fact, every government official from President Palma down is endeavoring to force such intervention, than yield to any of the tenets of the Liberal party, those in arms against the government.

The Liberal leaders charge the conduct of the government, while Secretary Taft sides it a dishonorable attitude, the hand of the United States intervention. This is why the administration here most anxious to avoid either party installed in there would still remain a nation of deplorable dissatis and there is nothing to profier but the full control of the United States.
