EDMONTON NEWS

LOGAL.

A. L. Horton, editor of the Vegreville Observer, is in the city today.

At the R.N.W.M.P. barracks this morning a Jap woman named Rosie Madu, living to the north of the city, was fined \$50 and costs for keeping liquor for sale without a license.

Reginald Wadman, the agent of the Remington Typewriter Company, accused of misappropriating \$500 of the company's money, who was found guilty by His Honor Judge Taylor and remanded for sentence, was Monday released on suspended sentence.

A. T. Mode of the legal firm of Rutherford, Jamieson and Mode, Strathcona, has been appointed clerk of the court at Wetaskiwin. The position was recently vacated by W. Forbes, who has accepted the readership of the Land Title's office at Calgary rendered vacant by the death of the late A. Hamilton.

A young man named A. S. Daniels, formerly a G.T.P. member, operator of the R.N.W.M.P. near the Packing plant early yesterday morning and was taken to the barracks. He was wandering on the prairie and was only partially clothed. Today he is recovering from what appeared to be temporary derangement of the mind.

In the case of J. Pender vs. G. H. Hogg, before Judge Lees at Riverview last week, judgment was rendered \$525.58 and costs was awarded the plaintiff. The parties to the suit are homesteaders in the Dunstable district. They were formerly in partnership in stock and hay. The case arose over the division of this when the partnership was dissolved. Only one witness was examined, H. S. McCowan, who was called by the plaintiff.

The steamer City of Edmonton made her last trip of the season down stream on Saturday afternoon with 290 passengers. The trip was abundantly pleasant and the scenery along the river viewed with interest, particularly by those who were making the trip for the first time. Governor Bar railway bridge was the turning place and many complimentary remarks were made upon the fine proportions. Next year it is likely that some pleasure resort will be provided, either up stream or down, which will be operated in connection with the steamer's trips.

The Salvation Army holds its annual Harvest Festival services on Saturday, Sunday and Monday next, September 25th, 26th, 27th. The meetings will be of a special character. The Salvation Army has already established its claims to the attention of the public by its permanent reformation work. The services on Sunday commence at 11 a.m. The City edel is being tastefully decorated and on Monday will be open for exhibit, and the good things will be disposed of by auction in the evening at 8 o'clock. The proceeds of this effort will be devoted to the maintenance and extension of the work. Gifts of goods or money will be thankfully received by the commanding officer or any Salvationist.

DEAD BODY AT BUCK LAKE.

Word was brought to Wetaskiwin on Saturday by Indians that they had found the body of a dead man in a boat on Buck Lake, which is about sixty miles west of Wetaskiwin or about twice the distance of Pigeon Lake from that city. No particulars were given, but Superintendent Cuthbert, of the R.N.W.M.P. Fort Saskatchewan, ordered Sergeant Phillips to proceed to the lake and make an investigation. He left on Saturday and will not be back for several days.

FEDERAL GRANT TO BRIDGE.

Mayor Lee held another conference this forenoon with Hon. Mr. Oliver to discuss further the high-level bridge proposition. Mr. Oliver went over the plans, which he saw for the first time. More than to intimate that the Federal government might give the full 15 per cent. of the cost of the railway bridge, Mr. Oliver gave no definite assurance of the grant that would be forthcoming from the Dominion. It is not probable that a definite amount further than the \$100,000 already voted by the Federal cabinet.

JACKSON BROS. SOLD WATCH.

Several weeks ago a telegraphic despatch from Detroit told of a babe having been deserted in Library Park hotel, of that city. A watch which was left with it as a memento of hurried departure by the person who had the infant indicated that it had been purchased in Edmonton. Later particulars show that the case is now being forwarded to them. They have been advised that the case is now being forwarded to them. They have been advised that the case is now being forwarded to them.

HOLINESS CONVENTION.

Rev. W. J. Dey, late of Ottawa, but now superintendent of the Western conference of the Holiness Movement, is to be in the city Sept. 28th to Oct. 1st. Arrangements have been made to hold special evangelistic services during that time with Rev. W. J. Dey in charge, in the city mission, to be held at 8 o'clock. The proceeds of this effort will be devoted to the maintenance and extension of the work. Gifts of goods or money will be thankfully received by the commanding officer or any Salvationist.

MURDER WILL BE THE CHARGE.

The woman Zibilly, who was attacked by her husband with an axe a few days ago, ten miles north of Mundare, died at the Vegreville hospital on Saturday last and the man is now being held on a charge of murder. He is making a rapid recovery from the effects of this mutilation of himself and will likely be placed upon his preliminary trial in the course of the next week or two.

\$50,000 BANK BUILDING.

Another purchase of Jasper avenue property as the site for a \$50,000 bank building, to be erected next spring, is reported this morning at a price understood to be in the vicinity of \$1,000 per foot frontage. The purchasers are the Molsons bank.

The property is located next to the Empire block. It includes the one-story buildings occupied by the bakery of H. N. Dodge and the meat market of Joe. Hebesdorfer. The property has a frontage of 40 feet on Jasper avenue and runs back 150 feet.

The previous owners were McDougall and Secord, and the Houston estate, to whom the 25 feet where the bakery stands, belonged, and Killen & Gilbert, who were owners of the 15 feet now occupied by the meat shop.

Plans will be prepared at once for a handsome three-story bank building to cost in the vicinity of \$50,000. Work will be started early next spring and the bank hope to be in their new premises by next September. The work will be rushed ahead as fast as possible as the present accommodation is already entirely too small for the rapidly increasing business. The new building will have offices on the second floor, while the third will be used as quarters for the staff.

Last week William Molson McPherson, president of the bank, and the general manager, Jas. Elliott, were in the city. They were much impressed at the growth of the city and the increase in business since their visit last year. The bank was established in Edmonton a little over three years ago and has worked up an ever-increasing business under the management of G. W. Swaisland.

IS SORRY HE PURCHASED.

Richard Dunn of the city police force, is one who has purchased two lots in Wolf Creek townsite from the late J. R. Fraser. The River Country Ltd. and now is sorry for it. The sale is alleged to have been made on the representation that Wolf Creek would be a divisional point, that the Hudson's Bay Company had bought a block of land in the townsite, and that lots had been purchased by the D. R. Fraser Company and the McInnis Lumber Company, with the intention of subdividing the same. Mr. Dunn was persuaded to pay \$175 for each lot and in part payment he gave \$100 in cash and the balance in a transfer of nine lots in Fort Saskatchewan. Since the deal

was made Mr. Dunn has learned that Wolf Creek is not a probable divisional point and that other reasons advanced in the past for the development of the town have been misrepresented. He accordingly has commenced a suit for a rescission of the contract, and the rescinding of the title to the nine lots in Fort Saskatchewan. The case will come up before Chief Justice Tait at the Supreme Court sittings when Robertson, Dickson and Macdonald will appear for the plaintiff and J. K. Macdonald for the defendant company.

OPPOSE ORIENTAL LABOR.

At the regular meeting of the Trades and Labor Council held last evening the following resolution was passed unanimously and the secretary was instructed to forward the same to the Pacific section, or any other section of the G.T.P., at the best of merciless profit-seeking railway contractors. If the working conditions were made for any number of these available jobless men in Canada. We demand fulfillment of the promise of the government to disprove that the government is not the executive committee for corporate interests. Better no G.T.P. than to add to our present huge numbers of unemployed men. Further, importing Oriental population. Further, importing Oriental population. Further, importing Oriental population.

POLICE HAD HANDS FULL.

Constables Hays and Marshall, of the Fort Saskatchewan detachment, returned Sunday afternoon from Calgary, where they took a number of prisoners, among them being a lunatic named Frank J. Klass, who was conveyed to Brandon. The officers returned from Strathcona with only two prisoners, a woman and Klass, but they were held for two days. They were held for two days. They were held for two days.

LEFT WITHOUT FOOD.

Clyde Anderson, of Nebraska, Returns from a Trip to the West. He was Searching for His Brother—Found Message at Ruins of Camp.

"My camp was burnt out and all my grub had been destroyed. I am leaving for Edmonton on foot."

Anderson was on a trip to the west with a rifle and a pack of supplies. He was on a trip to the west with a rifle and a pack of supplies. He was on a trip to the west with a rifle and a pack of supplies.

NEW PROFESSORS ARRIVE.

The matriculation examinations of the University of Alberta began in Strathcona Tuesday night in connection with the arrival of the new professors. The examinations are also being held in view of the large volume of correspondence with prospective students. It is probable that the classes now forming will be at least three times as large as those of last year. All the members of the faculty will be in the city for the first time. The matriculation examinations of the University of Alberta began in Strathcona Tuesday night in connection with the arrival of the new professors.

TAFT WOULD REDUCE SWOLLEN FORTUNES

President Brings Denver Audience to its Feet With Proposal to Make 'Legal Holding of Large Fortunes in Trust—Income Tax, Also.

Denver, Col., Sept. 21.—President Taft took another page from the "Roosevelt" book tonight and delighted his Denver audience with a proposal for the reduction of swollen fortunes.

"Let the states," he said, "pass laws of inheritance which shall require the children of great fortunes to leave their inheritance in trust for the benefit of the state. Make more drastic the rule against perpetuities and then impose a heavy and graduated income tax which shall enable the state to share largely in the proceeds of such large accumulations of wealth which would have been brought about without the state's protection and its aid."

Denver howled its appreciation of the suggestion. As a matter of fact it has been howling ever since the president arrived here this afternoon. Tonight's turnout at the Auditorium where Bryan was last nominated, however, was the biggest thing that greeted the president since he started west. Fifteen thousand people crowded into the big convention hall and probably as many more stood outside and echoed the cheers from within.

Corporations and income tax. It has been understood that the president would talk conservatively. He changed his mind, however, and in the presence of the plan which he has adopted to discuss the policies of his administration on this whirl around the world tour, he has proposed a power amendment which has been proposed to legalize the latter.

The president is not in favor of an amendment to the constitution which would give the states a share in the income tax. But he believes that it would be a good thing for the government to have in stock a handy asset in case of an emergency. He tackled the income tax problem tonight with the view of giving the states a share in the income tax. He tackled the income tax problem tonight with the view of giving the states a share in the income tax.

ALL ROADS LEAD TO CAPITAL ON OCTOBER 1

Railways Will Run Excursions from All Over the Province for Big Event. The Government will be in the city on October 1st, when all roads will lead to Edmonton, and Alberta's capital will open its gates to vice-royalty and many distinguished public men as well as hundreds of sightseers.

The occasion will be the laying of the cornerstone of the new Legislative Buildings which now the old House, for many decades the residence of the chief factor of the Hudson's Bay Company in this district. His Excellency, the Governor-General, will lay the stone on the afternoon of October 1st. There will also be present the Hon. Frank Oliver, Minister of Interior, and the Hon. David Laird, who under the MacKenzie Administration first organized the Department of the Interior, later becoming first Governor of the North-West Territories.

An entire revamping of the whole interstate commerce law is proposed, with the establishment of an interstate-commerce court to pass on the decisions of the committee with an appeal lying only to the supreme court of the United States.

The speech, being along the lines of the radical reforms, proposed by former-President Roosevelt, was enthusiastically cheered at Des Moines. But for the fact that the president did strike out upon these lines at his only stopping place in Iowa, his reception here would undoubtedly have been short of what might be termed enthusiastic.

Conservation of Archdeacon Harding. Regina, Sask., Sept. 21.—The conservation of Von Archdeacon Harding as co-adjutor to the Bishop of Qu'Appelle was announced this morning at St. Paul's church. The event, arousing special attention throughout the diocese as being the first occasion of the consecration of a Bishop west of Winnipeg.

500 More Homesteaders. Toronto, Ont., Sept. 21.—Five hundred homesteaders left the Union station today for the West, coming from various parts of Ontario.

BANGS SEES HUMOR

Houseboat on the Sty gratulates Peary on ment—Cook to B

Portland, Maine, first effort to melt the Peary-Cook North Pole into the summer season was made here today. Rick Bangs who was in the houseboat when he was welcomed in Cambridge the leading citizens of the town. These and other speakers that did not come until 2 a.m. Then he arose. "Gentlemen, despite the hour, I wish to say that may have softened the heart of the people here by the realization that the people have been overworked in the past few years. They will stop fighting. It is to whether Peary got there first or not. Now let me tell you about the North Pole. That there is a place that is worth the effort. I have been here for a complete year. I have been here for a complete year. I have been here for a complete year.

Reference to Peary's journey to the North Pole is made in the Bulletin. The Bulletin says that Peary's journey to the North Pole was a success. The Bulletin says that Peary's journey to the North Pole was a success. The Bulletin says that Peary's journey to the North Pole was a success.

What I know about the Peary-Cook North Pole expedition is that it was a success. The Bulletin says that Peary's journey to the North Pole was a success. The Bulletin says that Peary's journey to the North Pole was a success. The Bulletin says that Peary's journey to the North Pole was a success.
