

15TH ANNOUNCEMENT.

Sea Legs

On some voyages it takes a passenger a long time to get his "sea legs". He finds it hard to accustom himself to the ocean's pitch and roll. But this is not the experience of the man who voyages by the West India ships of the "Royal Mail"; he becomes used to the motion almost immediately, for these ships, with their big capacity filled with cargo, are probably the staunchest and steadiest craft that plough the western ocean. Even the poorest sailor need not worry about feeling sea sick if he plans his visit to the West Indies by a ship of the "Royal Mail".

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.
