## Portia Rescues U. S. Steamer.

The S. S. Portia, Capt. Kean, proceeded to the assistance of the American steamer Adrian Inselen, which was reported ashore in Caplin Cove, Codroy, on Tuesday evening, and succeeded in towing her to Port aux Basques. The S. S. Kyle also went to her assistance yesterday but her services were not required, as the Portia had her lines aboard when she arrived. The Adrian Inselen, which was constructed since the war, is about 2,000 tons and carries a crew of 31. The ship was en route from Quebec to New York in ballast, and meeting it rough in the Gulf was forced to turn for her shore for shelter. An examination of her bottom was made yesterday afternoon, and it was found to be badly damaged from pounding on the rocks, while No. 3 hold was filled with water. At the time of being rescued she was in a dangerous position, causing much anxiety to her crew, who were compelled to remain on deck all Tuesday night. It is more than likely she will come on here for repairs.

## Give Children Their Christmas.

Cincinnati Times Star: Some people hold that there should be very little celebration of Christmas this year, on account of the war. There are some Christmas customs which might well be abandoned. The Christmas dinner at which more food is provided than can be eaten should be cut down as a matter of course. The exchange of presents among grown-ups is often unnecessary even in peace time. In most cases the donor does not know what to buy, and the recipient does not know what to do with the gift when he gets it. The giving of unnecessary and useless presents is a form of waste which should be cut out during the war. But when it comes to the children, the situation is very different. For generations people of our blood have made Christmas the children's day. Take Christmas away from an American child four or five or six years old, and he or she has missed one of the greatest experiences of a lifetime. Later on, if the war continues, we may have to cut out all the trimmings of life, even to Christmas toys for the children. We may have to bar Santa Claus until the end of the war. But we are not in that extreme situation yet. So far as the children are concerned, Christmas in 1917 should closely resemble the Christmas of other years.

## Successful Sale.

The Sale of Work held by the St. Mary's Women's Association in Botwood Hall yesterday afternoon was largely attended. The stalls, which were beautifully decorated, were laden with good things and those in charge did a brisk business. Part of the proceeds, the total of which exceeded all expectations, will be devoted to the Halifax Disaster Fund. At night an enjoyable concert was held. Those taking part were: Miss Bremner's dancing pupils, Mr. Ruggles, Miss Russell, Mr. Lewis, Master Ralph Reid and little Miss Gertrude Nobesworthy.

WINARD'S LINIMENT CURES GOUT IN 10 DAYS.

## To His Mother.

Deep in her lonely sorrow— Nothing on earth so sad; Far from the hand of his loved ones They have buried her only lad. Words of comfort were useless; What did they mean to her? Out in that No Man's Country For life and love are finished When the heart is left alone.

Never a smile to greet her. All that was worth doing done. In his death and suffering to share. And greater love hath no man Or glory without end. Who lays down his life without murmur For his country and his friend.

Only one thought—Take comfort In the depth of that dark despair; Christ has allowed your darling In his death and suffering to share. And greater love hath no man Or glory without end. Who lays down his life without murmur For his country and his friend.

If you want a stylish, good-looking, well-made, Double-breasted Overcoat, with pleats and belt, call in and see our goods and get our prices. We can give you the best and latest. SPURRELL the Tailor, 365 Water St.—nov28, eod, tf

## Our Volunteers.

Four young men offered for enlistment yesterday at Headquarters. Their names are:—

A. E. Blunden, Indian Islands, N. D. B.

J. Hemon, Bolwood, Nfld.

Ollie Hatton, 170 Duckworth St.

H. J. LeMessurier, 26 William St.

## When the Kidneys Fail.

Poisons Remain in the Blood, Which Cause Pains and Aches—Read Here of the Surest Way of Setting the Kidneys Right.

Brockville, Ont., December 13th.—If you have headaches, backaches and rheumatic pains you have reason to suspect the kidneys. Pain is caused by poisons in the blood, and poisons only remain in the blood when the kidneys are defective and fail to do their work.

This Brockville lady has reported her case because she believes that a great many people are suffering as she did without knowing the cause of cure.

Mrs. Frank Noyes, 9 Stuart street, Brockville, Ont., writes: "For years I was afflicted with kidney complaint. I became very nervous, was easily worried and had frequent headaches and neuralgic pains, especially through the back. I had indigestion, poor circulation of the blood, and often was bothered with weak spells. I commenced using Dr. Chase's Kidney-Liver Pills and had only taken two boxes when I felt greatly relieved. I continued the treatment, however, until I was completely cured. In all I took about ten boxes, and have not been troubled in this way since. I highly recommend Dr. Chase's Kidney-Liver Pills, and I think also that the Plasters and Ointment can't be equalled."

Here is another letter to show how rheumatic pains disappear when the action of the kidneys is awakened by Dr. Chase's Kidney-Liver Pills:—

Mr. John May, Walkerton, Ont., writes: "I was troubled with rheumatism in my legs and I became so lame that I could scarcely get around. Dr. Chase's Kidney-Liver Pills were recommended to me, and I commenced using them. After I had been taking them for awhile I was delighted to find that my rheumatism had left me, and to-day I am as sound as a bell, able to get around and attend to business. I have made use of Dr. Chase's medicines in many ways for the last forty years, and cannot speak too well of their good qualities."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. You cannot expect such results from substitutes. Insist on getting the genuine.

## Your Boys and Girls.

The rules for visitors should be observed with the sick child as with an older patient. The ill child's vitality is lowered and he is particularly susceptible to any new disease or germ which may be brought in on the clothing of the caller. If the child has long hair, it should be braided so it will not become tangled in tossing about on the bed. The teeth should be scrubbed night and morning and the mouth washed with an antiseptic wash. A bath of alcohol and water will be found very comforting to a fever patient.

Here are some good rules for mothers who have growing daughters: Give them a good substantial education. Teach them how to cook a good meal. Teach them to wash and iron clothes. Teach them to darn stockings and sew on buttons. Teach them to make shirts. Teach them to make their own dresses. Teach them to make bread. Teach them all the mysteries of the kitchen. Teach them that a dollar is only one hundred cents. Teach them that the more one lives within her income the more will be saved.

LIEUT. H. POWER—Lieut. Herbert J. Power, who has been two years on active service in France, was in good spirits when writing recently from the trenches to friends of his at Knowling's central store.

# Sleds, Skates, Sleighs!

We are showing a nice assortment of the above goods, but as the demand is great and the supply limited, we would advise anyone who needs them to purchase now.

Slightly Imperfect.

# S. MILLEY.

## Household Notes.

It is better to remove the jardiniere and let it stand in the sun for an hour or two each day.

Simple desserts. Such as are now made necessary by war-time savings, are the most wholesome.

The teakettle should never be empty, but always full of boiling water ready for service.

A teaspoonful of salt added to the water when poaching eggs will hold the whites together.

No better small present can be made than a glass of home-made jelly tied with a sprig of holly.

If the glass perforator of your coffee pot breaks, use a glass lemon-squeezer for the time being.

If water stands in the jardiniere in which a potted plant stays it will cause the leaves to drop off.

White cabbage crisped and mixed with French salad dressing is always wholesome and easy to make.

A good fresh coconut is light brown in color and you can hear the liquid inside when you shake it.

An arm towel rack fastened to the end of the sewing machine is convenient for holding pieces of sewing.

Any child that is "out of sorts" with a cold or a rash should be isolated until the trouble is determined.

Delicious muffins as well as grid-

dle-cakes can be made with bread-crumbs, dried and run through a meat chopper.

An economical stew is made with round steak, broth, carrots, turnips, onions and parsley, with salt and pepper for seasoning.

When sifting flour several times it is convenient to sift it on paper. The papers can be lifted and the flour poured back into the sifter in less time than when using a pan.

Not a bit of celery should be wasted.

The leaves can be dried for flavoring. The undesirable parts can be used for soup and of course the best will be served raw.

When the heater fire has reached its hottest do not allow it to burn on until the coal is exhausted, but shut off the draught and the coal will hold the heat it has made for a long time.

When you want Roast Beef, Roast Veal, Roast Mutton, Roast Pork, try ELLIS.
