The Leopards Spots.

The German is brutal from birth. Savagery is ingrained in his nature, and the destructive element is uppermost within him.

The latest exploit of the under sea pirates of the Kaiser, is the torpedoing of the hospital ship "Llandovery Castle."

On Thursday evening of this week Rev. (Prof.) Falconer of Halifax, who was heard with such pleasure in St. Andrew's Church on Sunday, will deliver an illustrated lecture on "Jerusalem, Ancient and Modern."

The information that the Minister of Shipping has arranged for an adequate coal supply for this Dominion will be welcome news.

Yesterday, when mentioning the various war societies represented in the parade, we inadvertently overlooked mentioning the Victoria League of Boston, a branch of the large organization in England.

Notes and Comments

The small fish that escapes usually figures as the foundation of a story.

To the victors belong the privileges of fighting over the spoils.

The flag of H. M. G. Vindictive of Zebruge fame is to be placed in St. Paul's Cathedral, London.

And the very latest is that the Austro-Hungarian War Minister was opposed to the drive against the Italians but Berlin insisted upon it, and—

American soldiers in France now number nearly a million, and the United States in the transport of men to the battle front, is five months ahead of the drafted programme.

The Havas News Agency reports that two-thirds of the German submarines launched are already at the bottom of the sea, and the Under Secretary of the French Navy tells the Chamber of Deputies that the Hun eggs are being destroyed twice as fast as they are being built.

Mt. Allison Quartette.

Last evening, following a tour to the nearby outposts, the Mount Allison Quartette again charmed a large audience by their brilliant performance.

W. P. A. Notes.

The W. P. A. workrooms have been as busy as ever during the last few weeks and the reports handed in at the last Conventions meeting show the indefatigable industry of the various committees and workers. At headquarters, the Central Workroom reported an attendance of 253 workers, and "comforts" to the number of 1448 prs. socks, and 300 shirts. The Cutting Committee had cut out 1400 shirts, representing many a hard day's work while the Examining and Alteration Committees had attended to 1100 prs. socks, and 450 shirts. The Central Red Cross, at headquarters, had turned out 14,850 dressings and nearly a thousand bandages of different kinds. From the Methodist Red Cross Branch were received 6000 dressings, about 700 pils. swabs, and nearly 200 bandages. "Vigonia" reported 2,300 dressings, 214 bandages and other articles for hospital use. St. Andrew's Branch sent in "Comforts" to the number of 90 prs. socks, 40 shirts, 10 pyjamas, 3 cases of hospital dressings, and 600 surgical and shell swabs. Every Saturday the Children's Red Cross Class has met at headquarters with an increasingly enthusiastic attendance of juvenile workers. There are now 25 names on the roll, many of whom have qualified for the Q. M. N. G. Worker's Badge—a pretty little pin, signifying 25 days work on the part of its possessor. The Work Parties meeting weekly at private houses, continue to send in to Headquarters a most creditable amount of work each month.

Enters Commercial Life

Mr. Brian E. S. Dunfield, B.A., one of the most successful young lawyers of this city, is abandoning the legal profession to enter commercial life, having been appointed a director of the well known and long established firm of Job Bros. & Co., Ltd. Mr. Dunfield's decision was learned with great surprise in legal circles as he was looked upon as one of the brightest of the younger men of the bar. During the past few years he had been engaged as counsel in some of the biggest cases before the courts. In the marine court of enquiry into the Florlet disaster he acted as Crown prosecutor. In the recent prohibition case he, with Mr. C. E. Hunt, B.L., was engaged by the Crown to act as prosecuting lawyers, which duties were performed to the satisfaction of all. Mr. Dunfield is an ex-student of Bishop Field College, a member of the Board of Directors of Field and Spencer Colleges and is also prominent in fraternal societies and social circles. He is a son of the late Canon Dunfield, the beloved Rector of St. Thomas's Church. The Telegram wishes Mr. Dunfield every success in the commercial world.

Church Parade and Sports at Bell Island. The C. L. B. Band which went to Bell Island on Sunday afternoon to attend a church parade the same evening, and bring sports on the following day, returned to the city yesterday morning. Reaching the island on Sunday afternoon by special steamer, the band was met at Beach Hill by the local company under command of Capt. Lindsay and escorted to the Armoury. At 6 p.m. a church parade was held when the battalion attended Divine Service at St. Boniface Church, the preacher being the Rector Rev. John Stead. During the service the band supplied the music for the hymns and afterwards gave a number of selections in the open, which was enjoyed by all present. The sports were held in Bennett's Field on Monday afternoon and at night an enjoyable dance was held in the armoury.

NO HUNDRED AND THIRTY MURDERS

LONDON, To-day. A thorough search of the waters in the vicinity of the spot where the Llandovery Castle was sunk by a submarine has resulted in no further survivors being found. An official statement by the Admiralty, says it may be assumed that only 24 of 288 persons were saved.

SAILING DELAYED.

WASHINGTON, To-day. Plans for the sailing of the American Hospital ship, Comfort, which it was proposed to send through the submarine zone without convoy, has been delayed by the ruthless destruction of the Canadian Hospital ship Llandovery Castle. AMERICANS HOLD POSITIONS.

WITH AMERICAN FORCES ON THE MARNE.—(By A.P.)—A counter attack by the Germans to-day against the new position, won last night by the Americans, to the west of Chateau Thierry was completely broken up. The Americans did not give up one foot of the ground which they took there was hot fighting to-day in front of Hill 204, which is in the hands of the Germans. At 5 o'clock p.m. to-day American artillery was engaged in shelling the position. Reports from the advanced front, brought heavy enemy barrage, confirmed the earlier report that the Americans have reached their every objective and are holding every point. The total number of Germans captured by the Americans is now estimated at 500, including at least seven officers.

ITALIANS HIT HARD.

ROME, To-day. The enemy yesterday delivered fresh attacks against the Italian positions on the Asiago Plateau, says to-day's official report. Enemy efforts were smashed by Italian fire which caused severe losses. In counter attacks to clear advance points, temporarily penetrated by small parties, the Italians were completely successful capturing 127 prisoners, four trench cannon and many machine guns.

NOTHING DOING.

VIENNA, To-day. Official artillery increased this morning to a degree of considerable violence between Brenna and Flavia. On the lower Piave throughout the day there were no infantry engagements on a large scale.

It resulted in Americans further increasing their number of prisoners. Virtually the rest of the enemy attacking force was annihilated.

NO MORE SURVIVORS.

The water between the position in which the Llandovery Castle was sunk and the southwest Irish Coast has been thoroughly searched by two ships of His Majesty's ships, in addition to the destroyer Lysander.
