NOT A BIG LIST.

ARCHANGEL, Mar. 13. (By the A.P.)—Compared to the losses inflicted upon the enemy, the Allied casualties in the fighting along the Vaga river since February 28, have been extremely light. It is estimated that the Bolsheviks have lost at least 100 killed.

FOOD THE FACTOR.

PARIS, Mar. 14. (By the A.P.)—Brigadier General Harris, commander of the American military forces at Berlin, has been here for several days to appear before the Supreme War Council to render a report on the military and economic situation at the German capital and throughout Germany. When General Harris' party left Berlin, the Government forces under Gustave Koeks, the German War Minister, had the upper hand, and in the General's opinion the Govt. will control the situation, particularly if food is sent to aid in holding back the Bolshevik menace from the Eastern border.

MORE WORK FOR THE DIPLOMATS.

BOOM FOR CANADA.

PARIS, Mar. 14. Greece and Italy have joined the list of European nations that are negotiating with Canada for credit in loans, which would be employed in

the purchase of manufactured goods in Canada. France and Roumania have already signed contracts, involving credits of \$25,000,000 each, and discussions with Belgium regarding a similar loan have been proceeding for some time. The negotiations with Greece and Italy are still in their infancy, and the amount of the credits desired by these nations has not yet been stated. It is believed, however, that Greece will be in a position to pay cash for most of the things she needs and would only request a small credit.

The report of the Board of Management of the "Industrial Worker" was read, and the advisability of adopting a weekly issue was devised, but it was finally left in the hands of a select committee to deal with the question before the next business meeting. The subject of the debate for the next general meeting was not decided, but was left to the decision of the Executive. ### Obituary.

Word was received by Magistrate Thompson, of Brigus, that his brother A. A. Thompson had passed away in Montreal after a short illness. Mr. Thompson was the son of Dr. Thompson, who practiced for many years in Harbor Grace, and was educated at the Grammar School. After leaving school he entered the drug store and the Anglo-American Telegraph Office, of which W. H. Thompson was proprietor and chief operator. For about twenty-five years he was stationed in the Anglo Office at Heart's Content. Ten years ago he went to Montreal where he quickly procured employment as telegraph operator in connection with the Pacific and Grand Trunk Railway. He was an expert operator and a druggist of marked ability. Messrs. E. F. Howell, at present of New York, H. F. Shortis, James J. Thomey, G. M. Gaden, W. R. Rogers, P. H. Glendinning and E. R. Thompson studied telegraphy at the same time Mr. Thompson was a pupil. The Telegram sympathizes with the family and relatives.
