Firmly Crounded Upon Real Merit
—They Know Hood's Sarsaparilla
Absolutely and Permanently
Cures When All Others Fall. Hood's Sarsaparilla is not merely a simple preparation of Sarsaparilla, Dock, Stil-

ingis and a little Iodide of Potassium. Besides these excellent alteratives, it also contains those great anti-bilious and liver remedies, Mandrake and Dandelion. It also contains those great kidney remedies, Uva Ursi, Juniper Berries, and Pipsissewa.

Nor are these all. Other very valuable curative agents are harmoniously combined in Hood's Sarsaparilla and it is carefully prepared under the personal supervision of a regularly educated pharmacist.

Knowing these facts, is the abiding faith the people have in Hood's Sarsaparilla a matter of surprise? You can see why Hood's Sarsaparilla cures, when other medicines totally, absolutely fail. Hood's Sarsaparilla

## Mark Twain

Describes the Recent Scenes of Rowdyism

Which He Witnessed in Austria's Rowdy Reichsrath on Thanksgiving Day-Is Glad He Was There

Mark Twain (Samuel L. Clemens) has cabled to the New York World from Vienna, a description of the scenes nobody heard, and passed by nobody passed at all. It was aimed at the obpower in the hands of the president of the parliament. This was a victory for the government, but was unlawfully won and was a simple usurpation. "Naturally yesterday's session would be historical, so I went early, arriving

the night I left. It had been selling when the house was empty. In half hungry paid \$2 50. I can relate an inan hour 200 or 300 members were present on the floor and the galleries were packed. I was in a gallery exactly opposite the president's tribune and had a perfect view. There was not much noise then, but the atmosphere was charged with suspense and expectan-All the house was holding its Cy. breath. A long waix, then a stir, a craning of necks and by a door far to the right the president and vice-presidents entered. The house rose, and a HURRICANE OF INSULTS AND EX-

ECRATIONS burst from the opposition them to their places. The Right answered back, and both sides roared, shouted and stormed. Two dozen Socialists stood in a body below the ministerial desks, shouted up at the president, and shook their fists furiously at him. He addressed some words to the house; at least, one could see his lips move, and he spread his hands over his breast. If he is a tyrant, he has some beseeching, persuasive gestures, not seen elsewhere but among the angels. That holy gesture seemed to madden the group of Socialists. All at once they

PLUNGED OVER THE BARRIERS and up through the ministerial benches, one in a red cravat, reached up and other seized his bell. In a moment they were fighting and struggling with uniformed servants of the house, wno ejected them. At the same time others of their group stormed up the side of the tribune, drove out the president, and the vice-presidents, and followed them all across the floor, hammering the latter with their fists. The Socialists came back, occupied the president's tribune, and held it like a fort. The man in the red cravat gathered up an armful of the president's papers and threw them over the front, in a sort of snow storm. Meantime the whole house was

HOWLING AND YELLING "Radicals!" "Scoundrels!" All of a sudden the distant door opened, and down the floor of the chamber came drifting the spectacle and flash of 50 would not have missed it for the succession to the throne. Moreover, it was history, and belongs among the world's memorable days. This force was received with a temptest of execrations from one party and with vic-

A HEAVY DEFEAT for all concerned. The handsome officer in command cared nothing for the reception. He went up into the tribune and requested the Socialist garrison to retire. They declined. Then he stepped aside, and his men pulled, hauled and dragged the fighting, struggling garrison down and out of their fort and out at the door, and the drama was finished. There were some more scenes before the sitting closed, but they were nothing after the supreme tragedy.
