THE RAILWAY WORLD

Story About General Manager Reeves' Retirement Denied-N. Y. C. and

Montreal, July 17 .- An emphatic contradiction is given to a story that General Manager Reeve, of the Grand Trunk, is to resign, and that he will be succeeded by Mr. F. W. Morse, who was recently appointed third vice-president and assistant general manager. Mr. Reeve, it may be stated on authority, has no intention whatever of resigning, and the story is a pure

N. Y. C. AND MONTREAL. Montreal, July 17 .- The report is current in railway circles that the New York Central Railroad Company has commenced to take the preparatory steps towards obtaining an independent entrance into Montreal. Two New York Central civil engineers, J. P. Lonergan and J. R. Phaling have for some time been engaged on survey work between the terminus of the St. Lawrence and Adirondack line and this city, and their work is understood to be the mapping out of the means by which the New York Central will obtain access to Montreal. A somewhat significant fact in this connection was the announcement which came from New York that the St. Lawrence and Adirondack, hitherto jointly owned by the New York Central and the Canadian Pacific is to be taken over by the New York Central, and operated as part of its line. The New York Central at present comes into Montreal over the Canadian Pacific system. It is understood that the construction of the new bridge over the St. Lawrence

at Montreal is part of the scheme. BASEBALL.

The game of baseball between the St. John's A. C. and the Wellington Street Methodists, which was to have been played last evening has been postponed till Friday evening at 6:30. Tonight the druggists and St. John's A. C. will play on the latter's West London grounds.

R. C. STRUTHERS & CO. VS. STER-LING BROS. R. C. Strathers & Co. and Sterling Bros.' teams will play a game this evening on the Chapter House diamond,

LACROSSE. CLINEON DEFEATS MITCHELL. Clinton, Ont., July 17.-A junior C. A. match, between Mitchell and Clinton, was played here last evening, resulting in a victory for the home

team by two to one. TURF.

HORSES AT WINDSOR. Windsor, Ont., July 17.—Six car bads prominent stables are Wells & Co., with Nells Morris and five others Willie Gleason with Flop lroy and three others, and W. Connor with Hinsdale.

* A TRIPLE DROWNING. Gloversville, N. Y., July 17 .- Three boys, aged about 16 years each, were drowned in a bathing pond in this city last night. They were in a crowd of bathers, and their disappearance was not noticed until a boy happened to step on the body of one of the drowned boys. An experienced swimmer then dived, and recovered the bodies of Harry Gehrman, Calvin Mills and Fred Vines, all lying close together in about six feet of water. It is believed that Mills became exhausted and dragged the other two boys under while they were trying to assist him. Gehrman

and Mills were experienced swimmers.

All the boys were members of prominent families.

and says: "I feel a bit shaky this morning, and shall need a bracer." His real need is not nerve stimulant, but nerve strength. Dr. Pierce's Golden Medical Discovery gives strength to the nervous system. It does not brace up, but builds up. It is entirely free from alcohol and from opium, cocaine, and other narcotics usually found in so-called nerve medicines.

cept no substitute for "Golden Medic. Discovery." It cures.

David Duggins, Esq., of Jones, Ohio Co., Ky., writes: "When I began taking Dr. Pierce's Golden Medical Discovery I think I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds weight, and also gained strength every day."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay cost of customs and mailing only. Send 31 one-cent stamps for book bound in paper, or 50 stamps for cloth binding. 50 stamps for cloth binding.

Dr. R. V. Pierce, Buffalo, N. V.

THE BRITISH FLEET.

Misses Maggie and Maud Stanley, of Interest in England Is Centered on the Coming Naval Programme.

> London, July 17. — The mobilization of two fleets from Portsmouth and Devonport for naval maneuvers of exceptional interest serves to divert public attention from the war in South Africa. The Channel fleet and reserves squadron will be pitted against each other in an ingenious scheme of paper warfare developed by the admiralty, and the two admirals will try to outmaneuver each other. Both fleets were rapidly mobilized, and the cruise will be followed by the nation from day to day with pride and interest, whether one admiral or the other succeeds in breaking through. The official scheme is based almost too obviously upon the strategic value of Gibraltar the possibility of the French fleet getting ahead of the British fleet in reaching the goal. The two squadrons are not evenly matched, one is much faster and stronger than the These naval maneuvers are more elaborate and costly than those conducted in recent years. It is Lord Selborne's first attempt to exploit the resources of the navy, and he is not

WELCOME RAINS LESSEN THE HEAT.

COLONY FOR EPILEPTICS.

Poughkeepsie, N. Y., July 17 .- Alderman J. M. Rhodes, M.D., and Edwin W. Marshall, representing a committee which purposes to found a colony for epileptics at Warford, Cheshire, England, visited the Hudson River State Hospital for the Insane here yesterday. Dr. Rhodes said this was the best conducted institution of the kind they had yet visited. What especially pleased him was that each patient is permitted to dress according to his uniform attire is worn. The committee will spend three weeks in this country. Asylums in Germany and to this country.

TO TRANSMIT POWER. Allegan, Mich., July 17.-For some time past experts have been at work in a small building at the big dam of the Kalamazoo Valley Electric Company, in Trowbridge township. They are experimenting with a machine called a step-up transformer. The object of the machine is to increase the voltage in the transformer at the plant, and at Battle Creek or any other point where the company is transformer. The step-up machine increases the current ten or twenty times, and where a step-down is used the current is reduced by a rotary transformer to 500 voltage, or to what ever voltage is desired. If successful this will mean country plants can increase the current at their plants with no additional cost beyond a step-down or a step-up transformer.

LONDON PAPERS' VIEWS. London, July 17.-Lord Rosebery's announcement is considered by the Daily Telegraph as "severing his last connection with a hopeless Opposition." The Daily Chronicle says: is destined to have a profound effect upon the country, pointing to the formation of a national liberal party. numerous materials for which are scattered within easy reach."

The Daily Chronicle meaningly asks if Lord Rosebery will take his part toward realizing the desired end.

The Daily News regards Lord Rosebery as "standing outside the vine-

The dispatch was received from Tula, European Russia, where Count Tolstoi is understood to be.

BAD MARINE COLLISION. New London, Conn., July 17.-With 40 feet of her bow cut clean off, the steamer Tremont, of the Joy Line, which left Boston yesterday for New York with 300 passengers, was towed into New London this morning in a own taste. In most European asylums sinking condition and beached. All her passengers had been transferred to other steamers in the sound. The Tremont's injury is due to a collision France were inspected before the trip in the sound at midnight last night with the steam yacht Wild Duck. A NEW PEST.

New York, July 17.-An insect, new to the farmers of West Chester county, and, it is thought, a novel pest, has made its appearance. It has become locally known as the "flying boring bug," and is doing much damage to fruit and trees. The new insect is described as being as large as a bumble bee, having a long, hard sting, with which it stabs the younger trees and fruit. The flying bug was first seen in Orange county, and furnishing power to have a step-down later devastated two West Chester county townships. The bug, it is said, will destroy whole fields of grain. ASTRONOMERS FAILED.

San Francisco, July 17.-Prof. E. C. Barnard, formerly of the Lick observatory at Williams' Bay, Wis., has returned from Sumatra, where he went to observe the total eclipse of the sun on May 18. Prof. Barnard reports that all the astronomical expeditions sent out by various bodies and institutions were failures, in a great measure. They have added little to the stock of astronomical knowledge. This result is due to the cloudy weather that prevailed at all the stations but one, which happened to be imperfectly equipped because it was expected the clouds would be thickest there.

MOTHER GRAVES' Worm Extermina tor has the largest sale of any similar preparation sold in Canada. It always gives satisfaction by restoring health to the little folks.

NEW ATLANTIC RECORD. Plymouth, July 17.—The Hamburg-American line steamer Deutschland, which left New York July 11, arrived here this morning. The Deutschland made the passage from New York in five days, eleven hours and five min-utes, at an average speed of 23.51 knots an hour, over a distance of 3,082 knots. The vessel's highest day's run was 557 knots. This establishes a new

eastward speed record. SUNDAY SHOWS AT THE PAN. Buffalo, July 17.-The concessionaries of the Pan-American Exposition, at a meeting of their association, have decided that their shows on the Midway must be kept open on Sundays, if the outer gates of the Pan-American Exposition are open. "It is just as bad for the company to give an illumination, run their electric tower elevator and provide other entertain-ments on Sunday as it is for our shows to do business," said all in chorus. The Indian Congress management made the formal announcement that its gates will open at 1 o'clock next for the annual exposition at Winnipeg | Sunday afternoon. A committee was at the end of this month. It is expected appointed to see President John G. Milburn today and to inform him or the determination of the concession-

There are many things that may cause There are many things that may cause dyspepsia or indigestion. There are many things that indigestion or dyspepsia will cause. The thing you possibly are best acquainted with is "that feeling of distress after eating." If you want to know the cause, better buy a doctor book; if you want to get rid of it, invest 25 cents in a large bottle of PARKE'S LITHIATED FRUIT GRANULES. Sold by Cairncross & Lawrence.

GOOD DIGESTION SHOULD WAIT GOOD DIGESTION SHOULD WAIT ON APPETITE.—To have the stomach well is to have the nervous system well. Very delicate are the digestive organs. In some so sensitive are they that atmospheric changes affect them. When they become disarranged no better regulator is procurable than Parmelee's Vegetable Pills. They will assist the digestion so that the hearty eater will suffer no inconvenience and will derive all the benefits of his food. the benefits of his food.

STORM WARNING. - A severe storm may be expected every day of the week in all domestic circles where HUDSON'S SOAP is not in regular daily use. A packet will prevent it.
