## ADELAIDE THURSTON TONIGHT.

Miss Thurston appears at the Grand tonight with a new play, "Polly Primrose," a captivating comedy-drama.

Miss Thurston is said to be delighted with her new role, and to be better suited to her manner and capabilities than any since her appearance as Lady Babbie. The "nettie star" is provided with a very handsome production and a company of the first order of excellence.

## Deadly "La Grippe"

OR EPIDEMIC INFLUENZA IS CAUSED BY AN AIR GERM — THE MOST SCIENTIFIC REMEDY IS CATARRHOZONE.

Two years ago, the medical journals commented, wisely on the marvelous success of Catarrhozone, which assisted very largely in stamping out the epidemic raging at that time. Cases that had resisted all other treatment were at once relieved, and through the great healing powers of Catarrhozone further progress of the malady was arrested.

It is doubtful whether in the whole range of medicine a more lasting cure can be found. If a patient has any warning of the approach of La Grippe he has only to inhale the germ killing vapor of Catarrhozone a few times daily and escape entirely.

Even as a preventive of colds and catarrh it is a wise precaution to always carry a Catarrhozone Inhaler in your pocket. At the first shiver or sneeze you can ward off an impending attack by merely inhaling a few breaths of Catarrhozone. Fatal consequences are often avoided in this way. The Inhaler is beautifully finished and made entirely from hard rubber. It can be conveniently carried in the vest pocket ready for use in church, at work, in the theater, street, anywhere, at any time. The complete Catarrhozone outfit contains a large bottle of inhalant, sufficient to keep recharging the inhaler for two months. It costs \$1.00, and is guaranteed to cure. Sold by all druggists or sent direct to your home by mail if the price is forwarded to N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U. S. A.
