## TOO SHORT TO DO UP AND STILL FALLING

A little "Danderine" stops your hair coming out and doubles its beauty.

To stop falling hair at once and rid the ecalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

# **BITRO-PHOSPHATE** IS GOOD FOR THIN,

A PHYSICIAN'S ADVICE. York Physicians' "Who's Who." says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal during each meal

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many ma ical journals.

If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

## **UNABLE TO WORK** FOR 8 MONTHS

For Four Years Conductor Could Only Work Half Time—Never Misses an Hour Now.

The remarkable results being obtained from Tanlac is further evidenced in the case of Albert Burgess, a popular conductor on the Winnipeg Electric

"I have been so wonderfully benefited several private houses, which were all by Tanlac that I will never stop praising it," said Mr. Burgess. "For the past four years I have not been able to work, but about three days a week, and have had to spend a good part of my wages trying to get my health back. For eight months, I was unable to hit a lick of work, and was just barely able to get about. I suffered with awful EGYPTIAN PRINCES pains through my forehead all the time and also had spells of dizziness when I would have to catch hold of something to keep from falling. My stomach finally got in such a bad shape that I could scarcely eat a thing and barely enough to keep me alive. What little I did eat soured on my stomach and I suffered terribly from gas and bloating. I took all kinds of medicines, but still I suffered and could not get myself in shape to work more than half time. I would go for weeks at a time without getting nore than an hour's sleep a night. My condition was awful, and I didn't know

what to do for relief. "At last a friend begged me to try nlac, and now I wish I had known out it long ago, for it has really made a feel like a brand new man. I used suffer with a dreadful hurting in the tof my stomach, but after taking unlac a short while this trouble dispeased and now my stomach is in Tanlac, and now I wish I had known about it long ago, for it has really made me feel like a brand new man. I used to suffer with a dreadful hurting in the Tanlac a short while this trouble disappeared and now my stomach is in uch a good shape that I can eat just anything I want and never suffer a with gas or pain, and my appetite is so big that I can hardly get enough to eat. The pains have not only left my head. but all my misery is gone, and I have not missed an hour from my work since shortly after I began taking Tanlac. I have also gained several pounds in weight, but what I was after was relief, and, thanks to Tanlac, I have found it. I can now handle my work as well as when I first got my run seven years ago. It certainly was lucky for me that I got

## REJECT BRITISH **GOVT. OFFER OF** HIGHER WAGES

London Railwaymen at Meeting Decide Plan Is Unsatisfactory.

SIXTY SHILLINGS A WEEK

Plan Regarded That Amount As Average Minimum To Be Paid.

LONDON, Jan. 4 .- (By the Assolated Press.)-The Government's offer to the railwaymen, made public tonight, which conceded considerable advances in wages, was rejected later at mass meetings of the railwaymen held in the east end of London and at Northampton. The men decided that the offer was unsatisfactory.

The plan of the Government was the same as that unofficially reported last week except that 60 shillings a week was to be regarded as the average minimum wage for the different grades of workers, some grades being paid as low as 56 shillings and others being paid higher rates. Taking the situation as a whole the increase offered was 100 per cent over the pre-war rate. Under the plan, should the cost of living increase before next September, wages would be raised one shilling for every five per cent in the rise in prices. After September there would be a sliding scale, varying with the high cost of living.

Another important point provided for the creation of a cent al wages board, five members of which were to represent the railway administratives and five members of the unions. The board would deal with any further conditions of service which might arise. If the loard was unable to effect a settlement the disputed points would be refer ed to a national wages board, consisting of four representatives each of at Northampton. The men decided
