PLAN BIG JUNIOR SOCCER CAMPAIGN FOR DISTRICT NEXT WEEK

1921 WAS GOOD START

Teams Played Season Through -Affiliate With O. J. F. A. This Year.

A meeting of the Junior Twin-City cer League will be held in the oms of the 2nd Machine Gun Brigade Monday night next. The juniors uld get away to an early start this ear, as junior soccer is probably on he eve of its biggest year in this dis rict with a splendid preliminary 1921 eason as a background. At least double the number of entries are exected this year.

In 1921 six team started out the eason, which finished with St. Thomas overs as champions and first holders of the Brisco Trophy. Organization as rather a hasty affair, nobody seemed to know the proper procedure, nor the channels of affiliation. The consequences, however, were not so bad, although it turned out that the league was in effect playing outlaw football. There was little legislating owing to the fact that the constitution was a hastily arranged but terse afowing to the fact that the constitution was a hastily arranged but terse af-fair, taking in enough essentials ap-parently to get the teams going and keeping them going through the first season junior football ever enjoyed in this district.

Good Sportsmanship. Considering that it was an inter-tty affair, with two teams resident n St. Thomas, the expenses mounted p considerably beyond any "gate" otal, but the players on every club, elf-supporting as they all were, showself-supporting as they all were, showed splendid sportsmanship by paying
their own way and going through the
season just on the momentum of team
spirit. Many of the clubs received
little aid in the way of coaching from
experienced players, but even here
they kept on learning the game through
necessity if nothing else, and toward
the end of the season were playing a
brand of the junior game, or juvenile,
if it were given its real rating, that
wasn't at all hard to look at.

This year junior soccer is being organized on a better basis ail over the
province, and the winner of this
league will this year go through the
whole series of the Ontario Junior
Football Association, which presides
over junior soccer in this province.

"Billy" Armstrong of Hamilton,
president of the O. J. F. A., may be

Bender still dabbles in baseball, but in a minor league way. He is to manage an International League Club this year.

While it isn't generally known, Bender is as famous with the shotgun as he ever was with a baseball.

Bender is a crack shot, and is a great devotee of the traps.

For a number of years he has spent as much time on the traps as the ball field. He is an authority on firearms.

In the winter time for a number of years he has been connected with a prominent firearm and ammunition-making concern.

In the above picture Bender is shown in his New Haven, Conn., store disposing of a gun to a customer who is seeking advice. Bender plans to continue in this business when his baseball days are over.

THOMPSON WAS STAR

Curlers Would Have Had Larger Lead But For His Great Work.

TORONTO. Feb. 28.—In defeating Aura Lee in the first game of the series for the Senior O. H. A. championship tonight by 6 to 2, the Granites clearly outplayed the losers in all but one department of the game—goal-keping—and they justly earned the 4-goal lead that they take into Friday night's encounter. Had it not been for the display of Thompson in the Avenue Road goal, it is more than likely that the Curier's margin would have been greater, as the Red Shirts goalie turned away numerous shots that looked to be ticketed through, a good number of them being from close range. Granites had more speed, checked better, broke quicker, and were more deadly in their shooting than were their opponents, and they displayed more combination.

In the second period, although there was no scoring, the Curlers had the losers penned in their own end of the risk practically the whole 20 minutes, and were in on top of Thompson many times, but he was invincible.

In the first period the play was about even. Aura Lee tried hard in the final period to even the count, but unsuccessfully.

The various titles in boxing are getting so complex that they'll have to get something in the future for reference like Burke's Peerage, the people in which may go wrong in form but never in ancestry. Boy McCormick, who was beaten by Ted Lewis a few weeks ago, is going to fight again, defending this time the British light heavyweight championship. Lewis should have as good a claim to that as McCormick, but battlers can't get purses these days unless they are glued to some sort of title.

Referee—R. Sandercock, Woodstock. Every club in the American League would welcome the addition of Bob Veach, despite the many reports from Detroit that he is on the market. Veach can hit the old pill, which will cause many a manager to overlook any other faults that he may have. However, to have a real chance to get him, someone must offer the Tigers a likely-looking shortstop in return. New York, in Johnny Mitchell, has the only extra player who might fill the bill. The last five produced the above. The line-up: McClarys—Reuter, Murray, Delaney, Andrews, Campbell, Kelly and Bryant. London Motors—McLean, McCarty, McBurney, R. McKay, A. McKay and George Arthurs. Perrins Are Hustled. This was anybody's affair until the third period, the second period score having the Biscultmakers ahead 1 to 0. The Perrins crew notched two more on rushes of Lougheed, Milne getting Beil's last. Clarence Armstrong handled both games.
