Canadiens Meet St. Pats In Opening Game of N.H.L. Elimination Wednesday

Flying Frenchmen Defeat Tigers 4-1 In Closing Game

Truth Mightier Than Goal Pads

It was one of those school games of some weeks ago. Boyle school hockey champions and another team were playing.

A goal was scored, of which neither the referee nor some of the Boyle players were sure. As there were no goal judges, the referee appealed to the goal keeper, Jack Eleming r, Jack Fleming.

He was a diminutive party this

goal keeper, but he was big in the stature of truth—eight feet tall at least. He said: "Yes, the puck went through me." When it came to choosing the

player of the school teams most valuable to his team, the choice narrowed down to four boys. One after another they were eliminated until only two were left. The award was made to "Jakie," as his schoolmates call him, because he had come through an actual test of real sportsmanship with flying colors, even if there was another goal chalked up against his net

New York, March 9.—Jack Dempsey, according to law, has fifteen days in which to reply to the ultimatum sent to him by the New York state athletic commission. The edict of Friday gave him twenty-four hours, which the commission now admits must have been a mistake. Jack Kearns' reply that the champion is willing to meet Harry Wills when the boxing mogulis of New York state makes satisfactory financial guarantees, appears to leave the situation.

This is according to the dope from the Giants' camp. From the Senators camp at Tampa, however, comes word that Tom Zachary, the southpaw who tamed McGraw's men in the last world series, looks like the choice of Managet Harris. Johnson is not going on the trip, Tampa reports say, but will be left behind with his receiving partner Ruel. Martina, Marberry and Russel will accompany the Senators.
