HALDON.

Turgoose, P.O. Purifier-pureFrom THE DAILY COLONIST, June 11.] VICTORIA WEST.

Hon. Mr. Prior and Mr. Earle Address an Enthusiastic and Influential Meeting.

The Conservative Policy of Progress Contrasted With the Helplessness of the Opposition.

Yesterday evening's meeting in sup-

siderate hearing for each of the speakers to quote once more from Hansard: who would take the platform - par-

form that he now, as on the last occasion he had come before the electors and on every occasion on which he had been a candidate for their suffrages, had but the same old story" to tell. The tale he had told the meeting at the A.O.U.W. have to tell the electors of Victoria West, have to the recurrence was ample evidence obtainable that Great Britain was fast coming to a realization of the first time obtaining of the country. And although England has for centuries stored in the recurrence was ample evidence obtainable that Great Britain was fast coming to a realization of the first time obtaining to foreible in his remarks. A Voice—"Well! The beggars ought to be killed." (Laughter.)

An unit withe electors and there evas ample evidence obtainable that Great Bri form that he now, as on the last occa-

the policy in the best interests of the 000; the capital policy has been the consolidation of the ful whole—a young nation that since Confederation has grown by leaps and bounds. Prior to 1878 the Mackenzie government had been in power and they certainly had been unable even according to their own admission, to bring prosperity to Canada—to the farmer, the manufacturer, the artisan or the miller. It was very evident to the thoughtful that the policy of free trade was not the one for the upbuilding of a new country rich in varied but as yet undeveloped resources. Therefore Sir John A. Macdonald had proposed to substitute the policy of prooverwhelming support, which enabled him to inaugurate the National Policythe keystone of Canada's present prosperity. Since that policy was put into operation 10,000 miles of railway alone world. Fast and well equipped steam-ably have an opponent and will ments had been constructed, exclusive of the ship lines were now in operation from say all the untruthful things he C.P.R., or 16,000 miles or more in all, and Canadian ports to the West Indies, to considers necessary in his own defence.

ing the construction of a direct cable between this province and the Australasian colonies-an indispensable factor to the upbuilding of intercolonial trade. It augurated this policy of Canadian development, and it was the Conservative party and the Conservative party alone that had shown itself in favor of this liberal policy. The leaders of the opposition, the strongest man in the Liberal party, and its practical leader especially already on record as persistently opposing all subsidies for the opening up and consequent development of the country, as his public statements on the floor of the house debate on the Nicola Valley railway bill,

tion to railway grants in British Coltive government, and to this fact umbla? British Columbia pays nearly the people of Canada owed their present connecil and printed for presentation to that goods dyed with them cannot be \$1.250,000 a year into the treasury position. Another thing, the Conservathe house ten full days before Mr. Lau-told from new. through customs duties, and is entitled tive party aimed continually to strength- rier gave notice that the opposition country, the same as lines of railway the development of a scheme for the house, as the Liberals would have said money. through the other provinces. We mutual exchange of commodities by they were simply paraded as a bid for Guard against substitutes: see that

lines of railway for the benefit of that nothing upon any country of the globe league, had seen included numerous country."

"Sir Richard Cartwright—That would (Applause.) This in itself was a grand these estimates would into not hear that would in the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly, wotes of special interest to Victoria, and the country of the globe league, had seen included numerous over which her own flag did not fly work of special interest to Victoria, and the country of the

meeting, and asked for a fair and con- | inaugurated. On that occasion, he said, |

have to tell the electors of Victoria West, and it was upon the same declaration of principles upon which he had before been returned by them, that he would ask the electors to send back Mr. Earle and himself as their representatives to Ottawa. (Applause.) It was upon the same old tried and proven policy that dhis colleague appealed to the prate for their support, and he

Canada, and there were also advances narrow gauge. And with all regard for to be recorded in hundreds of other ways Mr. Laurier personally he could not look arising out of the development of the upon him as a man strong enough to be productive industries. public

Mr. Templeman was next called upon.
He said he did not feel well to-night and
would therefore speak for a few minutes
and ask Senator McInnes to close the
meeting. "I hope my friend Mr. Daniels
will not go," he remarked, as that gentleman rose to leave

"Yes, I'm going home; I don't want to have anything to do with a man like you,"
Mr. Daniels replied as he passed the plat-

form amidst great laughter.

Mr. l'empleman proceeding said he had happened to go into the A.O.U.W. hall at Diamond Dyes can re-color old and faded dresses canes jackets pants vests and dresses canes jackets pants vests and debate on the Nicola Valley railway office of the obtaining of these lines of for the many office of the obtaining of these lines of the many office of the obtaining of these lines of the many office of the obtaining of these lines of the many office of the obtaining of these lines of the many office of the obtaining of these lines of the many office of the obtaining of these lines of the many office of the obtaining of these lines of the obtaining of the search of the obtaining of these lines of the obtaining of these lines of the obtaining of these lines of the obtaining of the search of the obtaining of these lines of the obtaining of the search of the obtain by the Colonist had been made by Col. Prior that he (Mr. Templeman) had advocated no free hist. What he did say was, ago to night, when he left the schooner, through customs duties, and is entitled to party aimed continuary to strength when he left the schooler, to consideration at the hands of this house. Every single one of these rail-ways is to develop portions of that the did say was is to develop portions of that the did say was is to develop portions of the serious abstraction and single vote to pass. In some of the serious and became intoxicated; the supposition and the thought it would be possible to strike an nothing at all about the free list; "we all lishman, 21 years of age.

know that there is a very large free list at present." With respect to the redistribu-tion bill, he said the only information the local Liberals had was that the district was to be divided into, he thought, 27 polling divisions, and "without knowing exactly what we were asking, we requested Mr. what we were asking, we requested Mr. Martin. of Winnipeg, to oppose the bill, on general principles

general principles."

Senator McInnes also complained that he felt completely knocked out, having been on the road—so to speak—for about three weeks in the endeavor to keep up with the younger member of the clan McInnes now before them. them as the candidate. He promised that the Dominion franchise act will be one of the first repealed "when we come into our father's kingdom on the 23rd of June."
He favored the provincial plan by which Mr. W. W. B. McInnes, of Nanaimo, the any man can have his name placed on the Earle, at Victoria West, was largely attended and was one of the very best in the history of political meetings in that suburb. The audience was composed almost exclusively of resident electors, and the only interruptions came in the form of frequent and hearty applause.

Mr. John Russell on taking the chair very briefly explained the purpose of the meeting, and asked for a fair and continuous tering, and asked for a fair and continuous tering and and money distances subsidies of land and money tended and was one of the very best in the tended and was one of the very best in the tended and was one of the very best in the tended and was one of the very best in the estimates provision dad and money dadistances subsidies of land and money tended in the estimates provision dad and money dadistances subsidies of land and money tended in the estimates provision dad and money date in the estimates provision dad substitute as the seller should not be Canada and money of the Canadian farms to furnish the Liberals was supported by was made for the completion of the Victoria Determine that it is advisable to assist a few hundred families here or a few hundred families here."

In regard to the Columbia and Koothom to the policy of the poposition tand gain plainly voiced the market for these opposition to the provided in the estimates provision the Canadian families dericing to the country that the Closure in the Liberals was upported by in the L nent questions put by Mr. Daniels.

Mr. David Stephens was chosen as chairman and after a short address called upon the candidate as the first speaker.

Mr. W. W. B. McInnes prefaced his address with criticism of what he termed the indifference of the late member from this district, Mr. Haslam, in never having visited this part of the constituency. He then proceeded to deal with the Manitoba school question, emphasizing his contention that it is the great issue of the campaign, and expressing his unqualified opposition to the re-establishment of separate schools in Manitoba. He repeated that the demand for these schools came from the lierarchy rather than from the people; and when Mr. Daniels from the audience of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these schools came from the hierarchy rather than from the people; and when Mr. Daniels from the audience of the campaign and expressing his unqualified opposition to the re-establishment of separate schools in Manitoba. He repeated that the danad for these schools came from the hierarchy rather than from the people; and when Mr. Daniels from the audience of the construction of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these schools came from the demand for these schools came from the hierarchy rather than from the people; and when Mr. Daniels from the audience of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these account of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these account of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these account of the campaign and expressing his unqualified opposition to the re-establishment of separate the demand for these account of the campaign and expressing his unqualified opposition to the re-establishment of separate
