Lord Charles Beresford's Advice to British Government as to Chinese Policy.

Pekin Easy to Influence But Now Consid rs British Afraid

The Admiral also said that there would that American trade in China was progressing by leaps and bounds proportionately much faster than that of Great

Britain.

The Daily Mail publishes an interview with Lord Charles Beresford. He told the interviewer that he could say little shout his tour until he had completed his.

J. A. Simpson's fine residence at Poplar Britain. about his tour until he had completed his Point Portsmouth, O., March 6.—The river has swept over the lowest part of the city, and residents have fled to higher Chambers of Commerce, but he insisted that if all the powers began grabbing land in China it could only result in quarrels and war.

"It is absolutely necessary," he said, "to keep China on her feet. Better stand up now for the open door than venture up now for the open door than venture upon the dangerous course of spheres of influence. I do not suggest a cut and dried alliance. I do not think America will join an alliance. But America, England, Germany and Japan might agree to work together to maintain the open door.

"Of the six men who direct China's policy four have never been outside of Pekin. Li Hung Chang has no real power. The empress dowager is the real power and a very clever woman. She signs the popular edicts herself and makes the emperor sign the unpopular ones. The p-vinchi rulers are more progressive than those of Pekin. They all favor the open door policy and only

Athens, Tenn., March 6.—A tornado about seventy-five yards wide, struck a portion of Madisonville on Saturday inight, killing three persons, wounding ten or twelve others and completely destroying twelve or fifteen houses and several barns.

In the fill half way down and the shock seemed to revive him. He climbed to the top and was just falling back when he was hauled out.

The five suffocated men were at last taken out and quickly placed under the taken out and quickly placed to the gas.

The first placed a cablegram from him shortly after the wreck.
