The reports of the cotton mar ket at Liverpool, and of the condition of the manufacturers in Laneashire, come worse and worse it appears probable that the ridiculous speculation in cotton wool. which has been carried on by the American banks for many months past, is about to explode. The sooner this takes place the better, as it has caused incalculable mis chief to our manufacturers, who will not readily resume active of the late Lord Caledon. operation until the prices revert to a corresponding level with those of their fabrics. If a few of the hanks should be blown up by the Atlantic - Morning Post.
