A HAPPY NEW YEAR

To all our Friends and Customers we send greetings with our best wishes for their health and prosperity. New Year Days are the mile posts in life's journey, and as we pass them year by year, we always see the circle of our friends and patrons greatly enlarged. This is as it should be and the fact affords us pleasure. We would at this time suggest

Two Resolutions

On the part of our Friends we suggest that each and every one resolve to continue favoring us with their patronage, as evidence of their appreciation of our efforts to serve. For our own part, we will resolve to render our energy and strive to deserve that patronage more than ever during the coming year. Both good resolutions, aren't they. Don't forget to change your dates. Begin now to write it—1902.

Nothing Erratic About the Imperial Oxford Range

You can regulate the fire with the same pressure as if setting a clock—have just the exact heat wanted in the oven—a thermometer to show the different degrees and a simple management of draughts to check the fire as soon as you're through. It means many dollars saved on coal bills and a heap of vexation avoided because there need be no delay for the cook.

Why not call and see this fine range—leading dealers all over Canada will explain its improved features. Sold in Berlin
