In this capa city he was more than once entrusted with delicate missions by the Generals Bernardiu de Portogruaro and Louis de l'arma He visited thirteen provinces of his Order, inculcating the principles of the mouastic life and spirit of St. Francis everywhere he passed.

He was on the point of visiting France, in 1892, on a similar mission, when the Sovereign Pontiff precontzed him Bishop of Lacedonia in the consistory held in July of that year new B shop made his solemn entry into his diocese on February 2 1893, and began immediately to work for the spiritual welfare of his flock. He aimed chiefly at getting into direct contact with his clocesans, and in the three years that he re mained in Lacedonia visited the whole diocese three times His pastoral letters, written during this term, were remarkable productions, one deserving special mention, the lotter which treated of the respect which Catholics owe to their priests

Whereas His Lordship the Bishop of Charlottetown has lately addressed a Circular Letter to the clergy and laity of his diocese, in which he warns them against the danger of joining not only those secret societies formaliv condemned by the Church, but also those others that seem to be closely allied to the Masonic Order, doubtless because of the wording of the rituals used at their burial services, wherein the name of Christ is not to be found, and because some of these societies are governed and directed by men belonging to the higher order of masonry ;

And whoreas in the same Latter His Lordship highl, recommends the insti tution known as the Cathoric Mutual Benefit Association of Canada to the faithful of his diocose, as one deserving their confidence and patronage and as one that is socially, religiously and morally well adapted to the wants of

Catholics: Therefore resolved by the members of Branch No. 251 of the said Catholic Mutual Benefit Association of Canada that they hereby record their high appreciation of the interest His Lord ship is taking in the advancement of their society throughout his diocess and their deep sense of gratitude for the favorable light in which he places their organization in his late Circular Letter.
