A NEW BOOK.  
**THE GOSPEL IN NATURE.**  
By REV. H. C. MCCOOK, D.D.  
POSTPAID, \$1.25.

"THE GOSPEL IN NATURE" is a better book than its name implies, for it takes familiar facts from the works of God and employs them with learning and devoutness, for the illustration of vital truths, only learned from the word of God. Dr. McCook has here, as elsewhere, used his talent for natural history wisely and effectively; and his work is practical and adapted to our times, as may be seen in the discussion of such questions as a Christian's right to hold land. The book is fitted to be widely useful.—John Hall, New York.

President, HON. A. MACKENZIE, M.P.,  
Ex-Prime Minister of Canada.  
The Semi-Tontine Return Premium Plan of the North American Life Assurance Co. provides that should death occur prior to the expiration of the Tontine period, the whole of the premiums that may have been paid will be payable with, and in addition to, the face of the policy—thus securing a dividend of 100 per cent on the premiums paid, should death occur during said period.  
The Commercial Plan.—The large number of business and professional men who have taken out large policies on the Company's Commercial Plan show that the demand for reliable life insurance, relieved of much of the investment element which constitutes the overpayments of the ordinary plans, is not confined to men of small incomes, but exists among all classes of our people.
