and get a**\$1.50 COPY-HOLDER FREE**

To introduce our "TREASURY" ribbons and carbon paper, we will give you one "SUCCESS" Copy-Holder with every order of two or more ribbons or box of carbon paper. The feature of this holder is the **THIN** iron base which fits **UNDER** the machine **AT THE BACK** bringing the copy on a direct line with the eyes and **STRAIGHT IN FRONT**. It prevents that constant "bobbing" back and forth from machine to copy. "TREASURY" ribbons are as near perfection as the finest material and skill can make them. A better ribbon could not be made at any price. "TREASURY" Carbon paper has a glazed surface that will not smut. Is warranted to give over 100 copies before worn out. Prices on ribbons, any color, for any machine, two (2) for \$1.50, copy-holder free. Four (4) for \$2.00, copy-holder free. Prices on carbon paper, any color, regular weight, takes 3 to 5 copies, \$1.50 box, 100 sheets, copy-holder free. Featherweight, takes 6 to 10 copies, \$2.00 box, 100 sheets, copy-holder free.

GLASS WINDOWS.**They give absolute security—resisting
intense fire heat, as well as the action of
water.Arranged to open with this "fusible link"
attachment, they close and lock automatic-
ally if a fire occurs—150° melts the link—
thus giving complete and perfect protection.This "wired glass" admits the light as
freely as plain glass—is rather ornamental
in effect, and greatly lessens insurance
rates.
