

HOUSE SURGEONCIES.

We extend our congratulations to the following gentlemen, who graduated in Medicine at Queen's last session, on their appointment to the position of House Surgeons in the under-mentioned Hospitals, viz.—

G. F. Dalton, Kingston General Hospital; C. de St. Remy, Kingston General Hospital; F. Etherington, Kingston General Hospital; L. W. Jones, Carlton County General Hospital, Ottawa; W. R. Mason, Carlton County General Hospital, Ottawa; J. W. Merrill, Water St. Hospital, Ottawa; J. V. Connell, Burnside Ave. Hospital, Montreal.

From our personal knowledge of these gentlemen we feel assured they will perform their duties with credit to themselves and satisfaction to the institutions to which they have been appointed.

DR. W. T. CONNELL

Desires to announce to the Profession that he is prepared to make Microscopical, Chemical and Bacteriological Analysis, as may be required, of Morbid Tissues, Tumors, Serous or Purulent Effusions, Curettings, Sputum, Urine, Blood, Stomach Contents, Throat Membranes or Secretions. Urethral or Vaginal Discharges, and to apply Vidal's method for diagnosis of Typhoid Fever. He is also prepared to perform Autopsies, Medico-legal, or otherwise.

For information, methods of transmitting specimens, etc., address

PATHOLOGICAL LABORATORY,

QUEEN'S UNIVERSITY, KINGSTON.
