ECONOMY

A REMEDY AGAINST HARD TIMES.

THE Subscriber thankful for the liberal patronage he has hitherto received, begs leave to inform his friends and the public generally, that he continues to RENOVATE FEATHERS by his improved PATENT STEAM FEATHER RENOVATOR, by which Moths and other insects are destroyed; Grease, Dust, and unpleasant odours are removed, and the feathers expanded and restored to their original lightness, and by which a saving of at least one-fourth is attained.

The undersigned is happy in being enabled to state, that while the above benefits are derived, the operation of the machine is such that it is impossible to bruise or otherwise injure the wear of the feathers, and that in every case where he has dressed feathers, whether old or new, the parties have expressed themselves in terms of the most decided satisfaction.

Persons desirous of having feathers renovated, are requested to call and examine his long list of testimonials and references; among which will be found the names of several of the Professors in the Medical department of the University, who have patronized and recommended this Renovator to the public, as being one of the best inventions ever introduced into this City, contributing as it does, to the health and comfort of all who give it a trial.

Dealers in Feathers (to whom a liberal allowance will be made) will find it much to their advantage to send them to be steam dressed, as the rank oily smell, usually accompanying new feathers, will be entirely removed.

PLANTAGENET WATER.

The proprietor of the Plantagenet Springs Water has received the following Testimonials. The efficacy of the Plantagenet Water is now an established fact.—

Since August, 1848, I have recommended the Plantagenet Waters in a variety of Chronic complaints, and with good effect. It has proved very useful in Dyspepsia, Rheumatism, and Scrofula. Weakly and nervous persons, and those in whom there was an increased action of the bowels and kidneys, took but half a tumbler at a time, repeated every hour or two. When possessed of more strength, and there existed a tardy state of the secretions, the water was more copiously partaken of; and in cases of Plethora, where a disposition to congestion predominated, with a tendency to fever and irritation, it was taken to the extent of several pints a day.

It would be a most happy circumstance if "Mineral Waters" generally, were to supersede, and be substituted for, the thousands of vile and pernicious compounds, under the style of Patent Medicines, with which a certain class of the community gorge themselves, to their manifest injury, and to the advantage, solely, of the unscrupulous manufacturers.

Its IMMEDIATE effect is to allay all irritation and gently remove the Phlegm and other morbid secretions from the Throat and Bronchial Tubes, thus effectually relieving the Cough. It also stimulates and imparts a healthy tone to the Lungs themselves, thereby enabling them more thoroughly to remove from the blood those impurities, and diseased particles, which, if retained, do so much mischief in the system, and lay the foundation for incurable CONSUMPTION.

THE Subscriber begs to inform his friends and the public generally, that having at a considerable expense entered into arrangements with various Agents in Great Britain, for the purpose of furnishing intending emigrants with the best information of Private Lands, both Cleared or otherwise, that he may have to Sell or Lease, he trusts to receive that support and encouragement which the undertaking deserves, by parties possessing Lands for disposal, sending the same to him with the necessary authority, as a published monthly list will be sent to his Correspondents, by which means our Emigrating Countrymen will receive that knowledge they so much require, viz:—How and in what manner they can invest their capital the instant they arrive here. As at present, very little is known of the true capabilities of Canada by a large majority of the British public, the Subscriber confidently hopes that correct accounts forwarded monthly, in the proper quarters, will eventually bring many to our shores who otherwise would have gone elsewhere.

"I deem the CHERRY PECTORAL an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the class of disease it is intended to cure."

PROF. CLEVELAND, of Bowdoin College, Maine writes—"I have witnessed the effects of your 'CHERRY PECTORAL,' in my own family and that of my friends, and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

Dr. Ayer—Dear Sir:—For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. By the advice of my attending physician I was induced to use your CHERRY PECTORAL, and continued to do so till I considered myself cured, and ascribe the effect to your preparation.

JAMES RANDALL, Hampden ss. Springfield, Nov. 27, 1848. This day appeared the above named James Randall and pronounced the above statement true in every respect LORENZO NORTON, Justice

THE REMEDY THAT CURES. Portland, Me., Jan., 10, 1847. Dr. Ayer:—I have been long afflicted with Asthma, which grew yearly worse, until last autumn, it brought on a cough which confined me in my chamber, and began to assume the alarming symptoms of consumption. I had tried the best advice and the best medicine to no purpose, until I used your CHERRY PECTORAL, which has cured me, and you may well believe me.

If there is any value in the judgment of the wise, who speak from experience, here is a medicine worthy of the public confidence. Prepared by J. C. AYER, Chemist, Lowell, M. S.

PROFESSOR A. C. BARRY'S Tricopherous or Medicated Compound

When Theory and Comment authenticate each other there can be no mistake. This is the case as regards BARRY'S Tricopherous. The theory of its operations is this:—That it is imbibed by the absorbents and injected through the superficial vessels promoting the growth, beauty, and health of the Hair, when applied to the scalp and dissipating inflammation of every kind, (whether caused by disease or accidental,) when applied to the pimpled, blotched, tumorous, punctured, cut, burned, scalded, or in any way irritated skin. It is also assured that it acts upon the pores, those ventilators and escape pipes of the system, and assists to dispel the materal not bear elements of disease through these important channels. So much for Theory. Experiment proves that this article is an invaluable remedy for all external hurts and diseases, and that as a preparation for renewing the vegetative power of the hair, giving it a rich metallic lustre rendering it classic and curly, and removing surfeit dandruff, it has no equal either in Europe or America while in cheapness it certainly stands alone.

Sold in large bottles, price 1s. 9d., at the principal office, 137 Broadway, New York. Also by the principal Merchants and Druggists in the United States and Canada; and by WILLIAM BAILEY, Hair Cutter, Wig Maker, &c., King Street, Toronto.
