SARATOGA.

Situated on Broadway and extending from Spring to Congress Street. It has a frontage of 416 feet on Broadway, and its two mammoth wings, extending 300 feet back, combine to make it a most perfect specimen of architecture; the foundations, which rest on solid rock, were laid, October, 1867. It is entirely of brick, and has 7 fire-proof brick walls extending through the whole structure to the roof; it is 5 stories high, surmounted by a French roof with observatories at each end and in the centre; the wings are 7 stories high; the rooms are spacious; the hall 10 feet wide, and 400 feet long on each floor, and broad commodious stairways, with an Otis elevator of the finest description, render every portion readily accessible. A front piazza, 20 feet wide, and 240 feet in length, with numerous others within the grounds, and a promenade on the top of the hotel affording a charming view, contribute to render the house attractive. The dining halls, parlors, etc., are superb and ample, and everything about the house is on a scale of unequalled magnificence and grandeur, while the proprietors, Messrs. Hathorn Cooke, have endeavored to provide everything that can afford comfort and pleasure. Our cut of the hotel serves to convey a general idea of its outward appearance, but fails to depict all its elegant outline. The weekly balls given are of the most brilliant nature. Beunstein's orchestra, the leading orchestra in New York, will furnish the music for this season. The Hathorn Spring is on the grounds of this hotel.
