

Conference on Disarmament and the United Nations General Assembly informed of the progress made in their bilateral sessions in order to facilitate multilateral work on this subject.

Efforts should be made by the Conference on Disarmament in the exercise of its responsibilities as the multilateral disarmament negotiating forum in accordance with paragraph 120 of the Final Document of the tenth special session of the General Assembly and which has a primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space. */

*/ Many delegations consider that the first paragraph, which reproduces paragraph 80 of the Final Document of the first special session of the General Assembly devoted to disarmament, should be supplemented to reflect that present urgency and importance of the subject. They further consider that it should occupy a more prominent place in the Programme and, to that end, propose that it be included as subsection B in the section "Disarmament measures", under the heading "Prevention of an arms race in outer space". Other delegations are considering the placement of this paragraph pending the balance of the overall document.
