| Sweden         | 8                        | 95                | 11,369           | 4,255               | 5.1                | 29.8      | 65.1          | 3.1                 | 29,273                                    | 384                | 26,337           | 150                  | 8,109   | 10,641        |
| Switzerland    | 7                        | 91                | 14,002           | 3,142               | 6.7                | 37.7      | 55.7          | 1.1                 | 25,631                                    | 236                | 29,321           | 112                  | 18,351  | 10,846 (1983) |

NOTES:

(1) GDP and trade data are provided by each country and converted into U.S. \$ by the OECD.

(2) Exports and imports may vary from those reported by partner countries.

(3) Total current account minus merchandise trade equals non-merchandise trade.

(4) These rates are standardized by the OECD and may differ from national definitions.

See the OECD Economic Outlook for December 1986 No. 40 for a further explanation.
