

Mr. Speaker, the Montreal Canadiens also deserve all our admiration for the determination they displayed throughout the season, during the playoffs and in the final series.

Québecers and Montrealers last night showed boundless confidence in their champions and also warmly congratulated the Calgary Flames.

[English]

We are saying *au revoir* to the Stanley Cup, and I would like to remind our Alberta and Calgary friends that we will be there next year.

### SCHOOL SAFETY PATROLLERS

#### THIRTIETH ANNIVERSARY OF NATIONAL JAMBOREE

**Mrs. Marlene Catterall (Ottawa West):** Mr. Speaker, today marks the thirtieth anniversary of the National School Safety Patrol Jamboree and over 40 years of the School Safety Patrol in Canada. Two thousand school safety patrollers from across Canada are here to celebrate their decades of service to children in communities from coast to coast. They will be joined tomorrow by 4,000 more from eastern Ontario and western Québec.

Three patrollers especially deserve our recognition for outstanding bravery in the performance of their duties. This morning Elizabeth Jordan, Sebastien Thibault and David Tonn were each presented with a Canadian flag and the Canadian Automobile Association's Gold Life-saving Medal for saving the life of another person in imminent danger.

I am particularly proud to share with Elizabeth, Sebastien and David the privilege of having been one of the now millions of young children who brave the cold, heat and danger of our streets to protect lives.

I am pleased to report that the officer responsible for the first school patrol in Ottawa is alive and well and living in Ottawa West.

No crossing guard program at whatever cost has been able to match the safety record of these young volunteers. There has never been one child fatality at a crossing guarded by a school safety patroller.

### THE STANLEY CUP

#### CONGRATULATIONS TO THE CALGARY FLAMES

**Mr. Alex Kindy (Calgary Northeast):** Mr. Speaker, Calgary once again proved it is a city of champions by winning the Stanley Cup.

The Calgary Flames demonstrated clearly that they were not only number one in the regular season, but that they are also number one in the Stanley Cup final with a 4-2 victory over the Montreal Canadiens last night. They brought the Stanley Cup to Calgary in six games, and this marks the first time in Canadian history that the Stanley Cup has been won by a visiting team at the Montreal Forum.

The Calgary Flames played a superb game and showed superior technique. Congratulations to the team for the hard work, to the owners for the contribution to the community spirit in Calgary, and to the fans for their loyalty and support to an outstanding team. Thank you Calgary Flames.

### CANADIAN BROADCASTING CORPORATION

#### FINAL REPORT OF WORLD COMMISSION ON ENVIRONMENT AND DEVELOPMENT

**Mr. Jim Fulton (Skeena):** Mr. Speaker, on Saturday, June 3, there will be a world-wide five-hour television broadcast on our common future. It will deal with issues of global concern such as famine, deforestation, ozone depletion, global warming, famine, flooding, and drought. The theme of the broadcast is the final report of the World Commission on Environment and Development.

The Standing Committee on the Environment yesterday unanimously adopted my motion directing the Minister of Communications (Mr. Masse) to take the necessary steps to have CBC National Television broadcast the event. Participating heads of government include the Prime Ministers of Norway, Canada, France, India, Italy and China; the Secretary General of the United Nations; the President of the World Bank; the Director General of the International Labour Organization; and the Director General for the World Health Organization, to name a few.
