Dear Sir,

Let me acknowledge and thank you for your letter of the 16th February, in which you submit your pamphlet on the Indian question and ask whether there would be any objection to its distribution at McGill University.

There would be no objection whatever, but I am afraid the session is now so advanced that you would be wasting your money to send the pamphlets over. The students will be in the midst of examinations and will not be interested in any sort of propaganda. We have had a great deal of propaganda in Canada during the last three years, for and against the Indian self-government scheme, and I really think the pros and cons have been thoroughly aired.

With all good wishes,

I am,

Yours faithfully,
