TO DEEPEN WELLAND.

Sir Wilfrid Makes Promise When

Funds Are Available.

Ottawa, Feb. 27.—An influential depu-

tation, made up of leading business men

and vessel-owners from Montreal, To-

ronto, Kingston and Winnipeg, present

ed to the government to-day the re-quest of the vesselowners of the Great

Lakes, the grain associations of leading centres, and the boards of trade from

Sydney to Vancouver, for the deepening of the Welland Canal to 20 feet, so as to

# HALF A MILLION LIVES SACRIFICE TO DISEASE

Consumption Carried Off Greatest Number in United States -Pneumonia the Next.

Washington, Feb. 27.-In a territory in which resided only two-fifths of the population of the United States, more than half a million lives were offered up in 1905 as a sacrifice to disease, according to a census report made public to-day. This rate was less than that for the preceding/year, but was in excess of the deats in any other

year.

The death rate from nephritis and Bright's disease; apoplexy, cancer, diabetes and appendicitis is increasing, while that from oid age, broachitis, convulsions, peritonitis and scarlet fever are decreasing.

The greatest death rat recorded for any order of the present that from

The greatest death rat recorded for any one disease in 1905 was that from pulmonary tuberculosis, 56,770, while pneumonia closely followed with a death rae of 39,068, exclusive of broncho-pneumonia. The much dreaded cancer shows a steadily growing death rate, the figures being 24,330.

PRIMITIVE SURGERY.

(Canadian Associated Press Cable). London, Feb. 27.—The Bishop of Sel-kirk, at the annual meeting of the Hostel St. Luke, said his experience in the Arctic regions made him appreciate such an institute. He cured him-self of pleurisy with a mixture of snow and mustard. His predecessor amputated a man's leg with a common saw and butcher's knife.

Cure for Meningitis. Salt Lake City, Feb. 27 .- That ordinary air is an effective remedy for cerebro spinal meningitis is the substance of a statement made before the Sat Lake City Medical Society yesterday at a meeting called to discuss the epidemic, which has raged here since the beginning of the year. The treatment indicated has been successfully employed by Dr. Harry N. Mayo in a number of cases.

## THE DAY AT CANNINGTON.

Veterans of 34th Regiment Cele brate Paurdeberg Victory.

Cannington, Feb. 27.-(Special.)-Paarderburg Day was celebrated in Cannington by the annual banquet of the Paardeburg Club at the Queen's Hotel. Lieut. Kiff, late of the 34th Regiment, was master of ceremonies, and among those present out of town were: Col. Galloway, D.A.A.G.; Col. A. G. Henderson, O.C., 34th Regiment; Col. J. E. Farewell, Whitby; Col. Dr.

of the evening, and who with Col. Galof the evening, and who with Col. Gallaway responded to the toast of the Canadian Militia, dealt with the condition of the Canadian service ten years ago, when he considered it aldition of the Canadian service ten years ago, when he considered it almost unfair to invite young men to to carry of camp life. At the present time the condition of the service commends it young Canadians.

He followed the course of the first Canadian contingent, from the call to arms to the surrender of Cronje at Paardeburg, and eloquently portrayed the part played by officers and mer under Col. Otter.

Prejudiced Jury. New York, Feb. 27.—The case of Mrs. Lottle Wallauce, held on suspicion of having caused the death of her mother, Mrs. Ida Bings, will not be con-sidered by the present grand jury, it at the Akatui silver mines, Southern was announced to-day, as the district attorney's office learned that several

jurors had expressed sympathy

Mrs. Wallau.

## AMERICA'S EX-CHAMPION WRESTLER

"After my great wrestling match with
J. Mellor, of Staleybridge, at the Crystal
Palace, England, for the International
Championship, I was covered with cuts
and bruises. I applied my favorite balm,
Zam-Buk, and in a marvellously short
time the abrasions and cuts were healed,
and I was fit and well again. At another
time I had a piece of flesh almost torn
completely off my arm above the elbow.
I anticipated being unable to do anything
with the arm for a long time; to my
delight, however, Zam-Buk closed up
the wound in two days. In three days
it was covered with new skin, and a few
days after there was no trace of the
injury. I recommend Zam-Buk for cuts,
bruises or skin injuries of any kind.
Yours truly,

HUGH LANNON.

### FUTURE OF NIAGARA FALLS. Years Hence They Will be 200 Feet High.

At yesterday's meeting of the Ontarlo Land Surveyors in the Parliament Buildings Peter S. Gibson, Willowdale, read a paper on the "Resurvey of Lines." The report of a committee on drainage was read by Geo. Ross, and the report of the committee on engineering was held over until to-day.

Thomas Fawcett of Niagara Falls read a paper on "The Past, Present and Future of Niagara Falls." Three hundred years ago, he said, Niagara was only known to the red man, and then mainly as an obstacle to his progress. Jacques Cartler brought the first intimation of the falls to civilization. The first picture snowed three channels, instead of two, the Horse-shoe Falls having been then in two

streams. Dr. John Hall planted monuments to measure the retrogression of the falls, and in 33 years discovered that the apex of the Horseshoe Falls had receded 33 feet. At this rate, it had taken 12,320 years to wear away the Gorge. Other calculations give 37,000 years, which grees with Lord Kelvin. When the falls ran over the rights at Ouerston it must have heights at Queenston it must have been 100 feet higher than at present-In 4000 years from now the falls will be 200 feet high, and some day there will be no falls at alt, only a huge 22nile long rapid.

At present franchises permitting the

use of some 30 per cent. of its water power had been granted for generating pcwer. I venture to prophesy that within a few years all the railways, lighting plants and nearly all the fa tories

within 100 miles of Niagara Falls will be driven by the waters of Niagard Falls," said Mr. Fawcett, "Machinery will be installed in the farmhouses in the neighborhood and single wire will transmit power and light and be used for telephone."
