EYES OF THE DEAD OPENED. MR. LAURIER AND THE STATES. MR. WELCHIS OUT OF IT NOW which the Liberal party in Canada will go in a revision of tariff duties so far

as trade with the United States is concerned. It has been suggested that the Liberals will endeavor to effect a reciprocity treaty with the United States similar in its Customs provisions to that of 1854. That treaty was abrogated twelve years later at the request of the United States. It was argued that it provided no market for our manufactured goods, but related wholly to a colprocal change of raw products, principally those belonging to the agriultural schedules. It is not believed for this reason that such a treaty would be acceptable to the United States, particularly as the Americans living along the northern borders are already dissatisfied with that feature of the present tariff law which admits Canadian farm products free of duty into
