HAMILTON NEWS

MR. FLATT STEPS OUT OF IT

Proposes to Stand Clear of the Political Game.

HE FEARS FOR HIS HEALTH

And Has Resigned the Liberal Candidature for North Wentworth.

Conservatives are Jubilant and Think They Can Surely Win the Seat Now—Refrigerator Car in the Fruit District—Monk Club Formed to Boom the Lawyer for the Registrarship—A Canadian From Honolulu Says Interesting Things About the Hawaiian Islands.

Hamilton, Aug. 31.—(From The World's Staff Correspondent.)—Mr. John Ira Flatt has created a genuine surprise in this city by sending in his resignation as a candidate in North Wentworth next year. Mr. Flatt was the choice of the recent Dundas convention, but he states that he cannot again engage in the political arena without a serious risk to his health.

The news of the resignation causes much jubilation among Conservative circles in this city, as it is claimed that Mayor Wardell's chances of winning the riding are assured. The fact that Editor Pirie has The Dundas Banner at his back is said to be a weakness in North Wentworth. Mr. Flatt's strength lay in the Ancaster and Binbrook vote, which, following in the footsteps of Joe Rymal, went as a unit, but with Mr. Flatt out of the way the vote is split in behind for. It is said by some here that the resignation on the grounds of ill-health is merely a political ruse, as Mr. Flatt was seen a day or two ago looking "as jolly as a farmer's boy."

SOMETHING ABOUT HAWAII

Told by a Canadian Just From Honolulu Who Has Lived There 16 Years.

Hamilton, Aug. 31.—(From The World's Staff Correspondent.)—Mr. F. Philp, a Canadian who has lived 16 years in Hawaii, on his now home on a six weeks' visit to his parents on Young-street, Hamilton, gave some interesting information regarding the island to a World reporter this afternoon. Mr. Philp said that Hawaii is certain to become a United States possession through the policy of the Sugar Kings and President Dole's own leanings. As is generally understood, he states, on the island that an understanding has been reached with England on this point, although the natives themselves would prefer annexation to the English. As to the Japs, Mr. Philp doesn't think their opposition will amount to much. In trade, however, things are different. Honolulu is full of Japanese cut-rate shops, chiefly dry goods, which drive a keen competition with English, American and German goods. The Jap merchant pays low wages and imports straight from Japan, so that the wholesalers in the island make nothing out of him. The Jap population herds by itself like the Chinese do in San Francisco, and through their own newspapers assert themselves aggressively. An idea of the isolation of Hawaii may be gathered from the fact that the island depends entirely on visiting steamers for news of the outside world. There is a strong colony of Canadians and the Toronto papers and The Witness of Montreal are for sale at the different book stalls. Mr. Philp said that there was a brisk trade with Canada—in Vancouver salmon and lime—and that he thought much could be done by introducing Canadian lumber through the lumber merchants doing business there. There was talk when he left, in July, of an English company running a cable from the island to Canada, and this would of course greatly expedite matters.

The Registrarship.

A "Monck Club" is being formed in the city to boom the candidature of that gentleman for the Registrarship. It is said that a membership of 100 has been secured.

First Refrigerator Car.

The first C.P.R. refrigerator car to run through Stony Creek into the fruit district made the trip to-day. The shipment will go out to Winnipeg. The villagers who fought the entry of the cars a few days ago have now nothing but good words to say for them.

Trouble in Knox Church.

There is trouble in Knox Church, and some families threaten to give up their pews. The reason assigned is that Rev. Dr. Fraser, the pastor, has been reading Scriptural portions at the services until few mixed congregations. Dr. Fraser told The World to-night that the offence was taken over the reading last Sunday evening of Genesis 26th chapter, where in my presence he is referred to. "To the pure all things are pure," exclaimed the pastor. "You will often find that those who talk about unclean things in the Bible will read a French novel many times worse."

Another Wheel Gone.

Liveryman Daniel Sullivan of Charles-street, is looking for a young fellow who hired a wheel from him on Monday forthe afternoon and has failed to return. The borrower said he boarded at the corner of Hunter and Hughson, but he is unknown there. The wheel is a black Garden City.

Marshall Was Delayed.

Farmer J. Marshall was unable to wheel off to Manitoba before this evening, as he was served with a summons this morning to attend a jury sitting. He has a draft on a Chicago bank, but from the delay will not reach there until Sunday. Farmer Marshall says he broke stones when a boy and riding never tires him.

Children's Aid Society.

Adam Brown presided at the meeting of the Children's Aid Society this afternoon. It was decided to further investigate the cause of Martha Nelson, a woman who has a child, and who is lending an immoral life.

Agent Hunter reported that up to date this year 26 children were placed in foster homes.

Minor News Notes.

D. Hobbs, the Main-street carter, who was tossed by a G.T.R. train on the Beach, is asking $1000 damages.

Stone-carver H. Bosworth, for striking Contractor Webb at the new Spectator building when his full pay was withheld, was fined $10 to-day by Magistrate Jelfs.

Mary Rogers, the young English girl who walked into the residence of Mrs. Robert Evans on Bay-street and refused to go, has been remanded for medical examination as to her sanity.

Mr. Frank E. Walker was presented with the handsome cup of the White Squadron races last night, Magistrate Jelfs making the presentation on behalf of the residents of the Beach.

David Vint, Napier-street, was arrested to-night by Detective Bleakly on suspicion of having stolen tools from the Marsh bridge operations.

There was a fire at Brayley's machine shop, King William-street, this evening and the roof was bldly burned.

The Bicycle Gymkhana Committee met in The Times office tonight and arranged the following program: One mile, open to Canadian riders: two-mile handicap, open to riders within 20 miles of Hamilton; boys' obstacle race; two-mile handicap for policemen; mile handicap for benedict members of Ramblers' Club. The Times road race will finish at the Jockey Club track in connection with the gymkhana.

Discriminatory Duties.

Editor World: Considerable pressure is now being brought to bear upon the Government to induce them to impose a discriminatory tariff of 10 per cent. on goods imported into Canada via United States ports in retaliation for the extra duty imposed by the United States Government in their new tariff bill on goods imported into the United States by way of Canadian ocean routes, whether on through bill of lading or otherwise.

If our Canadian importers do their duty in this matter, it will not be necessary for any action upon the part of our Government in order to meet the unfriendly legislation of our neighbors. All that is required is for our Canadian merchants to give their British agents instructions to route all their goods by the Canadian steamship lines and see that their orders are carried out, and this action will be quite as effective as if the Government were to place retaliatory legislation on our statute books.

Under existing conditions no hardship would be entailed upon our importers if this rule were adopted and adhered to, as the Canadian lines at the present time are making quite as good time with freight from Liverpool to Toronto, Hamilton, London, etc., as any of the New York steamship lines.

Some of our largest importers have already given orders to this effect and are quite satisfied with the results.

That the Government should legislate for Canada and Canadians without regard to the position of our southern neighbors is right and reasonable, and if individual Canadians will adopt this principle in their business relations and work for Canada and Canadians as they should do, we can well afford to ignore the attempts which are now being made to injure Canadian interests.

Let us work together for the good of our country, and there is no better way of doing this than by using Canadian steamship lines and Canadian railways wherever it can be done. John Peel.

An Open Letter to Hon. A. S. Hardy.

Editor World: I see by The Globe that a meeting of the Provincial Ministers was called to discuss the propriety of compelling lumbermen on the Crown domain to manufacture their timber in the province. The meeting was adjourned to give all parties an opportunity of laying their arguments before the council. Now, as a Canadian citizen, who has lived for 16 years in this district, and has helped to hew out a home for myself and children, I would like to see this country prosper in everything that goes to build up a country. What I want to ask you is this, are you going to allow those American firms to tow all our timber, all our pulpwood and, likewise, take all our nickel in its natural state across the American border to help build up their institutions to the detriment of every individual citizen of this fair country? Furthermore, is the Government of Ontario, which represents the citizens of this province, to be dictated to by American lumbermen, who come over here for the avowed purpose of making every dollar they can, and towing it along with their last raft of logs over the American border, to their own home, thanking God for the stupidity of our legislators? Nay! Nay! I hope! If so, the sooner this province gives you a rest in the cold shades of Opposition, the better it will be for the people and the country. I hope you will take this into your serious consideration and show the people of this province that you believe in Canada for Canadians, and that you have the interests of Ontario at heart, as every patriotic Canadian citizen should have. I trust some abler pen than mine will take this matter up and defend the cause of the people. I trust the press of Ontario will do their utmost before those big American tugs tow our Parliament buildings across the line, along with everything else that is worth taking.

Watford, Aug. 28. R. J. Whalen.

The British Association Banquet.

Editor World: In your issue of the 26th inst., in the description of the banquet given in honor of the members of the British Association for the Advancement of Science, it is stated that the catering was "under the able supervision of Mr. George S. McConkey, who had displayed considerable originality in the arrangement of the tables, deserving all praise for his excellent management of this affair, etc.

This has been erroneously reported, as the contract for the entire affair, namely, the floral decorations, draping, catering, and all other matters, was a part of my agreement.

Dunlop the florist, Messrs. John Kay, Sons & Co., Michie & Co., the Toronto Electric Light Co., George S. McConkey, Dawson & Co. and others executed their work according to my preparation and designs, and I must says they did splendidly.

The plan of tables and all arrangements connected with this affair was a conception of my own. For the successful termination of the banquet I am grateful for the hearty co-operation of the above-mentioned firms, and I am at least entitled to a share of the honor.

W. H. Bender,
Steward of the Toronto Club.

Toronto University.

Editor World: Mr. Maconachie, a gentleman living in the Township of Somerville, sent $5 to the registrar of Toronto University by mistake, instead of to me. I had to charge his son $6 when he came to write here on the matriculation examination. After the examination, Mr. Maconachie applied to the registrar for a refund of the $5, and received a letter in which the registrar said that I should have charged only $3, and he would bring the matter before the senate. On receipt of the letter I wrote the registrar, pointing out that the regulations required that I should charge $6, that it was his duty to see that the $5 was refunded, and that it was a matter that the senate had nothing to do with. He has neither replied to my letter nor refunded the money. If any part of the fee had been sent to the Education Department it would have been refunded on application, as the fees of candidates who failed to write at Lindsay were refunded more than a month ago.

J. H. Knight.
P. S. Inspector.

Lindsay, Aug. 28.

RUSSIAN RUMORS.

German Sailor Said to Have Been Court-martialled and Shot.

London, Sept. 1.—A despatch to The Times from St. Petersburg says it is stated that a German sailor who stabbed a Russian in a public garden during the visit of Emperor William, was tried by a naval court martial and shot as soon as the German squadron left the Russian waters.

Another despatch to The Times says that a sinister rumor is in existence to the effect that important arrests were made at Peterhof on the night when illuminations were planned, this fact accounting for the omission of the imperial party to drive out and witness the display.

KURDS AND ARMENIANS

Said to Have Had a Serious Battle in Which the Kurds Were Worsted.

London, Sept. 1.—A despatch to The Daily News from Tabreez confirms the news of heavy fighting between the Kurds and Armenians on the frontier. The commander of the cavalry of the Kurds was killed, according to the report, and his son narrowly escaped. The losses of the Kurds are variously estimated at from 300 to 600 killed and wounded. The Armenians claim to have lost only 20.

Greece and the Indemnity.

Athens, Aug. 31.—The Government in reply to the powers offers the stamp revenues, exceeding 11,000,000 drachmas annually, for the service of the indemnity loan. As a guarantee, the Government proposes that the representatives of the contracting pa ties shall affix a special seal to all stamp papers.

FAIR IS IN FULL BLAST

Continued from Page 1.

spoke briefly of the importance of the Exhibition and of the happy auspices under which it was opened, and after three cheers had been given for the Queen and for Sir George and Lady Kirkpatrick, the official party repaired to seats specially reserved for them in the Grand Stand, and enjoyed the many special attractions which are given in the ring.

The Special Attractions.

The special attractions in front of the Grand Stand this year are neither as numerous nor as good as they were last year, although one or two of them are very high-class. The program opens with fancy drill by the Royal Canadian Dragoons, and this was the most enjoyable performance of them all. The soldierly appearance of the men, their splendid horses, their perfect horsemanship and their clever evolutions to the music of the Exhibition band were loudly applauded. The McDonough trio give a very entertaining act. They are wonderful high kickers and acrobats. The Coutour Bros. are high-class performers in their class of work and won unstinted applause. Their feats of strength and agility are truly marvelous. The three Barretts are perhaps the best club swingers that visit Toronto. They have frequently been seen here, their act always entertains and wins applause. The bicycle polo match by De Coma's team is slow and uninteresting, and would not be missed if it were cut out altogether. The players do their best to make the game interesting and exciting, but it is a poor game at best. Miss Daisy Ogden of Philadelphia is a clever cornet soloist, and her selections won hearty applause. The Rossow midgets are the most diminutive pair in the business and their boxing match was the most enjoyable and laughable performance of the afternoon. They are well worth seeing and are easily the premier attraction on the program. The Asbeys, in ancient and modern statuary, give a very pleasing exhibition. Their work is finished and accurate. The historical tableaux of the Queen's coronation were rather disappointing. The scenes represented were: The First Sacrament, The Queen Crowned, The Queen Taking the Oath, God Save the Queen, State Ball, Buckingham Palace, The Queen's Marriage, The Secret of England's Greatness and The Queen Proclaimed Empress of India. Some of the costumes and uniforms are very gorgeous, but the surroundings are very crude and spoil the whole effect. With more attention to detail and a little expenditure for suiable property, these tableaux might be made more realistic and interesting. As presented yesterday they are not at all up to expectations, but it must be remembered that the whole performance yesterday was practically a rehearsal and that improvements may be expected in all particulars to-day and during the remainder of the Exhibition.

Only a part of the Diamond Jubilee procession was shown yesterday afternoon, but it was enough to give promise of a successful representation of the great sight that was witnessed by hundreds of thousands in London in June last. In the part shown yesterday the Queen is seen with her carriary escort, personal attendants, yeomen and officers. Her Majesty's carriage and horses were there looking as natural like the original as it is possible for money and imitation to produce. The cream-colored horses with their rich trappings, the State carriage with its red wheels, the Highland attendants and Her Britannic Majesty, looking lifelike enough, made at least an interesting picture of the most important part of that great procession. When the whole procession and ceremonies are given this evening it will, no doubt, be fully up to expectations, and will form the great feature of the special attractions.

Trotting and Pacing.

The only event of sports that took place in the ring yesterday was the yearling colt trotting race, driven off in two heats, with three starters in each. The three horses that started were: D'Alton McCarthy, owned by H. Scott of Caledonia; College Boy, owned by D. McLachlan of Chatham, and Asonia Temple, owned by R. Stewart, Aylmer, Que. In the first heat D'Alton McCarthy had the pole and took the lead at the start, keeping it all the way, winning by a length. College Boy was second, Asonia Temple third. Time 1.23. The second heat was much the same, as the horses finished in the same order. Time 1.23½. Summary:

D'Alton McCarthy, sire Bryson, owner H. Scott.

College Boy, sire Wildbrino, owner D. McLachlan, Chatham.

Asonia Temple, sire Asonia, owner R. Stewart, Aylmer, Que. Time 1.23.

After this race, H. Cargill & Son's beautiful black mare, Josephine, paced an exhibition mile in 2.28½ without driver or anyone to guide her. She was set loose on the track and when the judges rang the bell she came up to the wire unguided, and, when they gave the word, Go, she started off as if she were driven. This is the first time an event of this kind has been seen in Toronto, and it is a wonderful piece of work, and the black beauty knows her business.

Some Extra Events.

The committee have added another event to to-day's program for the school children, one-mile bicycle race, open to boys 15 and under, with four prizes valued at $10, $7 $5 and $3.

Thursday being Wheelmen's Day, the committee have arranged a good program of bicycle races. There will be three amateur races, one professional. They are a one-mile novice, one mile open amateur, one mile open professional, and a two-mile lap race. The officials of the day will be: Referee, George Brown; starter, George Orr; clerk of course, W. J. McClelland; judges, J. J. Higgins, S. Burns, S. J. Shuttz, J. J. Wardle; timers, J. E. Willows, J. H. Doane; scorers, J. T. Langley, W. Morrison; umpires, D. J. Kelly, D. Fane. It is likely that Lt.-Governor Kirkpatrick, chairman of the Dominion Racing Board, and H. Donally, of Ottawa, will act as officials.

Messages of Congratulation.

During the day Lady Kirkpatrick received the following messages by carrier pigeons:

"The Mayor of Hamilton presents his compliments to Lady Kirkpatrick, and sends this aerial message bearing his hearty congratulations and best wishes for the success of the Industrial Exhibition of 1897."

To Lady Kirkpatrick, Toronto:

London sends her greeting to Toronto, with best wishes for a successful Exhibition. She congratulates the directors of the Industrial Exhibition on their first omen of success in the opening of the Fair by Your Ladyship.

T. W. Little, Mayor.

London, 6 a.m., Aug. 31, 1897.

Mayor's Office, Stratford, Aug. 31, 1897, 11 a.m.

Lady Kirkpatrick, Toronto:

The Victorian Era Exposition just opened by you will, I trust, bear further evidence of the prosperity and contentment of the people of our beloved Dominion, and more particularly of the banner province of Ontario, over the affairs of which yourself and your esteemed husband so aptly preside.

John O'Donoghue, Mayor.

To Lady Kirkpatrick:

Be pleased to accept the congratulations of the Royal City on opening the Victorian Era Exposition and Industrial Fair. May it have the largest measure of success.

I have the honor to be, yours sincerely,
James Hewer, Mayor.

Guelph, Aug. 31, 1897.

The First Luncheon.

The first of the series of luncheons which are given every year by the directors, was served yesterday before the opening ceremonies. President Withrow presided, and among the prominent guests were Hon. A. S. Hardy, George Casey, M.P., Mayor Shaw and Hon. G. W. Allan. The Premier waxed eloquent over the success of the Exhibition in the past and the promise for the future. He prophesied that an era of good times was at hand.

Mr. Casey promised to support the movement to make the Industrial a Dominion Exposition.

Conventions and Meetings.

A large number of conventions and meetings of Stock Breeders, Manufacturers, Dairymen and other associations will be held during the progress of this Exhibition. Among them are the following: Sept. 7—Eastern Butter and Cheese Association, Rossin House; and at 2 p.m. meetings of Advisory Board at Exhibition Grounds. Sept. 7—Canadian Furniture Manufacturers' Association and Canadian Retail Furniture Dealers Association. Sept. 8—Canadian Fair Association, Board room at grounds, 2.30 p.m. Sept. 8—Canadian Manufacturers' Association, at grounds, 4 p.m. Sept. 8—Joint meeting of Executive of Cattle, Sheep and Swine Breeders, at 7 p.m. Sept. 8—Meeting of Ontario Retail Druggists Association, 2 p.m., at College of Pharmacy. Sept. 9—Poultry Association of Ontario, at General Offices on grounds, at 2 p.m.

The Jubilee Procession.

Only a part of the great Jubilee procession was given at yesterday afternoon's performance, but it was enough to show what a really fine thing may be expected when the whole is seen to-night. Messrs. Hand and Teale, who have contracted for the whole of this great production, have accomplished a very notable thing. The contract for the spectacle was not signed until June 23. Mr. S. R. G. Penson, their scenic artist and manager, was at once despatched to England, where he secured all the magnificent costumes, uniforms and scenery, and, what is of quite as much importance, the services of Mr. John Henderson, who is acknowledged to be the best stage manager for shows of this kind in the world.

Dine at Webb's.

One of the features of the Fair is the fact that visitors can get a meal served by Webb. This well-known caterer is conducting the official dining hall, which is near the entrance to the grounds. All three meals—breakfast, dinner and supper—are served in first-class style, and the very name, Webb, is a guarantee of good food, properly prepared and nicely served. This dining hall is spacious and cool, and is patronized by all who know that Webb is there. Every preparation has been made to serve big crowds quickly, and to the satisfaction of the most fastidious.

Clegg's Dining Hall.

Clegg's Dining Hall will be found under the west end of the big grand stand. Mr. Clegg can seat 700 people in this big hall, and he has earned the reputation of serving the best 25 and 50-cent meals on the grounds. His private dining hall is always patronized by the ladies and family parties. The secret of Mr. Clegg's success in catering to the hungry thousands at the Fair is that he buys only the best in every line, employs first-class cooks, and has a big staff of experienced waiters. Clegg's meals are always spoken of as big and good.

Program for To-Day.

School Children's Day—All departments will be open from 8 a.m. till 10 p.m. The Public Schools will be closed, and over 20,000 children with their parents and friends will visit the Exhibition. Many additional special features will be provided to amuse both young and old. Special low rates for children and adults on all railroads from points within 40 miles of Toronto. Judging of ladies' and children's work, amateur fine art, honey and apiary supplies and horticultural products.

All special features will be complete and in full swing. During the afternoon all the attractions will be given in front of the Grand Stand. The musical ride by the Royal Dragoons, the Jubilee procession, tableaux, bicycle polo matches and the other special specialties. Boys' bicycle race, two-year-old colt trot, 12 entries; and two-year-old colt pace, 14 entries, mile heats. The gentleless pacer "Josephine," T. B. Macaulay's bicycle pace v. horse, and other special features on the track.

Evening at 7—Magnificent illumination of the grounds and buildings—Hungarian Gipsy Band concert in Main Building. Great entertainment in front of the Grand Stand. All the special features and first complete presentation of the great Diamond Jubilee procession, with ceremonies in front of St. Paul's Cathedral—Buckingham Palace and grand historical tableaux, concluding with the grand display of fireworks, the whole presenting the most brilliant spectacle ever witnessed in this country.

York Pioneers' Log Cabin.

The York Pioneers, having repaired and replenished this old relic, will be happy to meet their members and friends at the Fair Grounds on Friday next at 2 p.m., where addresses will be delivered by Rev. Dr. Scadding and others.

RAILWAYS PROSPER.

Profits of C.P.R. Increased to an Enormous Extent During the Current Year.

For the first seven months of the current year the increase in the net profits of the C.P.R. over those of the same period of last year totalled over $750,000. For July alone the net increase was $200,000. For the first seven months of the year the gross earnings totalled $11,819,696.18, while the working expenditure was $7,238,143.18, leaving net profits to the extent of $4,581,552.37.

Three hundred people took advantage of the first Harvest Home excursion to the Northwest yesterday.

CANADIAN NURSES HURT.

They Deny the Story That They Declined to Attend Grand Army Veterans.

Buffalo, N. Y., Aug. 30.—The many Canadian nurses employed in hospitals in this city feel much hurt over an item which appeared in a number of Buffalo papers last Friday and which was telegraphed to Canadian papers, to the effect that they had refused to administer to Grand Army veterans. The Canadian nurses have issued a letter of protest against the publication of the story and deny its truth. In fact, said one well-known lady, the Canadians were only too glad to be of assistance in every way to the old warriors.

Banishment of Anarchists.

Madrid, Aug. 31.—The Spanish Government is formulating a plan to bring about the banishment of all Anarchists from Spain. It is announced here that Anarchists will no longer be allowed to land in England, and that, therefore, the Government of Spain must "deport them to some American republic or to a distant Spanish possession."

Greece Will Hold Currants.

Athens, Aug. 30.—In the Chamber of Deputies to-day M. Ralli, the Premier, presented a bill for the retention of a portion of the currant crop, declaring that the Government would treat the vote on the question as one of confidence. The bill passed its first reading.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver troubles, catarrh—cures which prove

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills cure liver ills; easy to take, easy to operate. 25c.

TRUSTS Corporation OF ONTARIO.

OPERATORS OFFER 64 CENTS

And It Now Seems Probable That the Coal Miners' Strike Will be Settled.

St. Louis, Mo., Aug. 31.—When shown the despatch from Columbus, Ohio, stating that the coal strike was considered there as settled, President Ratchford of the United Mine Workers of America acknowledged that he had received a proposition to have the miners resume work at 64c pending arbitration. He added: "Our Executive Council meets at Columbus to-morrow night, and the proposition of Mr. Young, who represents a large number of operators, will be considered, with other matters. I must decline to discuss the proposition until after it is submitted to the Council. It would not be right for me to do so."

The Conference Was Fruitless.

The conference of labor leaders of the country, which has been in session here two days, finished its work this evening. The meeting was productive of several sensational speeches and many resolutions, yet no decisive action was taken in the principal matter for which the gathering was summoned—the abolishment of government by injunction.

NAN.

I know a maid, a dear little maid;
If you knew her you'd woo her,
I'm sadly afraid;
So I think it as well
Her name not to tell,
Except that she's sometimes called "Nan."

She had a hand, a soft little hand;
Did you feel it you'd steal it,
I quite understand;
So I think it as well
To reveal not the spell
That lurks in the fingers of Nan.

Bright are her eyes, her clear hazel eyes;
If their dance should entrance you
I'd feel no surprise;
So I think it as well
The whole truth to tell,

The Arlington.

This well-known, first-class hotel will, on and after the 14th of Sept. be available for permanent guests.
