The fire originated in the basement, where, it is believed. Helmboldt knocked over a lamp. His body was found badly burned near where he had been at work. His wife was confined to her room with a fractured leg, and refused to permit her son to carry her downstairs, saying she would wait for the firemen. So fiercely did the fire burn, however, that it was impossible to reach her when the firemen arrived. Her son made his escape by jumping from a window. He was slightly hurt. Circumstances of a very painful character have recently transpired in connection with some of the bye-elections, which all must deplore, which no one can defend, and which I and my colleagues and the Liberal party as a whole unhesitatingly denounce. Andy Irwin, in making his rounds, about 1 o'clock this morning discovered that the store had been robled. He went in and found that the whole place had been ransacked. The cash drawer was pulled out of its place in the office, and the floor was strewn with papers. Petective Slemin and Constables Crowe and Snider, who are investigating the robbery, were unable to say this morning what was carried off by the thieves.

Winnipeg, Nov. 28.—(Special.)—The Assize Court for this district was formally closed to-day. In the case of the Queen v. Blake, the prisoner was convicted of criminal assault upon a young girl, and in passing sentence Justice Richardson stated that this is a crime that is becoming far too common, and one which the court was bound to try and stop. He sentenced the accused to seven years in penitentiary.

The World proposes to establish that John W. Thompson was one of the recognized members of the gang that went under the name of the machine; that Hon. Mr. Dryden was in communication with him while the latter was riding up and down the side lines in South Perth; that Hon. Mr. Dryden had a guilty intimacy with one Mike Tooley, whose hotel near Manchester, in South Ontario, the machinists made use of in corrupting the electors of that riding.
