WHEEL.

ANOTHER SIX-DAYS' SPIN.

San Francisco, Feb. 14.—Last night eighteen men started the international six-days' race at the Mechanics Pavilion, under the auspices of the American Racing Association of New York and San Francisco. The contest is to run 144 hours, whereas contests of like nature have always run 142 hours. The list of starters is:

Charles W. Miller, Chicago; Frank Walter, Oakland; B. W. Pierce, Boston; Frank Alberts, New York; Louis Ginn, Pittsburgh; John Lawson, Chicago; J. W. Nawn, Ireland; Oscar Aaronson, Sweden; Teddy Hale, Ireland; Ed Stevens, Buffalo; Oscar Julius, Sweden; Fredericks, Switzerland; Henry Pilkington, Philadelphia; Tom Barnaby, Boston; George Hanran, Klondike; C. W. Ashinger, New York; Johnny Chapman, Atlanta, Charles Turville, Philadelphia.

The preliminary events included a one mile match between Orlan Stevens, of Ottumwa, Iowa, and Jay Eaton, of Elizabeth, N. J. Stevens won the first lap in 2:04½, and the second heat and the match in 1:59½.

The first semi-final of the professional tandem pursuit races resulted in the making of a new world's indoor record, Cotter and Downing defeating Lawson and Julius in 1:59½.

The final resulted in a victory for

WHERE DO YOU TIRE FIRST? In the back? That Means Weak Kidneys. In the Shoulder? That Tells You That the Liver is Wrong.

Would you be healthy? Then read the warnings of nature and fortify the weak points against the attack of painful and fatal diseases.

When the kidneys are ailing, the back is easily tired, and aches frequently. There are deposits in the urine and irregularities in the urinating organs.

When the liver goes wrong the shoulder gets tired first. There is pain in the shoulder and joints of the arm, headache, biliousness, yellow complexion and a full feeling in the side.

The kidneys and liver are in sympathy with one another, and are directly acted upon by Dr. Chase's Kidney-Liver Pills.

Is it backache? Dr. Chase's Kidney-Liver Pills will put new strength and vigor into the kidneys and keep them from getting tired and becoming deranged.

Is it pain in the shoulder? Dr. Chase's Kidney-Liver Pills make the torpid, sluggish liver healthy and active, and drive away backache, biliousness and stomach troubles.

Dr. Chase's Kidney-Liver Pills, the only pill having combined action on kidneys and liver. One pill a dose, 25 cents a box.

Mother's favorite remedy for croup, whooping cough, bronchitis and la grippe is Dr. Chase's Syrup of Linseed and Turpentine.

WRAPPERS.

AT NEW ORLEANS.

New Orleans, Feb. 14.—The races were postponed yesterday, on account of the frozen track.

PASSING OF A FAMOUS STABLE.
San Francisco, Feb. 14.—It is authoritatively announced that the thoroughbred department of the great standard stock farm at Palo Alto is soon to be abolished. Its abolition means the passing of one of the most famous stables in the world, that will become only a memory of the one-time supremacy of California as a producer of kings and queens of the turf. Racers that have won princely fortunes in sensational events. The thoroughbred department of the Palo Alto stock farm, as it stands today—lands, buildings and stocks—represents close to \$1,000,000. It was established in 1880.

NOTES OF SPORT.

The home of Walter Camp, the football authority, was destroyed by fire on Wednesday. All athletic records, trophies and relics were burned.

Y., who recently bought the well-known pacer Planet (2:04½), by Bonnie McGregor, has renamed him Borough Park.

At Red Bank, N. J., last week, Fritz Gerner made a high jumping record on skates. The previous world's record, held by Nilsson, was 3 feet 3 inches. Gerner jumped an inch higher.

In 1898 the members of the National Trotting Association held 617 meetings, and paid out in premiums \$1,314,620. During the same period the members of the American Association held 503 meetings and paid in premiums \$871,678.

If all the larger trotting associations would follow the lead of Hartford, and ask the horsemen making entries with them to decide which system, the two-horse or the three-in-five, they prefer to race under, the odds would be \$3,000,000 to 25 cents that the three-in-five system would soon be a thing of the past. "Yarum," in Horse Review.

President Hart says that Chicago players who are put out of the game by umpires this year will not forget it very quickly, as fines for the offense will be heavy.

WESTERN ONTARIO

Chatham Township Pioneer Passes Away, Aged 104 Years.

Windsor Man and Wife Narrowly Escape Death by Coal Gas—Farmer Loses 71 Hogs by Cholera.

A. J. E. Belleperche, a newspaper man of Windsor, has received an appointment on the revenue staff at Windsor. He will assume his new duties next week.

The Queen's Hotel in Bridgen is about to change hands again. Joel Shaw, recently in the hotel business in Wilkesport, has made a bargain with Mr. Lario for the purchase of the hotel.

William Miller, of the 2nd line township, south half lot 7, in the 2nd concession of Sarnia, 100 acres, from the heirs of the Mills estate. The price was \$3,400.

Geo. Smith, station master, Sombra village, continuously since the Erie and Huron erected the station, has resigned his position, having secured a position as purser upon the steamer Mary.

The gas pipe line of the Standard Gas Company, between South Essex and Sandwich, has been inspected, and pronounced all right. There was 38 miles of pipe laid, and the work was done in 24 days.

A petition is being circulated in Windsor for the release of Nicholas East, who was sentenced to eighteen months in the Central Prison last September for having embezzled \$500 from Hiram Walker & Sons.

Samuel Jackson died Thursday at King's Ferry, Chatham township, at the remarkable age of 104 years. He was the oldest settler in that neighborhood. He fell a victim to grip. Up to a few days ago he was hale and hearty.

Thursday afternoon the residence of J. R. McEwan, at Essex, was destroyed by fire. Some of the furniture was rescued by the firemen, but the loss was estimated at about \$4,000. The insurance on the building and contents was \$3,000.

Samuel Helsey, living a few miles east of Linwood, in Wellesley, has suffered a heavy loss. Inspector Campbell, of Berlin, has pronounced some twelve or thirteen of his hogs to be affected with cholera, and ordered the whole herd of 71 pigs to be slaughtered.

Fanny Lair, relict of the late W. Storey, died at her residence on the 14th concession, McKillop, after several weeks' illness. The deceased, who had reached the advanced age of 88 years, only survived her husband a couple of weeks. At the time of her husband's death her life was despaired of, but she lingered on for a short time.

Mrs. Tom Welch, relict of the late Thos. Welch, formerly of Point Edward, died Thursday morning at the residence of her son-in-law, Mr. Peter Symington, Sarnia, after an illness of several months duration. Deceased was in her 89th year, and came to her country from England with her late husband a great many years ago.

Mr. James Chapman, of North Oxford, is dead. Deceased, who had reached the age of 83 years, was one of the oldest, best known and most

highly respected citizens of the country. About a week ago he was seized with la grippe, and notwithstanding all that could be done by loving and skillful hands, he passed away on Friday.

Some time ago Mrs. Napoleon Bastien, of Windsor, was sentenced to three months in Sandwich jail for having accepted \$5 from Landlord Peters, of the Horseshoe Hotel, as "hush money." The woman escaped Friday a motion was made to quash the conviction before Judge Horne which was granted.

William Dixon, a resident of Wingham for the past six years, died somewhat unexpectedly at his home the other day in his 75th year. The deceased took ill with la grippe, from the effects of which he died. He had been a faithful employee of the G. T. R. for upwards of 35 years. He had resided in London, Hamilton and Niagara Falls, removing from the latter place to Wingham some six years ago.

Several residents of Mount Pleasant, near Brantford, give reports of a curious phenomena which occurred there Friday night. They declare that an earthquake took place in the vicinity of the village, and that several of the houses were shaken so that dishes rattled in the cupboard, and that they also heard ominous sounds which produced a general scare. A probable cause for the strange occurrence is that the extreme cold had so contracted the frozen ground as to cause a large fissure, and that the noise and vibration of this alarmed the residents.

After a lengthy and hard-fought litigation, extending over a year, Thomas Doherty, of Sarnia, has won in the interference case by Amos Carleton, of Hartford, Conn., the commissioner of patents at Washington deciding priority of invention to Doherty in all points claimed in his patent for refining cast-iron by hydrogen gas. This case has created a world-wide interest, as there would be some 21 different patents more or less affected by it.

Mungo Samson, one of the best known and oldest residents of Kent county, died on Saturday at his home near Blenheim, at the age of 91 years. He came here in 1830 from Scotland, and settled on the farm where he died, sixty years ago. Dr. James Samson, of Windsor, and William, David, Archibald and Malcolm Samson, of Blenheim, are sons, and Mrs. Capt. Ribble, of Dresden, and Miss Annie Samson, of Blenheim, are daughters.

David Allen and his wife, of Windsor, had a narrow escape from death by coal gas Thursday night. Both noticed that something was wrong, as they awoke with a headache, but did not understand the cause of their illness and went to sleep again. A neighbor on Friday happened to be passing the house, and, seeing no signs of the family moving about, he gained an entrance, and found husband and wife unconscious. He at once summoned medical aid, and the couple were restored to consciousness.

A bad fire occurred Friday morning at school section No. 11, Burford township, known as Metcalf's school, and about two miles north of Burford village, and in a short time the building was completely destroyed. The origin of the fire is a mystery. The building was one of the handsomest schools in the township, and was of brick and well furnished. Several of the near residents gathered at the first in the burning, cold night, but could do nothing but watch the flames do the work of destruction. The loss will reach \$2,500; insurance \$1,200.

PUTNAM.

Putnam, Feb. 13.—The annual meeting of the Burnside cheese factory and creamery occurred on Friday, Feb. 10, in the drying compartment of the structure, with Angus McEwen, vice-president, in the chair. Wm. Uglow, secretary-treasurer, read a very satisfactory statement, showing the prosperity of the concern. Wm. P. Dundass read the auditors' financial report. Richard Venning, of Mosley, was chosen to preside, after the preparatory business had been disposed of. Wm. Dundass was elected secretary pro tem. Wm. C. Court, proprietor of the cheese factory, gave an account of the manufacture of cheese and butter. He proposed to make cheese for \$1 per cwt., and butter for 3½ cents per lb., when delivered at factory. Frank Boyes, cheesemaker, addressed the gathering on the matter of using turnips as fodder for dairy cows. J. C. Simister, cheese magnate, of Ingersoll, gave an inspiring address. George Brodie, cheese maker of Gladstone, gave pointers along the line of discriminating butter fat. The patrons deprecated allegiance to a board of directors. The services of an inspector are to be obtained to conserve the integrity of the patrons. Wm. Uglow was elected secretary-treasurer, salary \$60. Wm. P. Dundass was chosen auditor, remuneration \$25 for the season. Frank Boyes was elected salesman, salary \$50.

The output of the cheese department is as follows: Milk received, 3,167, 584 lbs.; converted into cheese, 232,040 lbs.; receipts, \$2,498 50; disbursements to patrons, \$19,623 40; paid for manufacture, \$2,820 58; insurance, \$21 20; disbursements, for inspector, \$15 13; audit, or, \$25; average price, \$7 97, averaging pounds of milk to make a pound of cheese 11.22; paid patrons, per 100 lbs. milk, 61.9.
