JUDGING OF HORSES, CATTLE AND DOGS DRAWS CROWDS

Some of the Finest Animals Ever Exhibited Here Are in Competition This Year—Come From Far and Near.

Hundreds of farmers and people interested in agriculture visited the Western Fair this morning and eagerly thronged the exhibition buildings devoted to live stock, fruit and flowers, poultry, dairy, dogs and the pure food show in the process building. Great interest was taken in the judging of the horse stock and fruit and flowers continued from yesterday, during the forenoon and half the dog show, which started at noon.

The judging of the Clydesdale class of horses in the arena inside of the race track attracted a large number of horse fanciers. Their attention was well occupied until noon, the day praising of several other classes followed that of the heavy registered animals. These classes were standard bred, carriage and coach, English sires, heavy draught horses, and the one kind of police horse. This afternoon the judges will be busy with the thoroughbreds, hackneys, Percherons and agricultural horses.

In the cattle exhibition ring, judging of the Hereford, Aberdeen Angus, fat cattle, pure bred, grade or cross, Ayrshires, Holstein-Friesians and the grade dairy cattle was commenced. Western Ontario's best cattle and several from the United States were led into the ring, and they presented such a beautiful appearance that the eyes of every cattle raiser in attendance must have turned green with envy. There has not been such a splendid exhibition of live stock, according to the judges, for many years.

High grade cattle in such large numbers make the task of judging a long and very arduous one. Then in addition, the judging of the swine and sheep entries was continued today so it is problematical whether or not the judging of all animals will be completed today.

Dogs Are Popular.
A noisy mixture of loud barks and yelps, incessant pleading or scared whines, attracted many people to the dog show building when it was opened to the public this morning. The building proved to be a centre of interest, especially to the ladies and children, for splendid specimens of every size, color and breed are being exhibited by fifty-five residents of the city, and many from Western Ontario, Detroit, Port Huron and several places long and away as Leithbridge, Alberta. There are bloodhounds, magnificent great danes, and Russian wolfhounds, American foxhounds, pointers, English and Irish setters, cocker spaniels, beagles, collies and Dalmatians. Next in order are the bulldogs, Alfrede terriers, bull terriers, French bulldogs and Boston terriers; there are smooth and wire-haired foxterriers, Irish, Scotch, White West Highland, Yorkshire, Manchester and Maltese terriers. In smaller cages are shown the poodles, Pekinese spaniels and Pomeranians.

The dog show building was visited by the judges at 1 o'clock this afternoon.

JEWIS TO CELEBRATE THEIR NEW YEAR

CITY, SEPTEMBER 25

Occasion Begins Ten Days of Penitence.

On Thursday, September 25, the Jews of this city, placed in other parts of the world, will celebrate the festival of the New Year, or as called by the Jews, the festival of Rosh Hashana. Religious services will be held ushering in the year 5680 of the Jewish world. This morning is proclaimed a holiday, the day commencing at sunset on Wednesday evening, September 24, and lasting until sunset the next day. Orthodox Jews, however, always observe two days at this festival.

The New Year is the beginning of the most sacred of Jewish holidays. It is the first of ten days of penitence, culminating in the Day of Atonement. On New Year's day worshippers at the religious service recall to mind the misdeeds of the past year with a view to consecrating themselves to a nobler life in the years to come.

Outside of the usual service held on this day the Jews of the city have not yet planned other celebrations, but they expect to make arrangements before the week of September 25.

Sweet Strains On Violin Produce An Unfortunate Result

Assault Alleged To Have Followed and Court Hears Case.

Some music is said to have a soothing effect, while other—well—as a result of Fred Haxco, a Russian, playing a few alleged melodies on his fiddle on Sunday, he was choked on the fiddle and a countryman, Samuel Soskov took a hurried trip to Victoria Hospital. The police here were so badly shocked that they were still holding the wounded parts when he arrived in police court this morning.

Fred, who has been charged with assaulting Soskov, declared that his opponent struck him first. Annie Haxco, his wife, has also been charged with assault. On the advice of their counsel, C. N. Weekes, both pleaded not guilty. On producing \$250 in cash as bail they were allowed to go until Thursday.

Fred was found guilty of participating in a drinking bout with Mike Belouise, Mike Shanak and Mike Bellows, and was sentenced \$10. Mr. Weekes, defending his client, wondered how the police could tell that each individual man had been drinking. The policemen declared that they smelled the breath of each man immediately before putting him in the police auto.

CAPT. MACAULAY

right until Capt. Hingston, a returned interloper, that night was a guest at the novitiate. Capt. MacAulay also reported that the minister of justice had telephoned him to desire in his search, and also to leave the building. To this Capt. MacAulay replied that he took his instructions from Major Hirsch. Witness replied that was right.

Capt. MacAulay had been told by witness to hold two or three men recognized as defaulters, taken them to a hotel for the night, and bring them before a magistrate in the morning. Ashton telephoned.

General Ashton, a witness later and told him the minister of justice was very angry about it, witness replied: "Nature says, his own son was taken." General Ashton also told witness to tell Capt. MacAulay to desist from further adding pending additional instructions. These instructions were received later. Throughout the whole incident at the Guelph novitiate that night witness was in close touch with Capt. MacAulay. To the best of his knowledge MacAulay carried out the instructions given to him.

To Sir Sam Hughes, witness said it was the practice to arrest men under the military service act if they did not carry their papers.

ENUMERATORS ARE ASKING SUNDAY PAY BUT CLAIM REFUSED

Say They Copied Out Returns That Day.

JUDGE MACBETH TELLS

Wishes "To Make This Thing As Public As Possible."

Unintentionally Judge Talbot Macbeth let the cat out of the bag in county court this morning. He stated that city enumerators were up the lists of voters on the Ontario temperance referendum act, had sent in their returns through Chief Enumerator W. Fitzgerald, for ten days' work, but upon Provincial Auditor McLaughlin drawing the state of affairs at Toronto, payment was held up owing to the fact that the enumerators claimed that they were engaged copying out their returns on the Sabbath.

On payment for Sunday being refused at Toronto, Chief Enumerator Fitzgerald requested that all enumerators be asked to copy out their returns on the Sabbath. However, I did not intend to give it to the reporters. There is no possible chance that they would get it right in the papers. All of which costs about \$100,000. Macbeth's expressed idea of reporters.

MANENTI CONTINUES TO EVADE CAPTURE

No Sign Yet of Escaped Prisoner.

Joseph Manenti, the Italian, held on a charge of forgery, who escaped from the county jail here, still at large. The county police are of the opinion that Manenti has not left London, having found shelter with local friends, and consequently they have not telegraphed news of the escape to other Ontario municipalities.

City police officials denied late last night that the escape of J. Manenti had not been reported to them immediately. They are searching for the Italian, who was held without bail, charged with counterfeiting bank notes. Questioned by newspapermen Sunday night, the police announced that as far as they knew Manenti had not escaped from the jail, and that no reported escape had been made to them.

Descriptions of Manenti have been sent broadcast by the local police in the direction of Hamilton where Manenti is known to have had confederates. He was given a court hearing in Hamilton recently in which he was vindicated by witnesses as having been implicated in the hold-up and shooting of three persons near Hamilton before he was arrested on the counterfeiting charge.

GOOD ADVICE FOR NERVOUS PEOPLE

WHAT WORN, FRAZZLED, UNSTRUNG, "JUMPY" NERVES REALLY NEED.

When you are rundown, out of sorts, tired easily, have lost confidence in your ability to do things, and ambition seems to have deserted you, it's a sure sign your nerve force has run down and that your nerves need a stimulant to restore your system its old-time strength and energy, and bring back the good old pep that used to make you famous.

Standard Drug Company and many other of the leading drug stores in London and vicinity, are selling a wonderful nerve remedy called Ferro-Peptone on a positive guarantee of satisfaction or money back. It's amazing how quickly Ferro-Peptone tones up the entire system, calms and steadies the nerves, and puts vim, vigor and vitality into men and women who are faded out, nervous, despondent and ambitionless.

Thousands testify to their remarkable value in cases of severe mental depression, nervous prostration, nervous dyspepsia, trembling, "jumps," "fidgets," and the generally strung nerves that come from excessive work, worry, lack of sleep or overindulgence in drinking, eating, or smoking. They never fail to benefit. If you are blue and feel as though you didn't give a hang, or are cross, irritable, and your nerves are right on edge, get a package of Ferro-Peptone right away. It comes 42 tablets to a box. Eat one with every meal for a few days, and see what a wonderful improvement they make in your whole nervous system.—Adv't.
