LIFE AND LOVE

"Fast this life of mine was dying. Blind already and calm as death; Snowflakes on her bosom lying. Scarcely heaving with the breath."

Love came by and having known her In a dream of faded lands, Gently stooped and laid upon her Mystic charm of holy hands;

Drew his smile across her folded Eyelids, as the swallow dips, Breathed as finely as the cold did, Thru the locking of her lips.

So, when life looked upward, being Warmed and breathed from above, What sight could she have for seeing, Evermore—but only love!

—Mrs. Browning.

Brilliant Canadian Pianist.

There is no doubt but that the young lady students of the different musical schools of Toronto will be glad to welcome Miss Gertrude Huntley, the brilliant young Canadian pianist who created such a furore in Europe, when she appears at Massey Hall on Monday evening, Jan. 25, in conjunction with Madam Blanche Marchesi, the world's greatest interpreter of song. Miss Huntley herself is a mere slip of a girl, and her great success is due to the fact that she decided when she left her home in St. Thomas for Paris to work, work, work until she had reached the highest pinnacle of success, and the flattering press notices which she received everywhere she appeared have prepared her for the work which was not disappointing either to herself or friends. It only shows what every young lady can do if she sets herself out to accomplish the results and also everyone is not gifted with natural talent there are many who are, and it is their own fault if they do not make much of it. Miss Huntley's playing is simply marvellous, and the critics all agree that when she played a piano concerto with Moszkowski it was a most difficult task to tell where one stopped and the other began, so even was their playing.

BIG SCHEME FOR EAST END

A New Harbor, Land Locked, for Ashbridge's Bay—Ald. Church's Plan.

The Riverdale Merchants' Association will meet on Friday night at the Royal Canadian Bicycle Rooms, Broadview-avenue, at 8 o'clock. Ald. T. L. Church and Dominion Government Engineer J. G. Sing, C.E., of Toronto harbor, will deliver addresses on harbor topics and on Ald. Church's proposal to create a new entrance to Toronto harbor via the jetties, where there is 40 feet of water. At the east entrance of Ashbridge's Bay and the lake, he would turn by dredging Ashbridge's Bay into a large canal basin or new harbor, and widen and deepen the "Cut" and the deepening of the east end of Toronto Bay. This would make a good deep harbor 20 feet deep all the way in front of Ward's 1 and 2, and Government Engineer Sing and Harbormaster Postlewaite and Mr. Evans, Dominion Steamboat Inspector, approve of the plan. Docks and elevators could be erected and the east end be an ideal landlocked harbor and vessels and steamers entering the "Cut" could there. Last fall Weddell, Bro., contractors of new western entrance, made ten acres of land in Ashbridge's Bay, with the fine sand taken from the western entrance of the harbor and did a great job. The association will see the good work they did by a personal visit there. This only cost the city about \$1200, whereas Mr. Sing says the made land is worth \$600 per acre. Mr. Church is interesting the Riverdale Men's Association to take the matter up at once and get the city to act in the matter, and have all the work done now, and also have the work of filling in the marsh all done this year and thus complete the work of the harbor.

The city is also wanted to put its No. 3 and new No. 4 dredge at work there and to use all the fine sand they can get from the western entrance, as it is very valuable material for such work. The association are inviting the present board of control and the city engineer and east end aldermen.

Mr. Kelso will also speak on play grounds, and likely Dr. Sheard on isolation hospital.

CONDITIONS IN LIBERIA REACH AN ACUTE STAGE

United States May Send Three Commissioners to Try and Straighten Affairs Out.

WASHINGTON, Jan. 19.—President Roosevelt to-day transmitted to Congress with his approval a letter from Secretary of State Root asking that authority be given for the appointment of a commission of three Americans to go to Liberia and assist that republic in strengthening its hold on the reins of government.

The president's message on the subject is in part as follows:

"I am very earnestly hoping that the recommendations of the government of Liberia under the terms of the situation, confer with the officers of the Liberian Government and with the representatives of other governments actually present in Monrovia and report recommendations as to the specific action on the part of the government of the United States most appropriate to render effective relief to the Republic of Liberia."

The relations of the United States to Liberia are such as to make it an imperative duty for us to do all in our power to help the little republic, which is struggling against such adverse conditions. I very earnestly hope that the action as proposed will be taken."

In his letter to the president Secretary Root states that in June last commissioners from Liberia applied to the United States for a guarantee by that country of the territorial and political integrity of Liberia.

Mr. Root says that the condition of Liberia is really serious.
