

Which End of the Telescope Are You Looking Through

Are you looking through the wrong end?

Don't you see YOUR opportunities?

LOOK THROUGH THE SMALL END! Your chances to "get in right" and make money are just as good as the other fellow's.

You hear of a big land sale. You regretfully realize that YOU could have bought that particular piece of land for perhaps ten dollars per foot, now it's worth a hundred.

That's hind-sight, and most of us have it in largely developed quantities.

YOU have the same opportunity NOW. Are you going to seize it?
