NINE FREIGHT CARS SMASHED IN WRECK

Michigan Central Train Derailed Mile West of Chatham Yesterday Afternoon.

Special to The Toronto World.
 Chatham, July 5. — The worst wreck which has occurred in this district in recent years occurred shortly after 2 o'clock this afternoon when a "High-bald" freight, No. 32, proceeding east from Windsor, on the Michigan Central Railway, was derailed about one mile west of this city. Nine refrigerator cars were smashed to match wood, as the result of a broken journal on one of the cars, which caused the derailment. The derailed cars, which were filled with meat, from Chicago packing houses, entirely blocked both the eastbound and westbound tracks, while three of the cars were thrown into the ditch, plowing up the right of way and scattering the contents in all directions.

The accident occurred as the train was proceeding around a curve, the cars which left the track being in the centre of the train, so that none of the crew, who were on the front and rear of the train, were injured.

The International Limited, which leaves this city at 5.40, was forced to go around by Port Huron as a result of the blockade, which will tie up both lines until late tomorrow, according to the statement of the wrecking crew from Windsor.

JURY FINDS CAUSE OF DEATH WAS BLOW

Verdict Recommends Charge Be Not More Than Manslaughter in Marmora Case.

Special to The Toronto World.
 Belleville, July 5. — At the village of Marmora today, before Mr. Blasonette, coroner, evidence was submitted to a coroner's jury as to the circumstances regarding the death of James Gallagher, the jury returning a verdict to the effect that Gallagher came to his death June 30 whilst performing statute labor on the side line between lots 15 and 16 on the 8th concession of the Township of Marmora, in the County of Hastings, from a blow of a shovel in the hands of Samuel Rogers, not with intent to kill and recommended that the accused be not charged with more than manslaughter.

Edward Storey was the only person present besides the accused and Gallagher when the fatal blow was struck. He swore that he did not see Rogers hit Gallagher, but he heard him fall and saw Rogers hit him twice after he had fallen. The parties had been quarrelling to a considerable extent during the day. The evidence of Doctors Crawford and Thompson, who performed the post-mortem, was to the effect that the skull was severely fractured and the injuries would be fatal.

On the advice of his solicitor, W. D. M. Shorey, the accused did not give evidence. The investigation was held in the town hall, which was filled with spectators.

UNIQUE SCHEME TO MAKE MONTREAL "DRY"

Temperance People Threaten to Invoke Machinery of Quebec Temperance Act.

Montreal, July 5.—Unless the Dominion Government passes federal prohibition legislation temperance organizations in Quebec propose to introduce a scheme whereby Montreal will be rendered "dry" for a year or more. They propose to invoke the machinery created by the Quebec Temperance Act. This measure authorizes the city clerk to take a vote on prohibition upon a petition signed by 30 voters. There are 150,000 voters in Montreal, and allowing one day for each four hundred men would mean 375 days in which the saloons would be closed, or over a year, counting Sundays and holidays.

A vote has to be cast every half hour of the poll will be closed, and the temperance figure it will be easy for them to supply fourteen voters a day for a year, or even two. Every day the poll is open all bars and liquor stores must stay closed. In Hull, where a vote was taken last winter, the bars were closed for two weeks.

A Sunday Trip.

A pleasant ride, with a good dinner in prospect at the Royal Connaught Hotel, makes the Sunday trip to Hamilton a favorite with motorists.

"Maid of the Mist" Captain Retires After Thirty-Two Years

Special to The Toronto World.
 Niagara Falls, Ont., July 5.—Capt. R. F. Carter today announced his retirement as captain of the Maid of the Mist. Capt. Carter has guided the little steambot to the foot of the falls for 32 years and in that time has never had an accident nor has anyone under his charge been injured. During the 32 years he has made 60,000 trips on the little steambot.

WALTER LONG OPENS ONTARIO ADDITION

Colonial Secretary Graces Ceremony at Ontario Military Hospitals Extension.

London, July 5 (via Reuter's Ottawa agency).—Right Hon. Walter Long, colonial secretary, today opened the new extension of the Ontario Military Hospital, the capacity of which is now doubled, with accommodation for 2,500 beds.

Among those present were Sir George Perley, Canadian overseas minister of militia, and the agents general of Ontario, Quebec and Nova Scotia, also General Sir Richard Turner.

In the course of his speech, Mr. Long said that this gift was only more proof of what had been done in similar directions that the world looked on and wondered at the present spectacle of unity of the empire. Things would never be the same after the war, he said. All had felt it was almost inevitable that some such great test as war would come to enable the empire to find itself, so to speak. The test had come and had been surmounted.
