AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well-Known Diseases.

HOW TO GUARD AGAINST THIS TROUBLE

"Fruit-a-tives"—The Wonderful Fruit Medicine—Will Protect You.

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the kidneys and skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes indigestion, loss of appetite and disturbed stomach. It may produce headaches and sleeplessness. It may irritate the kidneys and bring on pain in the back, rheumatism, gout, and rheumatic pains. It is the chief cause of eczema—and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter.

"Fruit-a-tives" will always cure auto-intoxication or self-poisoning—as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.
