my privilege as a member of the House by forwarding to Your Honour copies of pornographic poetry which is now in front of you. My question of privilege is to ask whether, by repeating this particular poetry from my place in the House of Commons, I would be abusing my privilege as a member of the House of Commons. Therefore, I ask Your Honour, would I, as a member of parliament, be offending the House of Commons and my privilege as a member by repeating this kind of garbage in the House of Commons?

**Mr. Speaker:** Order, please. It is not, of course, the kind of judgment that I would make in advance, since I have not seen the documentation to which the hon. member refers. I think his difficulty is that in any case it would not seem to be very relevant to any particular matter before the House at this time.

to Standing Order 75C, I wish to give notice that I shall move, at the next sitting of the House, that three additional days be allocated to the study of the said bill in the committee of the whole.

**Some hon. Members:** Closure.
