GRAEME HUNTER REAPPEARS BEFORE A GLASGOW COURT

Makes a Successful Appeal to Have a Commission Appointed to Take Evidence.

(Canadian Associated Press Cable.)

London, Feb. 19.—Graeme Hunter returned a successful appeal at Glasgow for the appointment of a commission to take evidence in Canada regarding the charge of fraud. The court ruled that the witnesses must be produced in court to tell the story themselves.

During the course of the hearing, the court said it would show that Hunter had made no provision for the hundreds of emigrants, who were left on the streets to do what odd jobs came along.

The minister of the interior was mentioned as one witness for the defence.

At a meeting of the empire league, Lord Derby drew attention to the ignorance of many Englishmen regarding the size of the Dominion, many cases of which came under his notice when governor-general. The late Duke of Cambridge fell into the same error.

An order for the removal of troops from one part of the Dominion to another which Lord Derby thought of sending him was like sending men to London to Khiva. He thought of a study of geography.

Reynolds' newspaper publishes another warning about Canada—this time "A British Workman," regarding British Columbia, who says that thousands of Japanese laborers are imposed on workers in the west for nothing, and take the places of white men. He says truthfully say there are not half a dozen per cent. of able-bodied white men at work at the coast.

ASSASSINATION INVITED.

What the Jap Press Think of Serghin's End.

Tokio, Feb. 19.—Commenting on the assassination of Grand Duke Sergius at Moscow, the Jiji Shimpō expresses its sympathy at his cruel death, but declares the act is attributable to the high-handed manner of the Russian government in suppressing the recent labor demonstrations. The paper says that oppressive measures against expression of national wishes invite such outrages from the oppressed. The war in the far east resulted from the aggressive action of the Russian government, with which the Russian people have little sympathy. The Jiji Shimpō adds: "In one sense Japan is waging a war against the Russian national wishes, arising from oppression by the autocracy, but Japan is fighting the government, not the people of Russia." The paper predicts a better understanding with increased sympathy between the two peoples after war is ended.

HAD MONEY, BUT STARVED.

Philadelphia, Pa., Feb. 19.—A sad case of starvation and exposure which resulted in two deaths has been reported by the police. Yesterday they were called to investigate a mysterious case in Germantown. They found Sarah Smith, aged 62, dead; Benjamin Smith, 70, a brother, dying in a serious condition. There was no fire in the house where they lived, but Benjamin Smith was removed to a hospital, where he died to-night, and the other brother was taken to the almshouse. A strange feature of the case is that the brothers had been penniless for the former one, and a balance was still standing to their credit.

MORE CONFIDENCE IN CANADIAN INVESTMENTS

European Investors More Willing to Spend Money in Canada Since G.T.P. is Assured.

(Canadian Associated Press Cable.)

Montreal, Feb. 19.—(Special.)—Mr. J. H. Dunn, the Montreal stock broker, who returned yesterday from London and the continental money centres, says that the European market for Canadian securities is gradually widening. This is especially the case in Brussels, one of the leading money centres of the old world. A great deal of money, he says, has been made in Brussels out of Canadian Pacific, the holders of which have secured a stock at comparatively low figures, hence the confidence entertained by those investors in Canada and her resources. Then there is a splendid feeling in London, especially since the Grand Trunk decided to stretch a railway across Canada from ocean to ocean. Capitalists and business men naturally feel that if an enterprise of this kind is undertaken, it is a pledge of confidence in the future of Canada, to make the extensive railway to which it is pledged there must be the best reasons for taking an optimistic view of the situation in Canada.

Mr. Dunn, who has been in Britain reorganizing his London office, related that a marked change had come over the British mind as regards Canada
