WORK ON THE G. T. P. IN THIS PROVINCE

Fredericton, Oct. 29—Very substantial progress has been made with the construction work of the National Transcontinental Railway during the past season, and those in touch with the several contractors declare that the fall of 1911 will see the three hundred miles of road between Moncton and the Quebec boundary practically completed and ready for operation.

It is little more than a year since construction work in this province was actually begun, and the transformation brought about within that space of time is remarkable. To construct a railway through a heavily wooded country, such as the line intersects between Moncton and Grand Falls, is no child's play, and the engineers and contractors naturally feel proud of what has been accomplished.

The very highest standard in modern railway construction has been aimed at, and all declare without hesitation that the Transcontinental when completed will be the equal in every respect of the best trunk lines on this continent. Many thousands of men have been employed on the work during the past season, enormous sums of money have been expended for supplies, and a great stimulus has been given to the wholesale and retail trade of the province.

ENDS KIDNEY OR BLADDER MISERY

Backache and All Other Distress From Out-of-order Kidneys Vanish

If you take several doses of Pape's Diuretic, all backache and distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine.

Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder or feel rheumatism pains, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs — and no backache.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

NEW YORK POLITICAL CAMPAIGN WARM

New York, Oct. 29—With U. S. Attorney-General Dickinson bitterly attacking Wm. J. Gayor in behalf of the Republican fusion ticket, argument, redfire and invective were spread pretty nearly over all Greater New York tonight with the municipal election only two working days away. Hundreds of minor mass meetings, at which minor candidates were the drawing cards, were held in the five boroughs, while the respective heads of the three tickets—Independent, Democratic and Republican—were the chief speakers of the larger gatherings.

W. R. Hearst spoke three times on the east side; Wm. J. Gaynor spoke in Brooklyn, and then came to Manhattan, while Otto T. Bannard, beginning in the theatre district, swept down town, then up into Harlem. None of the candidates said anything particularly new, but all confined themselves to summing up their campaign arguments. This is to be repeated tomorrow night and on Monday, while the political discussion will be renewed in the pulpits on Sunday.

Mr. Hearst, keeping up his appeal to the "common people," struck a popular chord tonight by announcing in one of his addresses that if he was elected mayor he would hire a spacious hall where he would appear at stated times to answer the questions of the people and to receive their advice. Leaving this topic he spoke of ballot box stuffing, a subject which, he said, he felt especially competent to touch upon in view of his experiences in 1905 when he was defeated for mayor.

He said tonight that he was prepared to meet attempts to repeat at the coming election.

WIDOW WINS INSURANCE CASE IN TORONTO

Toronto, Oct. 29—The divisional court has unanimously reversed the decision of Judge Snider, of Hamilton, and given judgment in favor of Mrs. Jane Whitehorn against the Canadian Guardian Life Insurance Company for $250 with costs below and in the appeal.

Mrs. Whitehorn's husband, Harry Whitehorn, a water works laborer, was insured in the defendant company. The quarterly premiums of $2.55 were paid in instalments. Harry Whitehorn was killed by a falling tree Nov. 3 last. At that time there was ten cents due on a current policy, and the company refused to pay.

Chancellor Boyd says: "I think a fair reading of the evidence shows that the woman made all reasonable exertions to pay the ten cents, but was frustrated by the action or inaction of the company. Agent Swan was to return for the ten cents; he came when the family was out, though the money was under the butter dish waiting for him. Plaintiff sought out the place where he was supposed to be the next Saturday, before the death of her husband, but did not find the agent, nor could she find out where he had gone.

RAILROAD EXPENSES

(From Freight.)

The cost of many important articles of supply used by the railways has increased more than one hundred per cent. Fuel for locomotives constitutes about eleven per cent of the cost of railway operation. Owing to the increased price of coal during the last ten years, which in some states has amounted to as much as fifty-six per cent, it is asserted that for $1 spent for locomotive fuel, in 1897 for each $17.25 of gross receipts the ratio has declined in 1907 to $1 for locomotive fuel for each $12.03 of gross receipts.

The expense of taxation is shown to have increased from $235.36 a mile of line in 1897 to $353.09 a mile of line in 1907, over fifty per cent. The cost of regulation, both state and national, which is classified akin to taxation, has also added greatly to the expense of the carriers. A conservative computation discloses that the costs due to increases in expenses or reductions in revenue imposed by statutes or by commissions acting under federal and state regulatory laws, costs the railways of the United States approximately $100,000,000 per annum.

MORNING LOCALS

Work of stripping the salmon at Little River was continued yesterday, when 802,000 eggs were secured. The work will be completed by Wednesday next.

Mrs. Whitman, of Canso, (N. S) will deliver an address in the Seamen's Institute on Sunday evening.

Tomorrow will be the eighth annual anniversary of the dedication of the Carleton Methodist church. Mrs. Livingstone will deliver an address tomorrow morning at the services and the pastor will preach in the evening.

MORNING NEWS OVER THE WIRES

It is stated from Montreal that Hugh Allan, president of the newly organized Allan Line Co., will reside in Glasgow and look after the firm's interests on that side while Andrew Allan will look after the Montreal end.

L. B. C. Phair, of Fredericton, it is announced, has decided to dispose of his speedy grey mare, Cecil Mack, 2.22 1-4.

Stephen Bishop was sentenced to two years in Dorchester penitentiary at the Albert county court yesterday for setting fire to a dwelling house owned by Isaac Prescott, at New Ireland.

At a business meeting of the church Avenue Baptist church, Sussex, last evening it was decided to request Rev. W. F. Alton to reconsider his resignation.

The young Men's Liberal-Conservative Club, of Fredericton, last evening elected honorary presidents—O. S. Crocket, M. P., H. F. McLeod and C. H. Thomas; president, David Richards; first vice-president, Charles McKinnon; second vice-president, Walter Lister; treasurer, Murray Hagerman; secretary, John D. Chase; assistant secretary, Hartley Grass; committee of management: Fred Quartermain, Clarence Mills, Fred McKay, Thomas Niles, Spurden DeLong, Howard Munroe and Edward Segee.

NICKEL TODAY AND MONDAY

This afternoon at the bumper matinee in the Nickel the children will see the great historical war drama, Briton vs. Boer, a most realistic representation of the stubborn struggle of a few years ago in South Africa. This picture created a furore yesterday. There will be three other fine films and two singers. Same big show tonight.

On Monday the Nickel has a remarkably fine bill, a programme bristling with attractive novelties. In the first place John W. Myers, America's premier balladist and song artist, will make his first appearance before a St. John audience in person, though he is already a highly popular vocalist through the medium of phonographic and gramaphone records, for which class of work he has been in constant demand for years. He is popularly known as "the man who made Edison records famous." Mr. Myers sings both afternoon and evening. Another strong magnet will be Mazy Wolf, of New York, "the little girl with the big voice." Miss Wolf is what might be termed a female baritone, singing all her exquisite numbers with a true mannish tone but very acceptably so. She is a dainty little Miss and one would wonder where all the baritone notes came from. Master Georgie Fairbairn will remain for another week. Then there is to be the usual run of exclusively good pictures—and that orchestra.

INTERESTING LECTURE IN OPERA HOUSE TOMORROW

The lecture on Christian Science to be delivered in the Opera House tomorrow at 3 p. m. by Frank H. Leonard, C. S. B., will probably be listened to by the biggest audience ever turned out to hear a lecture on this subject in St. John.

Since becoming a member of the board of lecturers, the First Church of Christ Scientist, in Boston, (Mass.), Mr. Leonard has lectured before thousands throughout the United States and comes to St. John strongly recommended as a fluent and eloquent speaker.

The lecture is given under the auspices of the local Christian Science church.

AT THE OPERA HOUSE

The popularity of the Klark-Urban Company was again shown by the enthusiasm of the large audience at the Opera House last evening. The military drama, 'Way Out West, was presented. Harden Klark in the double role of Steve Grigsby, captain U. S. A., and Sam Grigsby, a twin brother, as usual was the favorite, but was well supported by Miss Mazie Cecil, as the Little General. The specialties last evening, if anything, were better than usual. Frank Clayton was very funny and was enthusiastically applauded. Klark and Hanson presented a very good comedy sketch and kept the audience in roars of laughter. This afternoon, Slaves of Russia will be presented, and tonight The White Caps.
