MT. ALLISON SCHOLARSHIP

Word has been recently received from Mrs. Treble, of Toronto, that she is prepared to grant a scholarship of \$80 to any Mount Allison student at her School of Household Science in Toronto during the year 1907-8. The student must have graduated from the Household Science department at Mount Allison and must be recommended by the appointment by the Ladies' College faculty. The scholarship covers all expenses of tuition.

Last year the scholarship was awarded to Miss Edith Patterson of Sackville, who finished her two year normal course at Sackville in 1906. This was emphasized by the fact that she was employed, during the month of June by the Ontario government to hold Women's Institutes in southern Ontario. Her work consisted in lecturing and demonstrating in connection with some branch of Household Science.

NEW EMPRESS FOR PACIFIC

Another Flyer To Be Added to the C. P. R. Fleet in the Waters of the Orient.

MONTRÉAL, July 22--A new Pacific Empress, larger and faster than any of the C. P. R. steamers on the waters of the Orient, is the latest development of Canadian Pacific enterprise, as announced by Arthur Piers, the manager of the C. P. R. steamship service, who is now here, having crossed the Atlantic by the Empress of Britain.

The plans for the new vessel, which will prove a strong factor in the improvement of the mail service between Great Britain and Japan and China, are now in course of execution and it is likely to be made in construction at an early date. From the fact that the practical determination to build a new steamer for the Pacific has been reached it is assumed that the two present fast steamers, the Empress of Britain and the Empress of Ireland, will remain permanently on the St. Lawrence route.

MONCTON SENSATION

In Connection With Disposal of Treasury Stock of Exhibition Association.

The directors of the Moncton Exhibition Association Company Limited, met on Monday, 22nd inst., when they are alleged to have arranged to divide among themselves and their friends 907 shares of the treasury stock of the company, although they had been requested to allow the other shareholders to subscribe for their pro rata share.

George L. Harris, the largest individual shareholder, after endeavoring to secure what he said he considered justice for himself the minority share holders instructed his solicitors, Weldon & McLean, to put the matter in the equity court.

Accordingly a bill was filed last Saturday, and injunction obtained, restraining the transfer of this stock or the recognition of it as valid. This injunction is being served on those who have the stock.

The affair is causing quite a sensation, as some of Moncton's prominent citizens are included in those named in the injunction. The matter has additional interest in the question coming up before the people on the referendum ordered last winter by the legislature as to the town granting the company a bonus of \$10,000.
