Agent of French Gov't Asks About Stable Accommodations

COUNCIL WILLING TO AID

Contract For Pipe For Lancaster Water Extension Awarded at Cost of \$14,000—May Have to Renew Ancient Water Main in Germain Street

The possibility of upwards of 500 horses being quartered in St. John during the winter months was indicated by a telegram which was laid before the common council at the committee meeting held this morning. The city promised co-operation in providing accommodation, subject to the approval of the exhibition and military authorities.

The tender of the Canada Iron Foundries for cast iron pipe for the Lancaster extensions at \$24.70 a ton, a total of about \$14,000, was recommended for acceptance.

Commissioner Wigmore's recommendation that he be given authority to renew the water main in Germain street, between King and Union, which burst on Wednesday afternoon, was approved.

There was some discussion of further meetings for the public consideration of the assessment report and the arrangements were left to the mayor.

All the members of the council were present.

A telegram from George E. Stacey, French remount station, Ottawa, which was presented to the committee, read as follows:

"French government inspectors are going to Prince Edward Island this month to inspect horses for French army. Please advise me if St. John will co-operate in supplying comfortable stable accommodation for, say, 500 horses, which would be stored there until shipped, and involve expenditure of considerable money for feed and attendance. If suitable horses can be secured in New Brunswick and Nova Scotia, inspectors will be held in these provinces during winter."

The mayor was authorized to reply that sufficient accommodation could be provided in the exhibition cattle sheds, provided this was agreeable to the Exhibition Association and the military authorities, who are in control of the accommodations at the exhibition grounds.

Claim for Injury.

A communication from Weldon & McLean presenting a claim of William Elwert, who was injured while working as a longshoreman on April 12, 1916, on the city's wharf, West St. John, owing to the planking of the wharf giving way, was referred to the city solicitor and the commissioner of harbors and ferries.

The mayor drew attention to a letter which appeared in one of the city papers complaining of the risks arising from public and private garages in wooden buildings. The commissioner of public safety explained the precautions which are being enforced by the fire department.

Commissioner Wigmore asked regarding the status of the exhibition water works that he still is on the city payroll.

Seventy-two Years Old.

Commissioner Wigmore reported on the break in the six-inch water main in Germain street. He had found the pipe in bad condition and wanted authority to replace the main, which was laid seventy-two years ago, with an eight-inch or ten-inch main; that is if he finds it necessary, from King to Union streets. He was unwilling to do the work at this time of the year unless absolutely necessary. He was given authority to lay the new pipe if necessary.

Commissioner McLellan asked about the allotment of benches for the water and was informed by Commissioner Russell that, although he did not allot them to specific lines last year, he intends to do so this year, as the steamers men are very anxious for such an arrangement.

On motion of Commissioner Wigmore, tenders for 4,000 feet of twenty-two and eight-inch cast iron water pipes were opened. The contract was awarded to the Canada Iron Foundries of Montreal and Three Rivers, P. Q., at \$49.70 per ton, f. o. b., West St. John, through their agents, Vroom & Arnold, of this city. The pipe is required for the Lancaster renewals and extensions which the commissioner is anxious to proceed with the work immediately.

Commissioner McLellan reported that the meeting for the discussion of the assessment report last evening was valuable, although not largely attended, and he thought that better advertising would bring larger numbers to further meetings. He urged that another meeting be held at an early date. The matter was left to the mayor to make arrangements.

LOCAL NEWS

MILLIDGEVILLE SCHOOL.
The children of Millidgeville school held a pantry sale in aid of the Belgian children. The sum of \$18.51 was realized.

ENGLISH MAIL.
An English letter mail, also a parcel and newspaper mails will close on Saturday afternoon, November 18; letters at four o'clock, parcels and papers at two o'clock.

VALUABLE PEARL LOST
A pearl worth in the vicinity of \$100 was lost this morning in the union depot by a lady passenger on the Montreal train. The pearl was set in an ear ring. Constable Roberts of the I. C. R., and other officials made a thorough search but were unsuccessful in finding only the gold setting.

The annual missionary institute conducted by the inter-church Federation of Fairville, was continued yesterday and today. The services were held in the Baptist church at Fairville today. This afternoon Rev. H. H. Irish held a home mission study class, subject on China. This evening Rev. H. E. Stillwell will hold a home study on India.

HIS LIFE WAS SAVED BY CHUM

St. John Soldier's Thrilling Experience at Thiepval

PTE. P. PEMBERTON

Wounded by Shell, German Bayonetting Him as Companion Shoots Enemy Soldier Dead—Comrade, in Turn Wounded

Private P. Pemberton, writing to his mother, Mrs. Pemberton of 287 Brussels street, from the military hospital in Nottingham, England, tells of how he was wounded on the Somme front. He also depicts the help and assistance that one comrade gives another under trying circumstances. The letter is as follows:

"Dear Mother, I am able to tell you now as I am in England. It was on the Somme front that I got wounded. We went over to attack the Germans—the third time in two weeks. As we got nearer their trenches the Germans threw bombs at us and we came through a rain of bullets and shells for 500 yards. I think we lost about 450 in that distance.

"Dear Mother, I was just making a rush for their trench when a bomb went off about two yards from me and I was hit in three places. Just then a great big German came out and stuck his bayonet in me and when he was about to finish me for good, my chum put him out of business with a bullet through his head. I was dragged into a shell hole by my chum, he dressed my wound temporarily and was helping me out when he was shot through both legs. He could not walk at all and I could only hop. Somehow I got hold of him and dragged him all the way back with bullets flying all around us. That happened near Thiepval.

"This is a very vague idea of what life is out here. It would take weeks to tell you all. I was in the middle of the one last June at Ypres and we had a hard time of it then, but I had the luck to come through.

Your loving son,
PTE. P. PEMBERTON.

THE TRENCHES ON THE LOCH LOMOND ROAD

It was learned this morning that the land on the Loch Lomond road, use of which has been given for trench work by the soldiers, was granted by His Lordship Bishop LeBlanc.

The military authorities intended to start in this week to get the trenches under way. The work has been postponed owing to the weather. Lieutenant Pierce, the officer who will be in charge of the construction, said this morning that it was not his intention to keep the men in the trenches any length of time during the cold weather, but the idea was to get the men acquainted with them, so that they could look after themselves in the trenches, which is a great thing on active service.

The trench work in the trenches with the 28th Battalion. It was raining hard and it kept raining for three days and three nights. The men knew practically nothing of trench warfare and really did not know just what they could do or would be allowed to do in order to keep the rain off and as a result they stood in the rain for three days, whereas had they known that they were allowed to stretch rubber blankets over the top of the trenches, the sentries especially could have been comfortable. This is only one instance of the training needed. Others are teaching the men to get in and out of the trenches without making too much noise, the changing of sentries and hundreds of little details which will prove very beneficial when the men are in the real trenches.

As soon as the weather permits the men to work in the open the work of digging the trenches will be started.

VISIT COST THEM \$16

The local police court treasury is \$16 richer today than yesterday, owing to the sharpness of one of the officials. In last August two brothers had taken too freely of some fire-water and became noisy and boisterous in the street. They were arrested and each was fined \$16. It was agreed by the court that the two offenders meet the end of justice by paying \$8 each at the time and they were allowed to go on condition that they bring \$8 more on the following Saturday. The following Saturday came, but no money and no sign of the two brothers.

This morning two men strolled into the police court to hear and see what was going on. They were recognized by a court official and asked "to come and take a seat." The circumstances were explained to the magistrate and they were forced to "come across." It was a long time since August to wait for \$16, but "what is not worth waiting for is not worth having."

GOING OVERSEAS AS NURSES

Many in this city and elsewhere in the maritime provinces will be interested to know that Miss Nellie McInerney, a graduate nurse of St. Vincent's Hospital, New York, and Miss Loretta Canning, of Springhill, N. S., a graduate nurse of the General Public Hospital in this city, have received word from Ottawa that their applications have been accepted to serve as nurses at the front. They are to hold themselves in readiness to proceed overseas upon due notice.

Miss McInerney, who is a daughter of Mrs. Geo. V. McInerney, is at present visiting her brother, Judge H. O. McInerney in this city. Both these young ladies will have the best wishes of many in their noble work.

PARTY FOR BELGIAN FUND
A very enjoyable "ten-party" was held at the home of Miss Elsie Turner, Sandy Point Road, on Monday evening. The time was pleasantly passed with whist and other games, and refreshments were served at midnight. During the evening the generous sum of \$9.30 was contributed to the relief fund for the Belgian children. The party broke up after singing the National Anthem.
