ANNUAL SESSION IN TORONTO OPENS

Net Increase in Membership is Reported, While Tre ly Summary Shows Credit Balance—Executive Report Stresses Seriousness of Emigration of Canadian Graduates to the United States

TORONTO, Ont., June 8-Disappointment that business conditions were not fulfilling the expectations entertained earlier in the year, was expressed by J. H. Fortier, Quebec, president of the Canadian Manufacturers' Association, in his annual review of conditions in the Dominion delivered before the annual meeting of

Mr. Fortier stated that during the autumn months and December and January improvement in a number of departments of national activity, was evident, but in February and March a reaction set in, many factories went on short time, and the present outlook for industry and business, while retaining some encouraging factors is not nearly so satisfactory as expected. The report of the treasurer, Thomas

Roden, opened the first business session SURPLUS REPORTED

Mr. Roden reported a net surplus for the year of \$3,409.98. Total membership nees for the year had been \$200,271.50 and cost of operation \$208,242.48, leaving a deficit of \$7,970.88. Against this however, had been sent the profit from "Industrial Canada" of \$2,451.49 profit from the "Canadian Trade Index" of \$2,056.81, and interest from investments of \$6,872.66. Mr. Hodden stated that as far as possible, the association had followed the policy of keeping the total operating expenditure under the income from membership fees. During the past year, this had been all but followed as an examination of expenditures and receipts from fees would show.

The reports of the executive committee was read by J. R. Stirrett, Toronto, general secretary of the association. Paul Joubert, Montreal, presented the report of the membership committee, which was followed by the
