PAPERS ADVANCE IN MONTREAL MARKET

Laurentide and Spanish River Climb—Wall Street Prices Irregular.

Montreal, Nov. 25—Strength in two paper issues, Laurentide and Spanish River were features of the early trading today on the local stock market. The former advanced a point to 8¼ and the latter three-quarters to 104¼. Other price changes were Detroit Railway, down a half to 30; Montreal Power up an eighth to 108¼; Spanish River Pfd up a quarter to 118¼. Twenty-five shares of Montreal Tram sold at 178, the last sale being at 173¼. Other leaders quiet.

In Wall Street.

New York, Nov. 25—Stock prices moved within narrow and irregular limits at the opening of today's market. Texas Gulf Sulphur advanced 1¼ points to a new year's high and large fractional gains were recorded by American Sugar Refining, Mack Trucks and Studebaker. Rock Island, U. S. Steel Common and Central Leather were heavy.

MARKET VALUE OF STOCKS UP BILLIONS

Estimate of Gain Since the Election—Last Week Nearly Record.

It is estimated that since the election, says the New York Times, the market value of securities has appreciated between three billion and four billion dollars. Stories of the winning of fortunes continue to circulate and increase. Wealthy individuals who are always in the market have benefited materially. Probably the largest paper profits have been made by the bankers who, during the summer bought cheap railroad stocks. Until the public came into the market it was guided by constructive banking and pool operation. Outside public participation, which has increased from 100 to 300 per cent., according to the brokerage offices, since the election, has brought about many changes in plans, and selling prices have been revised all along the line.

The turn-over of stocks last week totalled 12,079,389 shares, which has been exceeded but once in the history of the Exchange. This was in the week of May 4, 1901—23 years ago—when a boom in stocks just preceded the panic week of May 11, 1901. All other records, even those established in the tremendous markets of 1907, and the boom of 1916, as well as 1920, were outrun in last week's volume of business.

In the sixteen market days since the election the total turn-over of stocks on the Exchange has reached the total of 30,797,421, and stocks as a whole—that is the average of 66 representative issues—have gained 6.22

Current Events.

New York, Nov. 25—Treasury officials expect no immediate change in federal reserve discount rate.

Shell Company of California completes 4,400 barrel well in Los Angeles basin.

Chicago Northwestern orders 3,000 freight cars, including 1,000 from Pressed Steel and 700 from American Car and Foundry.

Canadian Pacific, third week November, decrease $666,000. From January 1 decrease $8,119,000.

Lehigh Valley quarter ended Sept. 30, surplus $2,606,663, after taxes and charges, against $1,548,210 in third quarter 1923.

Yellow Taxicab plans reduction in rates Dec. 1.

Montreal, Nov. 25—Among developments in the newspaper field is the definite announcement that Abitibi will soon have its 250,000 shares listed at New York.

BROKERS' OPINIONS

New York, Nov. 25—Hornblower:—"We expect an announcement will be made to the effect that Rock Island has been taken over by the Southern Pacific on the basis of two R. I. for one So. Pacific. The general market is likely to be called upon to meet another selling test before midweek. For the time being, therefore, continue to follow special issues, oils and coppers."

Block Maloney:—"Do not think the market will run away, but on all drives you can still buy the leaders."

Houseman & Co.:—"There are indications that long standing short interest in the independent steels is not as comfortable as it was, and CRU, Inland Steel and GST. are suggested as trading purchases.

Clark Childs:—"The holiday this week should not be much of a deterrent factor in the market for just about that time there will be a rush of October railroad reports."

Morning Stock Letter

(From McDougall & Cowans.)

New York, Nov. 25—The market has seemingly been in a reactionary position since Thursday. Instead of there being a general decline however, there has been a switching from one stock to another and from one group to another which has resulted in a backing and filling market. Whether such is sufficient to act as a reaction is a question. Looks as though it would be, for there seems a very good demand for stocks on any set-backs. At any rate there are no signs that this market is over and we expect higher prices in the next few weeks. Steel stocks are about due for another advance, owing to improving trade conditions. U. S. Steel should be the leader and among the independents, Sloss and G. S. T. still seem best, although Inland seems in good shape. U. S. Rubber, Goodrich, Kelly and Goodyear Pfd are showing ability to recover. Oils and coppers are still behind the market. Profit taking is quite heavy in the rails and may continue for a time. Rock Island lost three points of its gain and may sag off another point or so where it should be bought. PW., U. P., N. P., S. P., S. R., Cen. and NOX should go higher.

'PRENTICE BOYS' ACTIVITIES.

At a meeting of King Edward Lodge, No. 30, 'Prentice Boys, last evening three candidates presented themselves for the mysteries of the first degree and five for the Crimson. It was decided that District Deputy Grand Master William Price pay a fraternal visit to Union Jack Lodge, No. 35, on next Monday evening and he will be accompanied by officers and members of King Edward Lodge. It was announced that the receipts of a recent bridge and dance held for the benefit of the Protestant orphanage were $75 and this sum will be handed to the orphanage treasurer. It was also planned to have an evening of cards for the members of No. 30 on next Tuesday in the lodge rooms.

HEBREWS FORM SOCIETY AND WILL STUDY POLITICS

Quebec, Nov. 25.—With a capital of about $19,000 and head office in Montreal, incorporation of the Hebrew Liberal Political Association of Montreal, Incorporated, is announced. In addition to the study of political questions of the day, the promoters state that they will seek the privileges generally given to clubs.

Incorporation of "The Montreal Chinese Young Men's Christian Institute" also is announced. The object is to described as follows: "To seek to unite those young men, who, regarding Jesus Christ as their God and Savior, according to the Holy Scriptures, desire to be His disciples in their doctrine and in their life, and to associate their efforts for the extension of His kingdom among young men." Capital is set at $50,000."

$100,000,000 LOAN OVER-SUBSCRIBED

(Canadian Press Despatch.)

New York, Nov. 24—The $100,000,000 loan to the Republic of France, offered here today through J. P. Morgan and Company, was from three to four times over-subscribed, bankers estimated tonight.

The distribution of the issue was assured by the response of investigators from all parts of the country. Subscription books were held open for 45 minutes to receive the flow of buying orders, most of which were said to represent purchases for investment rather than for speculation.

Substantial reductions will be made in allotment of the bonds, bankers indicated, although the cuts will not be so drastic as in the case of the United States portion of the German loan, which was more than five times oversubscribed.

The new seven per cent. French bonds commanded a premium in initial dealings on the New York Stock Exchange, selling almost a point above the offering price of 94.

POLICEMAN IS HELD AS SALOON BANDIT

Fourth Member of N. Y. Police Accused of Robbery in Month.

New York, Nov. 25—Ludwig Lavender, a policeman attached to the Long Island City Station, was locked up in the Meserole Avenue Station in Brooklyn as a hold-up man. His arrest was the fourth within a month of a policeman on a robbery charge.

In a line-up of policemen in the Long Island City Station Lavender was picked out by three witnesses as one of the men who had held up a saloon in the Greenpoint section of Brooklyn on Wednesday night, and kidnapped the barkeeper.

POSTAL INSPECTOR FOUND GUILTY IN $2,000,000 ROBBERY

W. J. Fahy and Another are Convicted on 5 Charges in Chicago.

SIX PLEAD GUILTY

Was Sequel to Most Daring Train Hold-up in Recent History.

Chicago, Nov. 25—William J. Fahy, former postal inspector, and James Murray, politician, were found guilty by a federal jury here today on five charges of robbing the mails with a gun, five charges of robbing the mails and one charge of conspiracy to rob the mails, each, in connection with the $2,000,000 Rondout mail robbery.

Walter McComb, chauffeur for Murray, was acquitted.

The verdict was the climax to a week of trials in which six men named as the actual robbers in the indictments pleaded guilty and testified against Fahy, Murray and McComb.

Was Daring Act.

The robbery was one of the most daring in recent years. A Chicago, Milwaukee and St. Paul mail train, carrying currency, bonds and securities valued at millions of dollars, was stopped at Rondout, about 35 miles from Chicago, as it sped toward St. Paul.

Willie Newton, one of four brothers participating in the actual robbery, was shot by Brent Glasscock, another robber, when he was mistaken for a trainman. The other Newtons, Willis, Joe and Jesse, and Herbert Halliday, round out the gang. Most of the loot was received after Glasscock confessed and aided inspectors in searching for it.

ANOTHER HOME BANK MAN IS CONVICTED

C. A. Barnard is Today Found Guilty on Three Separate Charges.

Toronto, Nov. 25—C. A. Barnard, K. C., of Montreal, one of the directors of the defunct Home Bank of Canada, was this morning found guilty on three counts in connection with the collapse of that institution. The charges were, briefly, making false statements to the Government on the bank's condition, unlawfully using such statements and negligently concurring in false returns. Another director, Lieut.-Col. Clarence Smith, is awaiting sentence on convictions regarding the Home Bank case, also two officials of the institution.

Judge Denounces U. S. Magazines

New York, Nov. 25—American children are being taught revolting forms of immorality in the flood of books, magazines, pamphlets, pictures and fugutive prints illegally printed in this country and "bootlegged" from abroad, Justice Ford of the Supreme Court, a member of the Clean Books League, told members of the Deems Literary Society in the hall of Immanuel church, Westerleigh, Staten Island.

"Criminal obscenity is rampant in New York State," the justice said, "because of these publications, offensive to decency and destructive of our children's morals."

Homesick Sailor Boy Is Suicide

New York, Nov. 25.—Homesick and faced with the project of a round-the-world cruise, Otto Rehbollin, a deck boy aboard the United American Line steamship Resolute, in drydock at the foot of Fifty-seventh street, Brooklyn, committed suicide by hanging himself from a stanchion on the top deck of the steamship. Rehbollin's body was discovered by a rigger, who was on his way to work.

House Afire; Baby Saves Deaf Mutes

Middletown, N. Y., Nov. 25.—The awakening of their infant son, Martin, demanding food, probably saved the lives of Mr. and Mrs. Irving Goldsmith, deaf-mutes, whose home was destroyed by fire.

The baby beat his hands upon the mother, who arose to get something to eat. When she went to the kitchen she discovered the blaze, caused by an overheated stove. The couple fled with the child, and the home was consumed. The loss was $12,000.

REAL ESTATE MUST BE WATCHED.

THIRSTY SOLDIERS LOSE THEIR BEER

Ottawa Inspector Seizes 56 Dozen Bottles at Armory Door.

Ottawa, Nov. 25—Many a thirst will go unslaked at the next parade of the 38th Battalion as a result of the seizure of 56 dozen bottles of beer at the entrance of the Armories by Liquor Inspector A. G. Sykes. The liquor, which had been brought from Hull, on a horsedrawn dray, was seized by Inspector Sykes and deposited in the Provincial Liquor Dispensary on Kent street.

James Kempffer, the driver of the dray, was arrested and lodged in jail, charged with transporting liquor on a highway, in contravention of the O. T. A. He declared he was only the driver of the dray.

The beer was assigned to a sergeant of the 38th Highlanders, according to Liquor Inspector Howard Graham, who said that the arrest and seizure were the result of a number of complaints received by the police from women who declared that their husbands returned from parade under the influence of liquor. A watch had been kept on the Armories for some time.

This is the first seizure and arrest at the Armories since the O. T. A. plebiscite last month, and is in line with the declaration of the attorney general that the O. T. A. will be rigidly enforced.

Boy Kills Uncle To Save Family

Portland, Pa., Nov. 25—Emanuel Devivo, 16 years old, a high school sophomore, was detained in the juvenile home at Easton, Pa., in connection with the killing of his uncle, Richard Vanderhyden, 36 years old. Vanderhyden and his wife lived with the parents of Devivo here.

According to the story told the police by the boy, Vanderhyden had been drinking and became quarrelsome, threatening to kill the whole family with a knife. While his father was struggling with Vanderhyden for possession of the knife, the boy warned his uncle to desist and when he failed to do so young Devivo shot him with a deer rifle.

Vanderhyden died in an Easton hospital.

Banker Sentenced To Work on Roads

Wilmington, N. C., Nov. 25—Thomas E. Cooper, former president of the broken Liberty Savings Bank of this city, has been sentenced to serve eight years on the county roads after his conviction of violating the state banking laws by making excessive loans when the reserve of the bank was below par.

J. C. Rourk, former cashier of the bank, indicted jointly with Cooper, was found guilty.

Cooper filed notice of an appeal to the Supreme Court, and Judge Grady fixed his bond at $25,000 pending the appeal. He is a brother of W. B. Cooper, Lieutenant-Governor of North Carolina.

Fish Bites Off Arm; Bather Soon Dies

San Juan, Porto Rico, Nov. 25.—W. Russell Winslow of Carthage, Ind., Professor at the University of Porto Rico, died a few hours after having been attacked, while sea bathing, by a fish which bit off one of his arms.

Professor Winslow was rescued by John Harradine of New York, a former aviator, who, with two others, subsequently gave his blood for a transfusion operation in an unsuccessful attempt to save the educator's life.

NOTED METHODIST PREACHER IS DEAD

Dr. J. Henderson Held Pastorates in Largest Churches of Dominion.

An outstanding figure in the religious life of the Dominion during the last half century passed away in the person of Rev. James Henderson, D.D., pastor emeritus of St. James Methodist Church, whose death took place on Saturday night at 7 o'clock at his residence, in Westmount, Montreal, after an illness of several years.

Coming to Canada in 1870 at the age of 21, Dr. Henderson soon rose to prominence in the Methodist ministry. His rare combination of commanding eloquence with brilliant intellectual gifts and broad religious views, says the Montreal Gazette, drew to his church wherever he preached the cultured and the unlearned, the rich and the poor, the advanced thinker and the strictly orthodox. In the course of a long pastorate, he occupied the pulpit in the leading Methodist churches of Montreal, Ottawa and Toronto, and was approached by Madison Avenue Presbyterian Church, New York, as well as by churches of his own and other denominations in Detroit, Cleveland and Chicago, but he steadily declined to desert the country of his adoption.

Always a favorite of the public on account of his oratorical gifts, Dr. Henderson was still more endeared to the smaller circle of personal friends whom he charmed and instructed by his unusual talents in conversation. Besides an intimate acquaintance with the world of books he had gained a knowledge of men in all ways of society, and was the close friend of many of the leaders in the public life of his country.

Dr. Henderson was born at Airdrie, Scotland, on March 1, 1849, the second of four sons of John Henderson and Barbara Gray. He early became a student and after a long day's toil in the ironworks would return home to his reading, until weariness overcame him.

Wild Goose, Bagged, Had Traveled Far

Kingsville, Ont., Nov. 25—Some idea of the traveling propensities of the Canadian goose can be measured by the fact that a 12-pounder of this species has been brought down by a duck shooter near Lafayette, North Carolina. The bird wore an aluminum tag bearing a biblical text and the address of Jack Miner, whose sanctuary for feathered creatures is located near this town. Mr. Miner has been notified of the incident.

WILL COMMAND MAJESTIC.

Captain G. R. Metcalfe began his last voyage as commander of the Homeric on Saturday. He will assume command of the Majestic, the world's largest ship, on the retirement of her present commander, Captain Sir Bertram Hayes, sailing from Southampton December 31

Captain Metcalfe will be succeeded in the Homeric by Captain John Roberts, who has been in command of the Baltic, in the Liverpool service. Captain Roberts came out in the Homeric on her last voyage, as a passenger, to familiarize himself by observation with the handling of the vessel at sea.

A STILL ALARM.

The chemical engine from No. 6 fire station, in West St. John, was called out for a still alarm at 1.15 p. m. yesterday. The alarm had been sent in for a slight fire around the chimney of 300 Guilford street, a house owned by William Cunningham. The fire was quickly extinguished and little damage was done.

ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment in "Fruit-a-tives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P.Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak. The doctor said he could do nothing for me.

In the spring of 1920, I started taking "Fruit-a-tives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-tives" tablet every night.

ESTATE ACTION

The November sittings of the Chancery Court opened here this morning with Mr. Justice White presiding. J. F. H. Teed brought an action to determine whether the grand niece of Mrs. Sarah Elizabeth Barnes took the whole of the real estate owned by Mrs. Barnes at the time of her death or whether cousins or children of deceased cousins were entitled to share in the estate; and if so to have the property sold and the proceeds divided in proportion to the various interests. A. B. Gilbert and J. M. Trueman represented relatives interested in the matter. The evidence was mostly documentary, and the hearing will be continued this afternoon.

PUBLIC NOTICE

In the matter of the application of the City of Saint John, by its Mayor, Frank L. Potts, filed September 19th, 1924, with the Board of Commissioners of Public Utilities for the Province of New Brunswick, praying that the rates filed by The New Brunswick Power Company, granting a reduction in the price of gas for domestic and commercial purposes of fifteen cents per thousand cubic feet, effective from the first day of July 1924, to customers of the said Company who are using the combined electric and gas service of the said Company exclusively in the same premises, but such reduction has not been made applicable, and is not applicable to any other persons, may be declared to be unjustly discriminatory, and that the gas rates, tolls, charges and schedules of the said Company may be reduced, modified or altered so as to remove such unjust discrimination.

And upon hearing Dr. J. B. M. Baxter, K. C., for the City of Saint John, Dr. Fred R. Taylor, K. C. for the New Brunswick Power Company and Cyrus F. Inches, Esquire, K. C., on behalf of a number of residents and citizens of the City of Saint John, who petitioned that the reduced gas rates as filed by the Company may be declared not to be unjustly discriminatory.

It is ordered that a public hearing with respect to the above matter, be held at the office of the Board of Commissioners of Public Utilities on Prince William Street in this City, at ten-thirty of the clock Wednesday the twenty-sixth day of November at which all persons interested may be present and be heard.

THE BOARD OF COMMISSIONERS OF PUBLIC UTILITIES.
E. S. CARTER,
Clerk.
St. John, N. B., Oct. 22, 1924.

Is Your Product a Logical Christmas Present?

Just what is a Christmas present? The answer is, anything that can be sold through the Christmas gift appeal.

Can the Christmas spirit be hooked up with the selling programme in connection with any of the merchandise which you sell or manufacture?

This is the fourth year, Printers' Ink says, that the Walworth Manufacturing Company has developed special Christmas merchandising plans. for the Walworth Stillson Wrench.

"The following sales record shows what these plans have accomplished:

1st year 100% 3rd year 600%
2nd year 250% 4th year 800%

"These figures constitute a remarkable example of how proper advertising, merchandising and selling work, supported by a sound idea, can bring a product into the Christmas class and cause its sales to jump ahead by leaps and bounds.

"A Stillson wrench was not regarded as a logical Christmas item until the idea of promoting it at Christmas was conceived.

"But once the suggestion was made and plans started to put it in operation, the practicality of getting new items into Santa Claus' pack was consistently demonstrated."

It is time right now, Mr. Merchant and Mr. Manufacturer, to be planning your Christmas drive. Do not limit your Christmas advertising to the more obvious things. Christmas is the time when all pocketbooks are open wide. It is the great buying season of the year. Let the spirit of the season, build more sales for you on more different lines of goods.

Advertising in this newspaper will help.
