DEADLOCK OVER
CHURCH FINANCE

Methodist Committee Agrees
on Budget Principle, But
Leaves Working Out to
Conference.

Toronto, Oct. 10.—Urged to action on the one hand by criticism, which denounces things as they are, and on the other, that any change would be detrimental to the interests of the church, a special departmental committee appointed by the Methodist conference after endorsing in principle the budget system of church financing, has given up the task of coming to an agreement on any detailed plan by which such a system could be put in operation.

Yesterday the committee concluded a three day discussion by voting to refer a proposed budgeting plan to the conference, without recommendation. This step was taken, it is said, as the one way out of what was practically a deadlock. It means that the whole question of church financing and its relation to the church departments will come up on the floor of the conference for a debate.

The report of the treasurer, A. A. McIntyre, showed a balance on the right side of the ledger.

Among those arriving in the city for the convention were: H. E. Beck, J. W. Scott, F. Parker Gimmner, R. W. Gimmner, M. P. R. Major McLean and W. E. Beauregard of St. Stephen; and W. L. McLean and A. B. Winchester of North Head, Grand Manan.

The eighth annual convention of the Retail Merchants' Association of Canada, Incorporated, held its initial session this afternoon in the assembly hall of the New Brunswick Telephone Company, Chatham Hill. There was a good attendance of delegates and everything augurs well for the success of the gathering. The hall has been handsomely decorated for the occasion and presents a very attractive appearance.

At 2:30 the meeting was called to order by the president, W. G. DeWolf, St. Stephen, and addresses of welcome were delivered by Mayor McLellan, W. F. Burditt, president of the St. John Board of Trade; and H. A. Macaulay, president of the Retail Merchants' Association. Following this there were replies to the addresses by visiting delegates. The addresses of the provincial president, secretary and treasurer were given and some others heard.

W. G. DeWolf in his address as president paid a high tribute to the services of the executive officers and especially to the work of Miss F. P. Alward, the provincial secretary, who, he said, had been untiring in her efforts to further the best interests of the association. He spoke very optimistically of the future of the association and of the general business prospects. He referred to a large corner, two miles north of Cape North on Thursday afternoon at 2 o'clock, is reported. Joseph R. MacNeil, one of the men witnesses of the sinking, declared he could not be mistaken. It is believed possible in some quarters that the steamer was an English coal carrier.

GILLET'S
LYE

Comparatively few people realize to what extent Gillett's Lye can be used to advantage in every home. For instance, with one can of Gillett's Lye and five or six pounds of lard or grease, ten pounds of good hard soap can be made. Use one tablespoon Gillett's Lye in gallon of water for cleaning and disinfecting refrigerators, sinks, garbage cans, tiled floors, baths and toilets.

Useful for over 500 purposes.

Later On.

New York, Oct. 10.—(10:30)—Heavy buying of oil shares, steel and equipment, several of which were pushed up to new high records for the year, featured today's stock market. Steel Springs, each of which was down a point. Most of the other losses were fractional.

New York, Oct. 10. (noon)—The violence of the rise in oil prices, stocks and a higher ruling rate for call money induced heavy profit taking and this together with the belief in some quarters that the recent extensive advance had placed the market in a weakened technical position, caused an abrupt decline around the end of the first hour. Liquidation of Brooklyn Rapid Transit stock on rumors of a re-organization somewhat similar to that of the Interborough, the common dropping 3/4 and the certificates 4, and mean that the price of the stock is now being sold at 62-1/2.

The only other paper issue to change hands was Empire Steel stocks continued strong. The common selling unchanged at 141-1/2.

Burned in Ruins of Church

Toronto, Oct. 10.—Robert Fennell, secretary of the Red Cross Relief Committee, which went from Toronto to North Bay when word of the disaster was received, returned to Toronto yesterday. He said the death toll would total forty-one, the homeless 8,000, and the lost between \$7,000,000 and \$8,000,000.

Cobalt, Ont., Oct. 10.—O. J. Thorpe of Cobalt, in telling of his escape from the fires, said: "I just packed my wife and family of seven children into my hearse and away we went." He said it was the sixth time he had been burned out.

Toronto, Oct. 10.—Ganton Scott, right wing of last year's Junior Aura Lee O. H. team yesterday signed to play for St. Patrick's this winter in the N. H. L. Scott is a Sudbury boy. The signing of Scott is a change in the policy of St. Pats, and henceforth they will go after junior players. If St. Pats now put through the trade of Cameron for Lalonde, there is no doubt but "Newsy" could be of great assistance in helping develop the junior players.

DOES NOT LOOK
LIKE RACE TODAY
Halifax, N. S., Oct. 10.—The sailing committee, because of conditions, decided to extend the starting time limit today to noon, and the four contestants were sent away at that hour with a very light breeze from the southwest and heavy banks of fog outside the harbor. It seemed like a forlorn hope for the success of the race. Bluenose, Canada and Mahaska, on port tack, crossed the line in the order named, while the Smith was a quarter of a mile in the rear. The wind was barely enough to give steerage-way. From the press boat it appeared that the Bluenose beat the gun across the line.
